AUCTION OF FM BROADCAST CONSTRUCTION PERMITS CLOSES

WINNING BIDDERS ANNOUNCED FOR AUCTION 91

Down Payments Due June 7, 2011
Final Payments Due June 21, 2011
FCC Form 301 Due June 30, 2011

I. INTRODUCTION

1. On May 11, 2011, the Federal Communications Commission completed an auction of construction permits in the FM broadcast service. This auction, which was designated Auction 91, raised (in net bids) a total of \$8,537,655, with 66 bidders winning a total of 108 construction permits.

II. AUCTION RESULTS

2. This Public Notice provides detailed information concerning winning bidders, down payments, final payments, refunds, long-form application (FCC Form 301) filing requirements, and licensing matters. Key information appears in the following attachments:

- Attachment A:** “Winning Bids” lists winning bidders and both their total gross and net winning bid amounts.
- Attachment B:** “Bidder Payment/Refund” lists down payments and final payments owed by winning bidders and refunds due, if any.¹
- Attachment C:** “Multi-Auction Withdrawal Payment Report” lists amount(s) or refund(s) due for bidders in Auction 37 and Auction 62 based upon reconciliation of final results of Auction 37, Auction 62, and Auction 91.
- Attachment D:** “Default Payment Report” contains a default payment based upon reconciliation of final results of Auction 62 and Auction 91.

A copy of this Public Notice will be sent via overnight delivery to each qualified bidder.

¹ The amounts listed in Attachment B are based on upfront payments and net winning bids.

III. POST-AUCTION PROCEDURES

A. Down Payments

3. The Commission's rules require that each winning bidder in Auction 91 must have on deposit with the Commission enough funds to cover the down payments on its winning bids within ten business days after the release of this Public Notice, in this case by **6:00 p.m. Eastern Time (ET) on June 7, 2011**.² Specifically, each winning bidder's total deposit must be twenty percent of the aggregate net amount of its winning bids. If a winning bidder's upfront payment is not sufficient to meet this requirement, the winning bidder must deposit additional funds to meet its required down payment.³

4. The amount due from each winning bidder, if any, is set out in the "Additional Amount Due after Upfront Payment Balance Applied Due by June 7, 2011" column of Attachment B. Note that a payment and FCC Remittance Advice Form (FCC Form 159) are necessary only if a winning bidder's upfront payment does not cover the required total down payment (as reflected in Attachment B).

5. A wire transfer(s) for the down payment must be received by the Commission by **6:00 p.m. ET on June 7, 2011**. Failure to complete this down payment process, consistent with the payment method described in this Public Notice, by 6:00 p.m. ET on June 7, 2011, will result in default.⁴

B. Final Payments

6. Each winning bidder will be required to submit the balance of the net amount of its winning bids as set out in the "Final Balance Due By June 21, 2011 or (Refund)" column of Attachment B by **6:00 p.m. ET on June 21, 2011**.⁵ Each winning bidder must pay the full amount of the Final Balance Due shown in Attachment B by 6:00 p.m. ET on June 21, 2011 (or by 6:00 p.m. ET on July 6, 2011, along with the five percent late fee required by section 1.2109(a) of the Commission's rules).⁶ Full and timely payment of winning bids and any applicable late fees must be made in accordance with section 1.2109(a) of the Commission's rules and must occur before action will be taken upon the winning bidder's long-form applications (FCC Form 301).⁷ Specifically, construction permits will be granted only after the full and timely payment of winning bids and any applicable late fees, in accordance with section 1.2109(a).⁸

7. A wire transfer(s) of final payments must be received by the Commission by **6:00 p.m. ET on June 21, 2011** (or by 6:00 p.m. ET on July 6, 2011, along with the five percent late fee required by section 1.2109(a) of the Commission's rules).⁹ Failure to complete the final payment, consistent with the

payment method described in this Public Notice, by 6:00 p.m. ET on June 21, 2011 (or by 6:00 p.m. ET on July 6, 2011, along with the five percent late fee) will result in default.¹⁰

C. Method of Payment for Down and Final Payments

8. All payments must be in U.S. dollars and made in the form of a wire transfer.¹¹ No checks, credit card payments, automated clearing house (“ACH”), or other forms of payment will be accepted. Each payment must be accompanied by a completed FCC Form 159.¹² Partially-completed copies of the FCC Forms 159 for the down payment and for the final payment will be sent to each winning bidder to facilitate submission of the correct payments.

