## **Section 214 Application**

**Applicant: AT&T Inc. on behalf of Illinois Bell Telephone Company d/b/a AT&T Illinois, Indiana Bell Telephone Company, Inc. d/b/a AT&T Indiana, Michigan Bell Telephone Company d/b/a AT&T Michigan, The Ohio Bell Telephone Company d/b/a AT&T Ohio, The Southern New England Telephone Company d/b/a AT&T Connecticut and Wisconsin Bell, Inc. d/b/a AT&T Wisconsin**

On February 16, 2011, AT&T Inc. (AT&T or Applicant) filed an application with the Federal Communications Commission (FCC or Commission) on behalf of its affiliates, **Illinois Bell Telephone Company d/b/a AT&T Illinois, Indiana Bell Telephone Company, Inc. d/b/a AT&T Indiana, Michigan Bell Telephone Company d/b/a AT&T Michigan, The Ohio Bell Telephone Company d/b/a AT&T Ohio, The Southern New England Telephone Company d/b/a AT&T Connecticut and Wisconsin Bell, Inc. d/b/a AT&T Wisconsin** (AT&T Affiliates), located at **2600 Camino Ramon, San Ramon, CA 94583**, requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services throughout the AT&T service territories in Connecticut, Illinois, Indiana, Michigan, Ohio and Wisconsin (collectively Service Areas).<sup>1</sup>

AT&T indicates that the AT&T Affiliates currently offer Digital Video Service (DVS) and Supertrunking Video Service (SVS) in the Service Areas. AT&T explains that DVS is a 45 Mbps premise to premise or premise to POP digital video service. AT&T explains further that SVS is an analog service that provides one-way transport of multiple AM monochrome or color video signals. AT&T states that the AT&T Affiliates offer these services pursuant to the terms of the Ameritech Operating Companies Tariff F.C.C. No. 2 and Southern New England Telephone Company Tariff F.C.C. No. 39.

---

<sup>1</sup> AT&T's application was subsequently received in the Competition Policy Division of the Wireline Competition Bureau on February 17, 2011.

AT&T indicates, however, that the AT&T Affiliates plan to discontinue offering these services to new customers due to lack of demand and the fact that the marketplace currently requires significantly more bandwidth provided on up-to-date technology platforms. AT&T states that the AT&T Affiliates plan to discontinue offering these services to new customers effective May 1, 2011, subject to Commission approval of this application. AT&T clarifies that the services will continue to be provided to existing customers in accordance with the terms of their contract until their contracts expire. AT&T explains that services will continue to be provided on a month-to-month basis for customers without a contract and may be discontinued after May 1, 2010 with 30 days notice, subject to Commission approval of this application. AT&T maintains that the public convenience and necessity will not be adversely affected by the proposed discontinuances because there are competing advanced video transport services in the marketplace including AT&T's Serial Component Video Service, High Definition Video Transport service and Ultravailable Network Service. AT&T asserts that it notified affected customers of the proposed discontinuance by letters mailed via U.S. mail on February 10, 2011. AT&T acknowledges that its application will be processed under the Commission's rules for dominant carriers.

In accordance with section 63.71(c) of the Commission's rules, AT&T's application will be deemed to be granted automatically on the 60th day after the release date of this public notice, unless the Commission notifies AT&T that the grant will not be automatically effective. In the application and notices to customers, AT&T indicates that the AT&T Affiliates plan to discontinue offering DVS and SVS to new customers on May 1, 2011, subject to Commission approval of this application. AT&T further indicates that the AT&T Affiliates plan to discontinue DVS and SVS to existing customers on or after May 1, 2012, subject to Commission approval of this application. Accordingly, pursuant to section 63.71(c) and the terms of AT&T's application and notices, absent further Commission action, the AT&T Affiliates may cease to offer DVS and SVS to new customers in the Service Areas on or after **May 1, 2011**, and may terminate service to existing DVS and SVS customers in the Service Areas on or after May 1, 2012, in accordance with its filed representations. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **April 1, 2011**. Such comments should refer to **WC Docket No. 11-46 and Comp. Pol. File No. 983**.
