By the Chief, Audio Division, Media Bureau:

**I. INTRODUCTION**

1. The Media Bureau (“Bureau”) has before it the captioned application of Calvary Chapel of the Redwoods (the “Licensee”) for renewal of its license for Low Power FM Station KRDW-LP, Smith River, California (the “Station”). In this *Memorandum Opinion and Order and Notice of Apparent Liability for Forfeiture* (“NAL”) issued pursuant to Sections 309(k) and 503(b) of the Communications Act of 1934, as amended (the “Act”), and Section 1.80 of the Commission’s Rules (the “Rules”),<sup>1</sup> by authority delegated to the Bureau under Section 0.283 of the Rules,<sup>2</sup> we find that the Licensee apparently willfully violated Section 73.3539 of the Rules,<sup>3</sup> by failing to file a timely license renewal application for the Station, and apparently willfully and repeatedly violated Section 301 of the Act,<sup>4</sup> by continuing Station operations after its license had expired. Based upon our review of the facts and circumstances before us, we conclude that the Licensee is apparently liable for a monetary forfeiture in the amount of five hundred dollars (\$500), and we grant the Station’s license renewal application.

**II. BACKGROUND**

2. Section 73.3539(a) of the Rules requires that applications for renewal of license for broadcast stations must be filed “not later than the first day of the fourth full calendar month prior to the expiration date of the license sought to be renewed.”<sup>5</sup> An application for renewal of KRDW-LP’s license should have been filed by August 1, 2005. No such application was filed, and the Station’s license expired on December 1, 2005. Accordingly, on May 10, 2011, the Bureau notified the Licensee that the Station’s license had expired and that: (1) all authority to operate the Station was terminated; and (2) the

Station's call letters had been deleted from the Commission's data base. The Licensee was advised that any operation of the Station was then unauthorized and must cease immediately.<sup>6</sup> Upon receipt of the *License Expiration Letter*, on May 17, 2011, the Licensee tendered both the subject renewal application and a request for Special Temporary Authorization to continue Station operations pending consideration of the renewal application.<sup>7</sup> Licensee also filed a Petition for Reconsideration of the *License Expiration Letter* on May 19, 2011. The Bureau granted the STA Request on May 18, 2011, and it is due to expire on November 18, 2011.<sup>8</sup> In both the renewal application and the STA Request, the Licensee stated that its failure to file a timely renewal application for the Station was inadvertent.

### III. DISCUSSION

3. *Proposed Forfeiture.* In this case, the Licensee failed to file a timely license renewal application for the Station, as required by Section 73.3539(a) of the Rules. Moreover, Licensee violated Section 301 of the Act by continuing to operate the Station for more than five years after the license had expired on December 1, 2005, before filing the appropriate renewal application and seeking STA to so operate. Licensees are obligated to comply fully with the Rules and the Act, including filing a timely renewal application and maintaining in effect the station's authorization.<sup>9</sup> Here, the Licensee did not do so.

4. This *NAL* is issued pursuant to Section 503(b)(1)(B) of the Act. Under that provision, any person who is determined by the Commission to have failed willfully or repeatedly to comply with any provision of the Act or any rule, regulation, or order issued by the Commission shall be liable to the United States for a forfeiture penalty.<sup>10</sup> Section 312(f)(1) of the Act defines willful as "the conscious and deliberate commission or omission of [any] act, irrespective of any intent to violate" the law.<sup>11</sup> The legislative history to Section 312(f)(1) of the Act clarifies that this definition of willful applies to both Sections 312 and 503(b) of the Act,<sup>12</sup> and the Commission has so interpreted the term in the Section 503(b) context.<sup>13</sup> Section 312(f)(2) of the Act provides that "[t]he term 'repeated,' when used with reference to the commission or omission of any act, means the commission or omission of such act more than once or, if such commission or omission is continuous, for more than one day."<sup>14</sup>

establish a base forfeiture amount of \$3,000 for the failure to file a required form.<sup>15</sup> The guidelines also specify a base forfeiture amount of \$10,000 for construction and/or operation without an instrument of authorization for the service.<sup>16</sup> In determining the appropriate forfeiture amount, we may adjust the base amount upward or downward by considering the factors enumerated in Section 503(b)(2)(D) of the Act, including “the nature, circumstances, extent and gravity of the violation, and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require.”<sup>17</sup>

6. In this case, the Licensee failed to file a timely renewal application and continued Station operations for more than five years after the Station’s license had expired on December 1, 2005, before filing the appropriate renewal application and STA request. Moreover, although the Licensee claims that the failure to file a timely renewal application for the Station was inadvertent, the Commission has held that violations resulting from inadvertent error or failure to become familiar with the FCC’s requirements are willful violations.<sup>18</sup> It has declined to reduce or cancel forfeitures in similar circumstances.<sup>19</sup> Nevertheless, because it had previously been licensed to operate the Station, the latter transgression is not comparable to “pirate” wireless operations, which typically have been subject to forfeitures of approximately \$10,000. Taking into consideration these facts and all of the factors required by Section 503(b)(2)(D) of the Act and the *Forfeiture Policy Statement*, and given the Commission’s recent decisions assessing forfeitures against licensees of “secondary” services,<sup>20</sup> we reduce the proposed forfeiture for violation of Section 73.3539 of the Rules from the \$3,000 base amount to \$250 and reduce the proposed forfeiture for the unauthorized operation from the \$10,000 base amount to \$250. Thus, we propose a forfeiture in the total amount of \$500.<sup>21</sup>

7. *License Renewal Application.* In evaluating an application for license renewal, the Commission’s decision is governed by Section 309(k) of the Act.<sup>22</sup> That section provides that if, upon consideration of the application and pleadings, we find that (1) the station has served the public interest, convenience, and necessity; (2) there have been no serious violations of the Act or the Rules; and (3) there have been no other violations which, taken together, constitute a pattern of abuse, we are to grant

the renewal application.<sup>23</sup> If, however, the licensee fails to meet that standard, the Commission may deny the application – after notice and opportunity for a hearing under Section 309(e) of the Act – or grant the application “on terms and conditions that are appropriate, including a renewal for a term less than the maximum otherwise permitted.”<sup>24</sup>

8. We find that the Licensee’s violations of Section 73.3539 of the Rules and Section 301 of the Act do not constitute “serious violations” warranting designation for evidentiary hearing. Moreover, we find no evidence of violations that, when considered together, evidence a pattern of abuse.<sup>25</sup> Further, we find that the Station served the public interest, convenience, and necessity during the subject license term. We will, therefore, grant the captioned renewal application below.

<sup>25</sup> For example, we do not find here that the Licensee's operation of the Station "was conducted in an exceedingly careless, inept and negligent manner and that the Licensee is either incapable of correcting or unwilling to correct the operating deficiencies." See *Heart of the Black Hills Stations*, Decision, 32 FCC 2d 196, 198 (1971). Nor do we find on the record here that "the number, nature and extent" of the violations indicate that "the Licensee cannot be relied upon to operate [the station] in the future in accordance with the requirements of its licenses and the Commission's Rules." *Id.*, 32 FCC 2d at 200. 13. The Commission will not consider reducing or canceling a forfeiture in response to a claim of inability to pay unless the respondent submits: (1) federal tax returns for the most recent three-year period; (2) financial statements prepared according to generally accepted accounting practices (“GAAP”); or (3) some other reliable and objective documentation that accurately reflects the respondent’s current financial status. Any claim of inability to pay must specifically identify the basis for the claim by reference to the financial documentation submitted.