9. Each winning bidder is responsible for ensuring timely submission of its payment and for timely filing of accurate and complete FCC Remittance Advice Forms (FCC Form 159). Each winning bidder should coordinate with its financial institution well ahead of the due date regarding its wire transfer and allow sufficient time for each wire transfer to be initiated and completed prior to the deadline. The Commission repeatedly has cautioned auction participants about the importance of planning ahead to prepare for unforeseen last-minute difficulties in making payments by wire transfer.¹³ The winning bidder should obtain confirmation from its financial institution that its wire transfer to U.S. Bank was successful and from Commission staff that the winning bidder’s payment has been received by the Commission in the proper account. For confirmation that the Commission has timely received the winning bidder’s down payment or final payment in the proper account, each winning bidder may contact Gail Glasser of the Office of Managing Director’s Auctions Accounting Group at (202) 418-0578, or Theresa Meeks at (202) 418-2945.

10. Down payments and final payments must be preceded by an accurate and complete FCC Remittance Advice Form (FCC Form 159). At least one hour before placing the order for the wire transfer (but on the same business day), the winning bidder must fax the completed FCC Form 159 to U.S. Bank in St. Louis, Missouri, at (314) 418-4232. Proper completion of the FCC Form 159 is critical to ensuring correct credit of the winning bidder’s deposits. Each winning bidder must use in its FCC Form 159 the same FCC Registration Number (FRN) used for the applicant in the applicant’s short-form application (FCC Form 175).

11. To submit funds by wire transfer, the winning bidder will need the following information:

ABA Routing Number: **021030004**

Receiving Bank: **TREAS NYC**

¹⁰ Section III.D., “Default and Disqualification Payments,” below.

¹¹ The wire transfer must be initiated by the winning bidder through its bank authorizing the bank to wire funds from the bidder’s account to the Commission’s account designated to receive payments for financial obligations resulting from Auction 91.

¹² Copies of the FCC Form 159 may be obtained by calling the Commission’s Forms Distribution Center at (800) 418-3676 (outside Washington, DC) or (202) 418-3676. Copies of the FCC Form 159 can also be obtained via the Internet (<http://www.fcc.gov/formpage.html>) or by calling from the handset of a fax machine the Commission’s Fax Information System at (202) 418-0177.

D. Withdrawal, Default and Disqualification Payments

13. The Commission imposes payment obligations on bidders that default on payments due after an auction closes and on those that are disqualified.¹⁴ When the Commission allowed bid withdrawals in some past auctions, some bidders in those auctions incurred withdrawal payment obligations.

14. Because Auction 91 is now closed, the Commission is in a position to calculate and assess final bid withdrawal payments owed as a result of withdrawals of provisional winning bids on construction permits in prior auctions of FM permits. Attachment C identifies bidders that owe withdrawal payments to the Commission as a result of bids withdrawn in prior auctions. Any upfront payments or down payments that the withdrawing bidder has deposited with the Commission will first be applied to satisfy the withdrawal payment amount before being applied towards a winning bidder's down payment.¹⁵

15. Because Auction 91 is now closed, the Commission is in a position to calculate a final default payment owed as a result of the default on a construction permit won in a prior FM auction, Auction 62. This payment is identified in Attachment D.

16. Forthcoming orders will assess such payments, and will specify due dates for the payment of any such obligations.

E. Bid Default/Disqualification Payments from Auction 91

17. If a winning bidder defaults or is disqualified after the close of the auction (i.e., fails to remit the required down payment within the prescribed period of time, fails to submit a timely long-form application, fails to make full payment, or is otherwise disqualified), the defaulting bidder will be subject to the payment obligations described in section 1.2104(g)(2).¹⁶ These payment obligations include both a deficiency payment, equal to the difference between the amount of the defaulter's bid and the amount of the winning bid the next time a permit or license covering the same spectrum is won in an auction, plus an additional payment equal to a percent of the defaulter's bid or the subsequent winning bid, whichever

¹⁴ See 47 C.F.R. §§ 1.2104(g), 1.2109.

