January 11, 2011

**PUBLIC SAFETY AND HOMELAND SECURITY BUREAU APPROVES
REGION 25 (MONTANA) NPSPAC REGIONAL PLANNING COMMITTEE
STREAMLINED AMENDMENT TO REFLECT BAND RECONFIGURATION
IN THE 806-809/851-854 MHZ BAND**

PR Docket No. 92-267

Introduction. By this *Public Notice*, the Public Safety and Homeland Security Bureau (Bureau) approves the National Public Safety Planning Advisory Committee (NPSPAC) streamlined regional plan amendment (Streamlined Amendment) reflecting the new 806-809/851-854 MHz band allotments submitted by the Region 25 (Montana)¹ regional planning committee (RPC).

Background. The *800 MHz Report and Order* and subsequent orders in WT Docket No. 02-55 provide for reconfiguration of the 800 MHz band in order to eliminate harmful interference to public safety operations within the band.² As part of band reconfiguration, in all non-border areas, the former NPSPAC band at 821-824/866-869 MHz has shifted fifteen megahertz lower in the band to 806-809/851-854 MHz, and NPSPAC incumbents are in the process of relocating from the old to the new band. As a consequence of 800 MHz band reconfiguration, all non-border 800 MHz RPCs³ are required to amend their regional plans currently on file with the Commission to reflect the fifteen-megahertz shift in the NPSPAC band from 821-824/866-869 MHz to 806-809/851-854 MHz.

The Commission's policies require the RPCs to prepare and submit regional plans for use of the NPSPAC band in their respective Public Safety Regions.⁴ The RPCs must also update their regional

¹ See Brief Comment from William J. Jameson, Chairman, Region 25 (Montana) 800 MHz Regional Planning Committee to Federal Communications Commission, PR Docket No. 92-267 (filed Apr. 21, 2009) (submitting Amendment without frequency listing); see also Letter from William J. Jameson, Chairman, Region 25 (Montana) 800 MHz Regional Planning Committee to David Furth, Deputy Chief, Public Safety and Homeland Security Bureau, Federal Communications Commission, PR Docket No. 92-267 (filed Aug. 11, 2010) (submitting corrected Streamlined Plan Amendment).

² See Improving Public Safety Communications in the 800 MHz Band, *Report and Order*, *Fifth Report and Order*, *Fourth Memorandum Opinion and Order*, and *Order*, 19 FCC Rcd 14969 (2004) (*800 MHz Report and Order*).

³ RPCs for all NPSPAC regions in Waves 1, 2, and 3, other than Region 19 (New England), must file amendments. NPSPAC Region 19 and all NPSPAC regions in Wave 4 are excluded from this requirement, and RPCs for these regions are not required to submit amended plans at this time. We will provide information on the plan amendment process for these regions at a later date, after the 800 MHz Transition Administrator determines replacement channel assignments for NPSPAC licensees in the U.S. – Canada and U.S. – Mexico border areas.

⁴ See 47 C.F.R. § 90.16 (no assignments will be made in spectrum designated for the Public Safety National Plan until a regional plan for the area has been accepted by the Commission); see also Development and Implementation of a Public Safety National Plan and Amendment of Part 90 to Establish Service Rules and Technical Standards for Use of the 821-824/866-869 MHz Bands by the Public Safety Services, Gen. Docket No. 87-112, *Report and Order*, 3 FCC Rcd 905 (1987) (*National Plan Report and Order*).

plans as needed to conform to changes in the nationwide NPSPAC band plan, and to reflect other changes in the disposition of NPSPAC channels within the region, technical requirements, or procedures for assigning channels.⁵

On February 10, 2009, the Bureau directed RPCs for non-border NPSPAC regions to file amendments to their 800 MHz regional plans by April 13, 2009, to bring them into conformity with the new 800 MHz band plan.⁶ Plan amendments were subject to a streamlined filing and approval procedure provided that they were limited to changes in frequency listings based on the new band plan. Alternatively, RPCs could elect to file amended regional plans by June 10, 2009, that combined rebanding-related changes with other modifications that were not rebanding-related, provided that they notified the Bureau by April 13, 2009 of their intent to do so. On April 21, 2009 Region 25 submitted a defective, late-filed amendment, lacking a frequency listing based on the new band plan. On August 11, 2010, Region 25 resubmitted a complete plan amendment. We accept the revised amendment, but admonish Region 25 for its failure to properly submit the amendment in a timely manner.

Review of the Streamlined and Non-Streamlined Plan Amendments. Streamlined Regional Plan Amendments are limited to shifting channel assignments in the existing plan downward by fifteen megahertz. RPCs were allowed to submit such amendments without obtaining adjacent region concurrence, and were permitted to include administrative updates (*e.g.*, changes to RPC by-laws or membership) in their amendments under this process. The Bureau waived normal public notice and comment procedures for processing the streamlined amendments.

Non-Streamlined Regional Plan Amendments include other substantive modifications to regional plans, *e.g.*, changes to channel allocations within the region, technical parameters, or procedures for assigning channels. RPCs are required to obtain adjacent region concurrence to support such plan amendments prior to filing. After initial review, the Bureau will place non-streamlined amendments on public notice for comment prior to approval.

We have reviewed the Region 25 Streamlined Plan Amendment and conclude, based on the information before us, that it complies with FCC rules and policies. In addition, both verbal and written requests for extensions of time to file plan the Streamlined Amendment after the April 13, 2009 due date, are hereby granted *nunc pro tunc*.

Accordingly, pursuant to Section 4(i) of the Communications Act of 1934, as amended, 47 U.S.C. § 154(i), and Section 1.102(b) of the Commission's rules, 47 C.F.R. § 1.102(b), the Region 25 800 MHz NPSPAC Streamlined Plan Amendments is APPROVED.

This action is taken under delegated authority pursuant to Sections 0.191 and 0.392 of the Commission's rules, 47 C.F.R. §§ 0.191, 0.392.

Action by the Deputy Chief, Policy Division, Public Safety and Homeland Security Bureau.
