## **PLEADING CYCLE ESTABLISHED**

**Petitions to Deny Due: April 18, 2011**

**Oppositions Due: April 28, 2011**

**Replies Due: May 5, 2011**

### **I. INTRODUCTION**

BRH Holdings GP, Ltd. (“BRH” or “Transferor”) and EchoStar Corporation (“EchoStar” or “Transferee,” and together with BRH, the “Applicants”) have filed a series of applications (collectively, the “Application”) pursuant to section 310 of the Communications Act of 1934, as amended (“Communications Act”) and the Commission’s rules,<sup>1</sup> seeking approval to transfer control of Hughes Communications, Inc. (“Hughes Communications”) and its subsidiaries, Hughes Network Systems, LLC (“HNS”) and HNS License Sub, LLC (“HNS Sub”), Commission licensees, to EchoStar.<sup>2</sup>

### **II. THE PARTIES**

#### **A. The Transferor – BRH Holdings GP, Ltd.**

Leon Black, Marc Rowan, and Joshua Harris are the sole stockholders and directors of BRH Holdings GP, Ltd.<sup>3</sup> BRH Holdings Group, Ltd, a U.K. company, indirectly controls

Hughes Communications.<sup>4</sup> Hughes Communications is a company organized under the laws of Delaware. Hughes Communications operates primarily through its wholly owned subsidiary, Hughes Network Systems, LLC (“HNS”), a Delaware limited liability company. HNS operates several businesses including high-speed broadband Internet access, satellite equipment manufacturing and VSAT and other enterprise services. HNS is the direct parent of HNS License Sub, LLC, a Delaware limited liability company which holds earth stations licenses. HNS also owns and operates the SPACEWAY 3 space station, currently a U.S. licensed satellite with a pending application to transfer to operations through its indirect subsidiary Hughes Network Systems, Ltd. (HNS, Ltd.), a U.K. company which would operate the satellite under supervision of the United Kingdom.<sup>5</sup> HNS, Ltd. is also currently building Jupiter 1, which will operate under U.K. supervision and for which the FCC has granted a request for U.S. market access.<sup>6</sup>

#### **B. The Transferee – EchoStar**

EchoStar, a publicly traded company organized under the laws of Nevada, operates both a satellite service business and a digital set-top box business. Currently, EchoStar owns and operates six satellites and leases capacity on five additional satellites.<sup>7</sup> EchoStar has also been granted licenses for five 17/24 GHz Broadcasting Satellite Service satellites and for a Direct Broadcast Satellite (DBS) service satellite to operate at 86.5° W.L. EchoStar licenses are held through wholly owned subsidiaries. EchoStar recently filed applications proposing *pro forma* ownership changes in its subsidiary licensing companies.<sup>8</sup>

EchoStar designs, develops and distributes digital set-top boxes. EchoStar provides digital broadcast operations, primarily to an affiliated company, DISH Network Corporation (DISH). EchoStar provides satellite capacity and engineering services to DISH for the DISH DBS service and is DISH’s sole supplier of digital set-top boxes. Charles Ergen, the Chairman of EchoStar, controls EchoStar through stockholdings which give him a 92.7% voting interest and a 56.4 % of equity interest.<sup>9</sup>

<sup>7</sup> *Id.* at 5-6. EchoStar operates five satellites in the Direct Broadcast Satellite (DBS) service: EchoStar 3 at 61.45° W.L., EchoStar 4 at 77° W.L., EchoStar 6 at 61.65° W.L., EchoStar 8 at 77° W.L. and EchoStar 12 at 61.35 ° W.L.) EchoStar also operates EchoStar 9, a hybrid Ku-/Ka-band FSS satellite, at 121.0° W.L. *Id.* EchoStar 4 and EchoStar 8 operate under Mexican authority while the remaining four space stations operate under U.S. authority. On March 14, 2011, EchoStar filed a request to transfer EchoStar 6 operations to Mexican supervision under a license issued to QuetzSat, S. de R.L. de C.V. See IBFS File No. SAT-T/C-20110314-00054.

### III. THE TRANSACTION

EchoStar proposes to acquire control of Hughes Communications and its subsidiaries through purchasing all outstanding shares in Hughes Communications and assuming Hughes Communications' outstanding debt. The transaction is valued at approximately \$2 billion.<sup>10</sup> The Broadband Acquisition Corporation, an indirect, wholly owned subsidiary of EchoStar organized under the laws of Delaware, will merge with and into Hughes Communications.<sup>11</sup> Hughes Communications will emerge as the surviving corporation and will be an indirect wholly owned subsidiary of EchoStar.<sup>12</sup> HNS will continue to be a wholly owned subsidiary of Hughes Communications and the direct parent of HNS Sub. EchoStar will acquire indirect control over Hughes's FCC licenses and other FCC grants.<sup>13</sup> These include a license to operate SPACEWAY 3 at 94.95° W.L. and a Letter of Intent grant for FSS using the Jupiter 1 space station at the 107.1° W.L. orbital location, 20 earth station licenses and three experimental licenses.

### IV. SECTION 310(D) APPLICATIONS: PART 25- SATELLITE EARTH STATION AND SPACE STATION AUTHORIZATION APPLICATIONS

**V. WAIVER REQUEST FOR PENDING APPLICATIONS**

The Applicants request that the Commission exempt all currently pending applications filed by Hughes and EchoStar from any Commission rule that would require those applications to be re-filed, including Section 25.158(c) of the Commission's rules, which prohibits the transfer of a GSO-like satellite applicant's place in a processing queue.<sup>15</sup> The Applicants argue that the currently pending applications were announced well before the present transaction and that the present transaction serves an independent business purpose and was not entered into for the purpose of merely acquiring the pending applications.<sup>16</sup>

<sup>16</sup> Hughes Narrative at 24.

## VI. EX PARTE STATUS OF THIS PROCEEDING

The Applicants request that the Commission designate the *ex parte* status of this application proceeding as “permit-but-disclose” under the Commission’s rules.<sup>17</sup> The Applicants contend that by so designating this application proceeding, the Commission will facilitate the development of a complete record and that such *ex parte* treatment is consistent with Commission action in similar transactions.<sup>18</sup>

Pursuant to section 1.1200(a) of the Commission’s rules,<sup>19</sup> the Commission may adopt modified or more stringent *ex parte* procedures in particular proceedings if it finds that the public interest so requires. We announce that this proceeding will be governed by permit-but-disclose *ex parte* procedures that are applicable to non-restricted proceedings under section 1.1206 of the Commission’s rules.<sup>20</sup>

We direct parties making oral *ex parte* presentations to the Commission’s statement reemphasizing the public’s responsibility in permit-but-disclose proceedings and are reminded that memoranda summarizing the presentation must contain the presentation’s substance and not merely list the subjects discussed.<sup>21</sup> More than a one- or two-sentence description of the views and arguments presented is generally required.<sup>22</sup> Other rules pertaining to oral and written presentations are set forth in section 1.1206(b) as well.<sup>23</sup> We urge parties to use the Electronic Comment Filing System (ECFS) to file *ex parte* submissions.<sup>24</sup>

## VII. GENERAL INFORMATION

This Application has been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any application if, upon further examination, it is determined to be defective or not in conformance with the Commission’s rules or policies. Final action on this Application will not be taken earlier than thirty-one (31) days following the date of this Public Notice.<sup>25</sup>