¹⁵ See 47 C.F.R. § 1.2104(g)(1).

¹⁶ 47 C.F.R. § 1.2104(g)(2).

is less.¹⁷ The additional default payment for Auction 91 permits was set at twenty percent of the applicable bid.¹⁸

18. If a winning bidder fails to remit the required down payment within ten business days after the Commission has released this Public Notice, in this case by June 7, 2011, the bidder will be deemed to have defaulted, its long-form application will be dismissed, and it will be liable for a default payment as described above.¹⁹

19. If a winning bidder fails to pay the balance of its winning bid in a lump sum by the applicable deadline as specified by the Commission, it will be allowed to make a late payment within ten business days after the payment deadline, provided that it also pays a late fee equal to five percent of the amount due.²⁰ If a winning bidder fails to pay (a) the balance of its winning bid by the payment deadline on June 21, 2011, or (b) the balance of its winning bid plus the late fee by the late payment deadline, on July 6, 2011, it will be deemed to have defaulted, and it will be subject to applicable default payments.²¹

20. The Commission will review an applicant's long-form application only after receipt of full and timely payment for the winning bid amount and any applicable late fees. The relevant construction permit will be granted after determination that the long-form application meets the Commission's requirements for grant.²²

21. A bidder that is found to have violated the antitrust laws or the Commission's rules in connection with its participation in the competitive bidding process may be subject, in addition to any other applicable sanctions, to forfeiture of its upfront payment, down payment, or full bid amount, and may be prohibited from participating in future auctions.²³

F. Refund of Excess Payments

22. Upfront monies on deposit that are in excess of an applicant's Auction 91 obligations may be refunded to the payer of record as identified on the FCC Form 159. To be eligible to receive a refund, an applicant must submit a refund request and provide wire transfer instructions. Each applicant can provide this information by using the Commission's Integrated Spectrum Auction System ("ISAS") and clicking on the "See Wire Transfer for Refund Purposes" link under the Post-Auction section of the My Auctions web page by **June 7, 2011**. After this date, an applicant must send a request for refund, along with the necessary wire transfer instructions and FRN, by fax to Gail Glasser of the Office of the Managing Director at (202) 418-2843 (FAX). Any questions concerning refunds should be referred to Gail Glasser at (202) 418-0578.

G. FCC Form 301

23. **Prior to midnight ET on June 30, 2011**, each winning bidder must submit electronically a properly-completed long-form application (FCC Form 301, Application for Construction Permit for Commercial Broadcast Station), including all required exhibits, for each construction permit for which it was the winning bidder in Auction 91.²⁴

24. An applicant that fails to submit the required long-form application before the specified deadline and fails to establish good cause for any late-filed submission shall be deemed to have defaulted and shall be subject to the payments set forth in section 1.2104(g) of the Commission's rules.²⁵ Each Auction 91 winning bidder must file an accurate and complete long-form application for each construction permit for which it was the winning bidder in Auction 91. However, a winning bidder that filed FCC Form 301 simultaneously with the Petition for Rule Making or counterproposal to allot the channel for which it submitted the winning bid need only file an amendment to its existing FCC Form 301 application for that channel, if necessary.²⁶ The long-form applications must be filed electronically through the Media Bureau's Consolidated Database System (CDBS) online electronic filing system.²⁷ The information submitted on the FCC Form 301 application by the winning bidder may not constitute a major change from any information specified in the winning bidder's previously-filed FCC Form 175.²⁸

25. For instructions and technical requirements for using the Media Bureau's electronic filing system, go to the electronic filing web site at <http://www.fcc.gov/mb/cdbs.html>. In the CDBS Electronic Filing System section of the page, click on the [CDBS Electronic Filing User's Guide](#) link. When filing FCC Form 301, an applicant must select "Long Form Application for Auction 91" on the Pre-form. For assistance with electronic filing, call the CDBS Help Desk at (202) 418-2662.

