Petition for Waiver of Section 54.802(a) of the FCC’s Rules

ORDER

Adopted: March 29, 2011 Released: March 29, 2011

By the Chief, Wireline Competition Bureau:

I. INTRODUCTION

1. In this order, we grant a request by F&B Communications, Inc. f/k/a Farmers’ and Business Men’s Telephone Company (F&B Communications) for a waiver of section 54.802(a) of the Commission’s rules, which sets forth deadlines for eligible telecommunications carriers (ETCs) providing service within an area served by a price cap local exchange carrier (LEC) to file line count data on a quarterly basis with the Universal Service Administrative Company (USAC) to receive certain high-cost universal service support.1 We conclude that F&B Communications has demonstrated that there is good cause to grant the requested waiver. Specifically, F&B Communications promptly filed the required data and has taken steps to ensure future compliance with filing requirements.

II. BACKGROUND

2. Section 254(e) of the Communications Act of 1934, as amended (the Act), provides that “only an eligible telecommunications carrier designated under section 214(e) shall be eligible to receive specific Federal universal service support,”2 and such support shall be used “only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.”3 To implement

this statutory requirement, the Commission has adopted various certification and data filing requirements.\footnote{See, e.g., 47 C.F.R. §§ 54.301(b) and (e)(1) (data filing requirements for Local Switching Support), 54.307 (competitive ETC line count filing requirements for Interstate Common Line Support (ICLS) and other high-cost support), 54.313 (state certification requirements regarding the use of high-cost support by non-rural carriers), 54.314 (state certification requirements regarding the use of high-cost support by rural carriers), 54.802(a) (ETC line count filing requirements for Interstate Access Support (IAS)), 54.809 (carrier certification requirements regarding the use of IAS), 54.903 (data filing requirements for ICLS), 54.904 (carrier certification requirements regarding the use of ICLS).}

3. To receive Interstate Access Support (IAS), an ETC that is providing service within an area served by a price cap local exchange carrier must file certain line count data with USAC on a quarterly basis pursuant to section 54.802(a) of the Commission’s rules.\footnote{47 C.F.R. § 54.802(a).} Specifically, the ETC must submit line count data showing separately the number of residential/single-line business lines and multi-line business lines within its study area on a quarterly basis.\footnote{Id.} Mandatory line count data are due on the last business day of March, June, September, and December of each year.\footnote{Id. at 4.}

4. \textit{F&B Communications’s Petition for Waiver}. On October 13, 2010, F&B Communications requested a waiver of the June 30, 2010, line count filing deadline required by section 54.802(a) of the Commission’s rules.\footnote{Petition at 1; 47 C.F.R. § 54.802(a).} F&B Communications explains that its office manager, who is the sole employee responsible for IAS filings, and the general manager were out of town at a USDA/RUS Broadband Initiative Program post award workshop the week before the filing was due.\footnote{Petition at 2.} The company contends that the absence of two key staff members of a small company of only 826 access lines just before the filing deadline caused it to miss the June 30, 2010 deadline. The data was filed successfully by email on July 13, eight business days later. The company claims that it has never previously missed a deadline and, except for this one late filing, its filings have been sent – and received by USAC – in a timely manner.\footnote{Id.} In addition, F&B Communications states that it has committed to revise its internal procedures to ensure compliance with all future filing deadlines such as having automated calendar reminders, having two people instead of one responsible for filing the quarterly reports, and assigning internal deadline to ensure completeness and on time submission of filings.\footnote{Id. at 4.} The Wireline Competition Bureau sought comment on the petition on October 15, 2010, and on November 15, 2010, the National Telecommunications Cooperative Association (NTCA) filed comments in support of granting this waiver. No comments were filed in opposition to the petition.\footnote{See Comment Sought on the F&B Communications, Inc. f/k/a Farmers’ and Business Men’s Telephone Company. \textit{Petition For Waiver of a Universal Service High-Cost Filing Deadline}, WC Docket No. 08-71, Public Notice, DA 10-1989 (Wireline Comp. Bur. 2010).}
III. DISCUSSION

5. We conclude that F&B Communications has demonstrated that there is good cause to grant the requested waiver. Generally, the Commission’s rules may be waived if good cause is shown. The Commission may exercise its discretion to waive a rule where the particular facts make strict compliance inconsistent with the public interest. In addition, the Commission may take into account considerations of hardship, equity, or more effective implementation of overall policy on an individual basis. Waiver of the Commission’s rules is appropriate only if both (i) special circumstances warrant a deviation from the general rule, and (ii) such deviation will serve the public interest.

6. USAC processes a tremendous amount of data each year. It is, therefore, administratively necessary to require carriers to meet the filing deadlines absent special circumstances. Although our rules require that filings be received by the applicable deadline, we conclude that F&B Communications has demonstrated that, in these special circumstances, there is good cause to waive the filing deadline.

7. Specifically, we conclude that a waiver is warranted because F&B Communications promptly filed the required data. In instances where carriers have filed the required data or certifications shortly after filing deadlines, the Commission has waived its rules. By making the required filing eight business days after the deadline, F&B Communications promptly remedied the problem.

8. F&B Communications states that it has revised its internal measures to ensure that it meets future deadlines. In granting previous waiver requests, we have found that carriers must comply with their commitments to revise their internal procedures to ensure that their filings will be accurately and timely submitted. Similarly, we rely on F&B Communications to fulfill its commitments to adhere to its revised filing procedures.

9. We remind all filers that it is their responsibility to ensure that their complete and accurate filings are timely received in the appropriate places, regardless of the time and method of such filings. Carriers now have many options by which to file, including U.S. Mail, other sources of commercial delivery, facsimile, and e-mail. For instance, any carrier receiving funding from the high-cost universal support mechanism may file timely via e-mail at hefilings@HCLI.universalservice.org. Additional information regarding USAC’s filing procedures and deadlines can be found at http://www.usac.org/hc/tools/filing-tool/default.aspx. We encourage carriers to use any and all methods they deem necessary to ensure that their filings are timely received.
