Petition for Declaratory Ruling

Grant of Authority

Date of Action: 02/07/2011

Puerto Rico Telephone Company, Inc. (PRTC or "Petitioner") requests a declaratory ruling, under section 310(b)(4) of the Communications Act of 1934, as amended, 47 U.S.C. § 310(b)(4), related to the 700 MHz Band licenses PRTC won in Auction No. 73 to permit the 40.18% indirect equity ownership of PRTC by Mr. Carlos Slim Helu and members of his immediate family (collectively, "Slim Family"). See ULS File No. 0003382234; DA 08-595 (rel. Mar. 20, 2008), amended by Erratum (rel. Mar. 26, 2008).

Petitioner states that an earlier ruling authorized indirect foreign ownership by the Slim Family of PRTC, a holder of certain common carrier radio licenses. See Verizon Communications, Inc. Transferor, and América Móvil, S.A. de C.V., Transferee, WT Docket No. 06-113, Memorandum Opinion and Order and Declaratory Ruling, 22 FCC Rcd 6195 (2007). At that time the Slim Family had a 32.33% equity and 66.21% voting interest in América Móvil S.A. de C.V. (América Móvil), which indirectly wholly owns PRTC. According to the Petitioner, on June 16, 2010 América Móvil issued additional stock that increased the Slim Family's equity holdings from 32.4% to 40.18%. (The stock issuance did not change the Slim Family voting interest in América Móvil.)

PRTC is a wholly-owned subsidiary of Telecomunicaciones de Puerto Rico, Inc. (TELPRI), both of which are organized under the laws of the Commonwealth of Puerto Rico. TELPRI is wholly owned by Tenedora Telpri, S.A. de C.V. (Tenedora), a corporation organized under the laws of Mexico, a World Trade Organization (WTO) Member country. Tenedora in turn is 99.99% owned and controlled by Radiomóvil Dipsa, S.A. de C.V. (Telcel), also a Mexican company. Tenedora is 0.01% owned by Amov IV, S.A. de C.V. (Amov IV). Telcel is 99.99% owned and controlled by Sercotel, S.A. de C.V. (Sercotel). Telcel is 0.01% owned by Amov IV. Sercotel is 99.99% owned and controlled by América Móvil. Sercotel is 0.01% owned by Amov IV. Both Sercotel and América Móvil are corporations organized under the laws of Mexico. Amov IV is a holding company organized under the laws of Mexico, and is 99.99% owned and controlled by Sercotel and 0.01% owned by Telcel. Mr. Carlos Slim Helu and members of his immediate family (all of whom are citizens of Mexico) directly and indirectly hold approximately 40.18% equity and 65.5% voting interests in América Móvil.

Pursuant to the rules and policies established in the Commission's Foreign Participation Order, 12 FCC Rcd 23891 (1997), Order on Reconsideration, 15 FCC Rcd 18158 (2000), we find that the public interest will be served by granting the Petitioner's request. Accordingly we revise the declaratory ruling for PRTC, see 22 FCC Rcd at 6225, to allow the Slim Family to hold a 40.18% indirect equity interest in PRTC and extend it to include the 700 MHz Band licenses PRTC won in Auction No. 73.

We grant the request filed on February 4, 2011 by the Department of Justice (DOJ), including the Federal Bureau of Investigation, with the concurrence of the Department of Homeland Security (DHS), to condition this grant on the compliance of América Móvil with the commitments set forth in the December 15, 2006 Security Agreement between América Móvil, S.A. de C.V., on behalf of itself and the subsidiaries through which it will hold its interest in Telecomunicaciones de Puerto Rico, Inc. (TELPRI), TELPRI, DOJ, and DHS ("Security Agreement"). A copy of the February 4, 2011 letter from Siobhan E. Dupuy, DOJ, to Marlene H. Dortch, FCC, is publicly available and may be viewed on the FCC web-site through the International Bureau Filing System (IBFS) by searching for ISP-PDR-20080103-00009 and accessing "Other filings related to this application" from the Document Viewing area. A copy of the Security Agreement is available at 22 FCC Rcd 6195, 6235.

Grant of this application is without prejudice to any enforcement action by the Commission for non-compliance with the Communications Act of 1934, as amended, or the Commission's rules.

This authorization is without prejudice to the Commission's action in any other related pending proceedings.

