**REPORT AND ORDER  
(Proceeding Terminated)**

**Adopted: February 16, 2011**

**Released: February 18, 2011**

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division issued a Notice of Proposed Rule Making in response to a Petition for Rule Making filed by Kona Coast Radio, LLC (“Petitioner”).<sup>1</sup> The Notice proposes to amend the FM Table of Allotments, Section 73.202(b) of the Commission’s rules, by allotting Channel 296C3 at Kahuku, Hawaii, as a first local service. In this Report and Order, we address the proposal contained in the Notice as well as the following proposals, each of which is mutually exclusive with the allotment of Channel 296C3 at Kahuku: (1) a counterproposal for allotment of FM Channel 296C2 at Kualapuu, Hawaii, as a first local service;<sup>2</sup> and (2) a minor change application for upgrade of the facilities of FM Station KNAN, Nanakuli, Hawaii, from Channel 294C3 to Channel 294C2.<sup>3</sup> For the reasons discussed below, we dismiss Petitioner’s proposal to allot Channel 296C3 at Kahuku, and, instead, we allot Channel 296C2 at Kualapuu and grant the upgrade of FM Station KNAN, Nanakuli, to Channel 294C2.

2. Petitioner filed comments supporting the allotment changes proposed in the Notice. A counterproposal was filed by Kemp Communications, Inc. (“Kemp”). In lieu of the allotment change proposed by Petitioner, Kemp advocates allotting FM Channel 296C2 at Kualapuu, Hawaii, as a first local service. In support of its proposal, Kemp states that Kualapuu is a Census Designated Place with a 2009 population of 2,077 persons, an increase of six percent over the 2000 population. Kemp further states that the United States Postal Service maintains a Post Office in Kualapuu, whose zip code is 96757. Kemp also represents that Kualapuu has its own school, and that there are numerous business establishments located in the community, including several with the word “Kualapuu” in their business names. Concurrently with the filing of its counterproposal, Kemp filed a construction permit for the proposed Kualapuu channel, paid the necessary filing fee, and states that, if the allotment is made, Kemp intends to prosecute its application and, if granted, to construct and operate the proposed station.<sup>4</sup>

3. On August 10, 2009, Big D Consulting, Inc. (“Big D”), filed an application seeking to upgrade FM Station KNAN, Nanakuli, Hawaii, from Channel 294C3 to 294C2.<sup>5</sup> Although Petitioner’s petition for

<sup>5</sup> See n. 3, *supra*.

rule making to allot Channel 296C3 at Kahuku was received by the Media Bureau on July 24, 2009, the petition was not received and stamped in the Office of the Secretary until August 18, 2009, because Petitioner had erroneously directed its petition to “Chief, Audio Division, Allocations Branch, Media Bureau.”

4. The requirement for all filings in FM allotment proceedings is that “[t]he first page and cover sheet of each filing must indicate ‘To: Office of the Secretary,’” and that “[i]ncorrectly addressed filings will be treated as having been filed on the receipt date shown on the official ‘Office of the Secretary’ date stamp.”<sup>6</sup> Reliance upon the official date stamp by the Office of the Secretary is consistent with the Commission’s policy that “[t]he Secretary’s date stamp is authoritative and conclusive,” superseding contrary representations regarding the date that a document was filed.<sup>7</sup> After issuance of the *FM Allotment Public Notice*, we emphasized numerous times that “[t]his processing rule will be strictly followed.”<sup>8</sup> For filings after release of the *FM Allotment Public Notice*, no leniency has been afforded parties who failed to properly address their filings to the Office of the Secretary. We therefore have rejected filings as untimely, where the filings were improperly addressed to the Audio Division and were not received and stamped by the Secretary until after the applicable deadline.<sup>9</sup>

5. Applying our allotment filing requirements, we find that the filing date of Petitioner’s petition for rulemaking is August 18, 2009, the date of its official date stamp by the Office of the Secretary. August 18, 2009, is eight days after Big D submitted its minor change application for FM Station KNAN. The Commission’s rules provide that a petition to amend the Table of Allotments will not be considered if it is filed after the date that a conflicting FM application was filed.<sup>10</sup> Accordingly, under the Commission’s rules, Petitioner’s proposal to allot Channel 296C3 at Kahuku is cut off by Big D’s minor change application to upgrade FM Station KNAN at Nanakuli, and Petitioner’s proposal will not be considered. We therefore grant Big D’s upgrade proposal for FM Station KNAN, and we dismiss the petition for rule making to allot Channel 296C3 at Kahuku.

6. The upgrade of FM Station KNAN is not mutually exclusive with Kemp’s proposal to allot Channel 296C2 at Kualapuu. We find that Kualapuu is a community for allotment purposes, and that the public interest would be served by allotting an FM channel as a first local service at Kualapuu. Because Petitioner’s proposal to allot Channel 296C3 at Kahuku is cut off by the minor change application for KNAN, there is no impediment to allotment of Channel 296C2 at Kualapuu. For that reason, we shall allot Channel 296C2 at Kualapuu, Hawaii, as that community’s first local service. The reference coordinates for FM Channel 296C2 are 21-10-57 NL and 157-13-26 WL, at a site 19.4 km (12 miles) west of Kualapuu.