26. Commission staff will return applications not submitted in accordance with the procedures described in this Public Notice. Applicants are encouraged to pay the FCC Form 301 application filing fee electronically using the CDBS filing system in order to avoid processing delays.

H. Additional Post-Auction Filing Requirements

27. When filing complete FCC Form 301 applications, each Auction 91 winning bidder must submit the post-auction exhibits required by section 73.5005(a) of the Commission's rules. Specifically,

²⁴ See 47 C.F.R. § 73.5005(a). In 2010, the Commission delegated authority to the Wireless Telecommunications and Media Bureaus, on an auction-by-auction basis, to extend past thirty days the filing deadline for the submission of post-auction long-form applications. See 47 C.F.R. § 73.5005 (a).

²⁵ See 47 C.F.R. §§ 1.2104(g), 1.2107(c), 73.5005(c).

²⁶ See Revision of Procedures Governing Amendments To FM Table of Allotments and Changes of Community of License in the Radio Broadcast Services, MB Docket No. 05-210, *Report and Order*, FCC 06-163, 21 FCC Rcd 14212, 14224 ¶ 20 (2006), *recon. pending*.

²⁷ For information regarding electronic application filing, refer to "Mass Media Bureau Implements Mandatory Electronic Filing of FCC Forms 301, 314, and 315," *Public Notice*, DA 01-283, 16 FCC Rcd 3989 (MMB 2001).

²⁸ See 47 C.F.R. §§ 73.3522, 73.3573.

section 73.5005(a)²⁹ requires that post-auction long-form applications include the exhibits mandated by section 1.2107(d) (providing a detailed explanation of the terms, conditions, and parties involved in any bidding consortium, joint venture, partnership, or other agreement or arrangement the applicant had entered into relating to the competitive bidding process);³⁰ section 1.2110(j) (requiring an applicant claiming bidding credit eligibility to describe how it satisfies the eligibility requirements for such bidding credit, and to list and summarize all agreements that affect such status, such as partnership agreements, shareholder agreements, management agreements, resale arrangements, and any other agreements, including oral agreements, that establish that the auction applicant will have both *de facto* and *de jure* control of the entity);³¹ and section 1.2112(a) (requiring that each long-form application fully disclose ownership information and the real party or parties in interest in the applicant or application).³²

28. An applicant seeking to qualify for a new entrant bidding credit under the “eligible entity” provisions of section 73.3555 must also provide information establishing its status in its long-form application.³³ The Commission generally attributes the media interests held by substantial investors in, or creditors of, an applicant claiming new entrant status.³⁴ Specifically, the attributable mass media interests held by an individual or entity with an equity and/or debt interest in an applicant are attributed to that bidder for purposes of determining its eligibility for the new entrant bidding credit, if the equity and debt interests, in the aggregate, exceed 33 percent of the total asset value of the applicant, even if such an interest is non-voting.³⁵

29. In the *Diversity Order*, the Commission relaxed the equity/debt plus attribution standard, to allow for higher investment opportunities in an entity meeting the definition of an “eligible entity.”³⁶ “Eligible entity” is defined in section 73.3555, Note 2(i) of the Commission’s rules.³⁷ Pursuant to the *Diversity Order*, the Commission will now allow the holder of an equity or debt interest in the applicant to exceed the above-noted 33 percent threshold without triggering attribution provided: (1) the combined

³⁷ 47 C.F.R. § 73.3555, Note 2(i). An “eligible entity” shall include any entity that qualifies as a small business under the Small Business Administration’s size standards for its industry grouping, as set forth in 13 C.F.R. § 121.201, and holds (i) 30 percent or more of the stock or partnership interests and more than 50 percent of the voting power of the corporation or partnership that will own the media outlet; or (ii) 15 percent or more of the stock or partnership interests and more than 50 percent of the voting power of the corporation or partnership that will own the media outlet, provided that no other person or entity owns or controls more than 25 percent of the outstanding stock or partnership interests; or (iii) more than 50 percent of the voting power of the corporation that will own the media outlet if such corporation is a publicly traded company.

