COMMENTS INVITED ON APPLICATION OF OPEN RANGE COMMUNICATIONS INC. TO DISCONTINUE INTERCONNECTED VOIP SERVICES

WC Docket No. 11-183
Comp. Pol. File No. 1019

Comments Due: November 17, 2011

On October 6, 2011, **Open Range Communications Inc.** (Open Range or Applicant), located at **6430 S. Fiddler's Green Circle, Suite 500, Greenwood Village, CO 80111**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of a certain interconnected Voice over Internet Protocol (VoIP) service in Alabama, Arkansas, California, Colorado, Delaware, Georgia, Illinois, Indiana, New Jersey, Ohio, Pennsylvania, South Carolina and Wisconsin (Service Areas).¹

Open Range indicates that it currently provides interconnected VoIP service to customers located in its service territory in the Service Areas. Open Range, however, states that it now seeks authority to begin discontinuing its provision of interconnected VoIP service to customer in the Service Areas on or after November 7, 2011, subject to Commission authorization. Open Range maintains that if it discontinues service, customers will still be able to seek substitute service from alternative voice service providers. Open Range indicates that on October 6, 2011, it provided written notification of the proposed discontinuance to all affected customers via U.S. Mail sent to each customer's billing address. Open Range asserts that it would be considered non-dominant with respect to the interconnected VoIP service it plans to discontinue.

In accordance with section 63.71(c) of the Commission's rules, Open Range's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies Open Range that the grant will not be automatically effective. In the application and customer notice, Open Range indicates that it plans to discontinue interconnected VoIP service to all affected customers in the Service Areas on or after November 7, 2011, subject to Commission authorization. Accordingly, pursuant to section 63.71(c) and the terms of Open Range's application and notice, absent further Commission action, Open Range may terminate its provision of interconnected VoIP service in the Service Areas on or after **December 3, 2011**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

¹ The application was subsequently received in the Competition Policy Division of the Wireline Competition Bureau on October 28, 2011.