Petition for Declaratory Ruling

Grant of Authority

Date of Action: 02/04/2011

Telecom North America Mobile, Inc. ("TNA-Mobile" or "Petitioner") requests a declaratory ruling that its indirect foreign ownership in excess of the 25 percent benchmark set forth in section 310(b)(4) of the Communications Act of 1934, as amended, will serve the public interest. TNA-Mobile filed its petition in connection with its application for the partial assignment of a Broadband Personal Communications Service ("PCS") license. The portion of the licensed geographic service area that would be assigned to TNA-Mobile is defined as Cedar County, Missouri. See ULS File No. 0003932106.

Petitioner states that TNA-Mobile is a Nevada corporation, owned 100 percent by Telecom North America, Inc. (TNA), also a Nevada corporation. According to the petition, TNA is owned by two individuals, as follows: Mr. Johannes Gottschalk, a German citizen (50%), and Mr. Herve R. Andrieu, a French citizen (50%).

Pursuant to the rules and policies established in the Commission's Foreign Participation Order, 12 FCC Rcd 23891 (1997), Order on Reconsideration, 15 FCC Rcd 18158 (2000), we find that the public interest will be served by allowing the indirect foreign ownership of TNA-Mobile in excess of the 25 percent benchmark of section 310(b)(4) of the Act. Specifically, this ruling permits Mr. Gottschalk and Mr. Andrieu to each have a 50 percent indirect ownership of TNA-Mobile.

We grant the Petition to Adopt Conditions to Authorizations and Licenses (Petition) filed in this proceeding on February 3, 2011, by the Department of Justice. Accordingly, we condition this grant on Telecom North America, Inc. abiding by the commitments and undertakings contained in its January 21, 2011 letter to the Assistant Attorney General, National Security Division, U.S. Department of Justice (January 21 2011 Letter). A copy of the Petition and the January 21, 2011 Letter are publicly available and may be viewed on the FCC web-site through the International Bureau Filing System (IBFS) by searching for ISP-PDR-20090820-00007 and accessing "Other filings related to this application" from the Document Viewing area.

Grant of this application is without prejudice to any enforcement action by the Commission for non-compliance with the Communications Act of 1934, as amended, or the Commission's rules.

This authorization is without prejudice to the Commission's action in any other related pending proceedings.

CONDITIONS APPLICABLE TO INTERNATIONAL SECTION 214 AUTHORIZATIONS

(1) These authorizations are subject to the Exclusion List for International Section 214 Authorizations, which identifies restrictions on providing service to particular countries or using particular facilities. The most recent Exclusion List is attached to this Public Notice. The list applies to all U.S. international carriers, including those that have previously received global or limited global Section 214 authority, whether by Public Notice or specific written order. Carriers are advised that the attached Exclusion List is subject to amendment at any time pursuant to the procedures set forth in Streamlining the International Section 214 Authorization Process and Tariff Requirements, IB Docket No. 95-118, 11 FCC Rcd 12884 (1996), para. 18. A copy of the current Exclusion List will be maintained in the FCC Reference and Information Center and will be available at <http://www.fcc.gov/ib/pd/pf/telecomrules.html#exclusionlist>. It also will be attached to each Public Notice that grants international Section 214 authority.

(2) The export of telecommunications services and related payments to countries that are subject to economic sanctions may be restricted. For information concerning current restrictions, call the Office of Foreign Assets Control, U.S. Department of the Treasury, (202) 622-2520.

(3) Carriers shall comply with the requirements of Section 63.11 of the Commission's rules, which requires notification by, and in certain circumstances prior notification by, U.S. carriers acquiring an affiliation with foreign carriers. A carrier that acquires an affiliation with a foreign carrier will be subject to possible reclassification as a dominant carrier on an affiliated route pursuant to the provisions of Section 63.10 of the rules.

(4) Carriers shall comply with the Commission's International Settlements Policy and associated filing requirements contained in Sections 43.51, 64.1001 and 64.1002 of the Commission's Rules, 47 C.F.R. §§ 43.51, 64.1001, 64.1002. The Commission modified these requirements most recently in International Settlements Policy Reform: International Settlement Rates, First Report and Order, FCC 04-53, 19 FCC Rcd 5709 (2004). In addition, any carrier interconnecting private lines to the U.S. public switched network at its switch, including any switch in which the carrier obtains capacity either through lease or otherwise, shall file annually with the Chief, International Bureau, a certified statement containing, on a country-specific basis, the number and type (e.g., 64 kbps circuits) of private lines interconnected in such manner. The Commission will treat the country of origin information as confidential. Carriers need not file their contracts for interconnection unless the Commission specifically requests. Carriers shall file their annual report on February 1 (covering international private lines interconnected during the preceding January 1 to December 31 period) of each year. International private lines to countries which the Commission has exempted from the International Settlements Policy at any time during a particular reporting period are exempt from this requirement. See 47 C.F.R. § 43.51(d). The Commission's list of U.S. international routes that are exempt from the International Settlements Policy may be viewed at http://www.fcc.gov/ib/pd/pf/isp_exempt.html.