equity and debt in the eligible entity is less than 50 percent; or (2) the total debt in the eligible entity does not exceed 80 percent of the asset value, and the interest holder does not hold any equity interest, option, or promise to acquire an equity interest in the eligible entity or any related entity.³⁸

30. An applicant claiming status as an eligible entity as its basis for its bidding credit eligibility must establish its status as part of its response to the multiple ownership question on Form 301.³⁹

31. The Commission's "red light rule" implementing the Debt Collection Improvement Act will be enforced.⁴⁰ Under the red light rule, the Commission will not process applications or other requests for benefits filed by parties that have outstanding debts owed to the Commission.⁴¹

I. Maintaining Accuracy of Information

32. After the auction closes, all required changes to an applicant's information must be made by filing or amending the applicant's long-form applications (FCC Form 301). With the release of this Public Notice, applicants are no longer required to maintain the accuracy and completeness of information furnished on their short-form applications and exhibits.⁴²

J. Application Processing, Petitions to Deny and Construction Permit Grant

33. After its initial review of the long-form applications, the Media Bureau will issue public notices listing the applications as they are accepted for filing. Pursuant to sections 1.2108(b) and 73.5006 of the Commission's rules,⁴³ interested parties will have ten days from release of that public notice to file petitions to deny the application.⁴⁴ The Media Bureau will use public notices generated by CDBS to start the ten-day period for filing petitions to deny. A public notice entitled "Broadcast Applications" will list such applications as "Accepted for Filing." An applicant may file an opposition to any petition to deny within five days after the filing deadline for petitions to deny its long-form application.⁴⁵ Replies must be filed within five days after the filing deadline for oppositions to a petition to deny a long-form application.⁴⁶ The Commission reminds all parties and their counsel that the Commission intends to use its authority fully to deter the filing of frivolous pleadings.⁴⁷

34. After the long-form application review process, if the Commission determines that additional payment from an applicant is due, the Media Bureau will provide further instructions in a future public notice or by demand letter.⁴⁸ If the Commission determines that an applicant is otherwise qualified, that there are no substantial and material issues of fact, and that no additional payments are due, the Commission will grant the construction permit.⁴⁹

IV. OTHER IMPORTANT INFORMATION

A. Maintaining Prohibition on Certain Communications

35. To ensure the competitiveness of the auction process, the Commission's rules prohibit applicants for construction permits in any of the same geographic license areas from communicating with each other about bids, bidding strategies, or settlements, unless such applicants have identified each other on their short-form applications as parties with whom they have entered into agreements under section 1.2105(a)(2)(viii).⁵⁰ As explained more fully in the *Auction 91 Procedures Public Notice*, this prohibition began at the short-form application filing deadline at 6:00 p.m. ET on February 10, 2011, and continues until the down payment deadline, which is 6:00 p.m. ET on June 7, 2011.⁵¹

36. The prohibition on certain communications applies to all applicants in Auction 91 (unless they have identified each other on their short-form applications as parties with whom they have entered into agreements under section 1.2105(a)(2)(viii)), regardless of whether an applicant became a qualified bidder or actually participated in the bidding, and the prohibition continues for all applicants until the down payment deadline regardless of whether an applicant is a winning bidder or needs to make an additional payment by the down payment deadline.⁵² Each applicant in this auction certified its compliance with section 1.2105(c) when its short-form application was filed.⁵³

B. Return of SecurID® Tokens

37. The SecurID® tokens distributed to qualified bidders are tailored to this auction and will not work for future auctions. Each bidder should return its SecurID® tokens to the Commission for recycling. The Commission will send each bidder, along with the copy of this Public Notice, a pre-addressed, stamped envelope to return its SecurID® tokens. Each bidder should return the tokens by **June 7, 2011**.

⁴⁸ Commission staff may determine, for example, that a winning bidder is not entitled to the level of bidding credit that it has claimed and may require an additional payment to cover the amount of any percentage discount for which it was not eligible.
