**COMMENTS INVITED ON APPLICATION OF
SHENTEL CABLE COMPANY D/B/A SHENTEL TO DISCONTINUE
INTERCONNECTED VOIP SERVICES**

WC Docket No. 11-201
Comp. Pol. File No. 1024

Comments Due: January 3, 2012

On **November 15, 2011**, **Shentel Cable Company d/b/a Shentel** (Shentel or Applicant), located at **P.O. Box 459, Edinburg, VA 22824**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of a certain interconnected Voice over Internet Protocol (VoIP) service in Raleigh County, West Virginia (Service Area).¹

Shentel indicates that it currently provides interconnected VoIP service to residential customers in the Service Area. Shentel explains that its interconnected VoIP service provides local and long distance voice services and ancillary services via a broadband connection. Shentel indicates, however, that it plans to discontinue its provision of this service in the Service Area on January 16, 2012, subject to Commission authorization. Shentel maintains that the planned discontinuance will have minimal impact on the public because there are currently only six residential customers receiving the service, and there are no affected business customers. Shentel emphasizes that the planned discontinuance will not affect other services that Shentel offers to customers in the Service Area, and that it will not affect services offered by Shentel to customers outside of the Service Area. Shentel represents that it notified all affected customers of the planned discontinuance by letters sent via U.S. mail on November 15, 2011. Shentel indicates that it offered to assist customers in finding a new service provider and provided a toll-free number for this purpose in its notification letters. Shentel states that it is non-dominant with respect to the service to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, Shentel's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies Shentel that the grant will not be automatically effective. In the customer notice, Shentel indicates that it plans to discontinue its interconnected VoIP service to all affected customers in the Service Area on January 16, 2012, subject to Commission authorization. Accordingly, pursuant to section 63.71(c) and the terms of Shentel's notice, absent further Commission action, Shentel may cease to provide its interconnected VoIP service to customers in the Service Area on or after **January 16, 2012**. The Commission normally will authorize proposed discontinuances of service unless it is shown that
