**WC Docket No. 11-31**  
**Comp. Pol. File No. 978**

**Comments Due: March 10, 2011**

### **Section 214 Application**

**Applicant: Aztech Communications, LLC**

On **January 25, 2011**, **Aztech Communications, LLC** (Aztech or Applicant), located at **1297 Boundary Cone Rd., Suite F, Mohave Valley, AZ 86440**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services in Arizona.<sup>1</sup> By an amendment filed February 22, 2011, Aztech corrected certain deficiencies in its initial application and updated the record regarding notice to customers. Accordingly, Aztech's application is deemed complete as of February 22, 2011.<sup>2</sup>

Aztech indicates that it currently provides local and long distance services as a reseller and facilities based provider in Mohave County, Arizona (Service Area). Aztech explains, however, that its management has decided to pursue other business interests and dissolve the company in order to exit the industry. Aztech maintains that it plans to discontinue the provision of all affected local and long distance services in the Service Area on February 20, 2011, subject to regulatory approval. Aztech indicates that it originally sent letters to customers dated January 11, 2011 in order to notify them of its plans to discontinue services on February 20, 2011. Aztech asserts that, on February 11, 2011, it later mailed corrected notices in compliance with section 63.71 of the Commission's rules. Aztech states that it is non-dominant with respect to the services it proposes to discontinue.

In accordance with section 63.71(c) of the Commission's rules, Aztech's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies Aztech that the grant will not be automatically effective. In its application and notice to customers, Aztech indicates that it plans to discontinue services on February 20, 2011, subject to

<sup>1</sup> Aztech's application was subsequently received in the Competition Policy Division of the Wireline Competition Bureau on February 3, 2011.

<sup>2</sup> Aztech's application also was determined to be in red light status, but Aztech has since completed payment of outstanding debts in order to clear its red light status.

regulatory approval. Accordingly, pursuant to section 63.71(c) and the terms of Aztech's application and notice, absent further Commission action, Aztech may terminate all affected services in the Service Area on or after **March 26, 2011**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **March 10, 2011**. Such comments should refer to **WC Docket No. 11-31 and Comp. Pol. File No. 978**.