(5) Carriers authorized to provide private line service either on a facilities or resale basis are limited to the provision of such private line service only between the United States and those foreign points covered by their referenced applications for Section 214 authority. A carrier may provide switched services over its authorized resold private lines in the circumstances specified in Section 63.23(d) of the rules, 47 C.F.R. § 63.23(d).

(6) A carrier may engage in "switched hubbing" to countries that do not appear on the Commission's list of U.S. international routes that are exempt from the International Settlements Policy, set forth in Section 64.1002, 47 C.F.R. § 64.1002, provided the carrier complies with the requirements of Section 63.17(b) of the rules, 47 C.F.R. § 63.17(b). The Commission's list of U.S. international routes that are exempt from the International Settlements Policy may be viewed at http://www.fcc.gov/ib/pd/pf/isp_exempt.html.

(7) Carriers shall comply with the "No Special Concessions" rule, Section 63.14, 47 C.F.R. § 63.14.

(8) Carriers regulated as dominant for the provision of a particular communications service on a particular route for any reason other than a foreign carrier affiliation under Section 63.10 of the rules shall file tariffs pursuant to Section 203 of the Communications Act, as amended, 47 U.S.C. § 203, and Part 61 of the Commission's Rules, 47 C.F.R. Part 61. Carriers shall not otherwise file tariffs except as permitted by Section 61.19 of the rules, 47 C.F.R. § 61.19. Except as specified in Section 20.15 with respect to commercial mobile radio service providers, carriers regulated as non-dominant, as defined in Section 61.3, and providing detariffed international services pursuant to Section 61.19, must comply with all applicable public disclosure and maintenance of information requirements in Sections 42.10 and 42.11.

(9) Carriers shall file the annual reports of overseas telecommunications traffic required by Section 43.61(a). Carriers shall also file the quarterly reports required by Section 43.61 in the circumstances specified in paragraphs (b) and (c) of

that Section.

(10) Carriers shall file annual reports of circuit status and/or circuit additions in accordance with the requirements set forth in Rules for Filing of International Circuit Status Reports, CC Docket No. 93-157, Report and Order, 10 FCC Rcd 8605 (1995). See 47 C.F.R. § 43.82. See also §§ 63.22(e), 63.23(e). These requirements apply to facilities-based carriers and private line resellers, respectively. See also <http://www.fcc.gov/ib/pd/pf/csmanual.html>.

(11) Carriers should consult Section 63.19 of the rules when contemplating a discontinuance, reduction or impairment of service. Further, the grant of these applications shall not be construed to include authorization for the transmission of money in connection with the services the applicants have been given authority to provide. The transmission of money is not considered to be a common carrier service.

(12) If any carrier is reselling service obtained pursuant to a contract with another carrier, the services obtained by contract shall be made generally available by the underlying carrier to similarly situated customers at the same terms, conditions and rates. 47 U.S.C. § 203.

(13) To the extent the applicant is, or is affiliated with, an incumbent independent local exchange carrier, as those terms are defined in Section 64.1902 of the rules, it shall provide the authorized services in compliance with the requirements of Section 64.1903.

(14) Except as otherwise ordered by the Commission, a carrier authorized here to provide facilities-based service that (i) is classified as dominant under Section 63.10 of the rules for the provision of such service on a particular route and (ii) is affiliated with a carrier that collects settlement payments for terminating U.S. international switched traffic at the foreign end of that route may not provide facilities-based switched service on that route unless the current rates the affiliate charges U.S. international carriers to terminate traffic are at or below the Commission's relevant benchmark adopted in International Settlement Rates, IB Docket No. 96-261, Report and Order, 12 FCC Rcd 19806 (1997). See also Report and Order on Reconsideration and Order Lifting Stay in IB Docket No. 96-261, FCC 99-124 (rel. June 11, 1999). For the purposes of this rule, "affiliated" and "foreign carrier" are defined in Section 63.09.

In addition, the facilities listed shall not be used by U.S. carriers authorized under Section 63.18 of the Commission's Rules unless the carrier's Section 214 authorization specifically lists the facility. Carriers desiring to serve countries or use facilities listed as excluded hereon shall file a separate Section 214 application pursuant to Section 63.18(e)(3) of the Commission's Rules. See 47 C.F.R. § 63.22(c).
