DA 11-939

FCC ANNOUNCES REVISED FY 2011 APPLICATION FEE RATES

Effective June 21, 2011, the application fees charged to licensees and permittees by the Federal Communications Commission (FCC) will increase to reflect the change in the Consumer Price Index-Urban (CPI-U).

Section 8(b) of the Communications Act of 1934, as amended in the Omnibus Budget Reconciliation Act of 1989, requires cost-of-living adjustments to the application fee schedule every two years after October 1, 1991. Increases in the dollar amount of all Section 8 application fees are based on the percentage change in the CPI-U from the date of enactment of the legislation. The new Schedule of Application Fees reflects the net change in the CPI-U of 7.24 index points or 3.5 percent, calculated from October 2007 through October 2009 in accordance with Section 1.1115 of Part 1 of the Commission's Rules.¹ All revenues generated by Section 8 Application Fees are deposited in the General Fund of the United States Treasury.

Wireless Telecommunications Services application fees that have an associated regulatory fee that must be paid at the time of application filing are noted by an asterisk in the Schedule. Please refer to the most recent Wireless Telecommunications Bureau Fee Filing Guide for the total fee that is due for these specific services.

Copies of all fee filing guides for each of the Bureaus/Offices that have feeable services may be obtained on the Internet at www.fcc.gov/fees/appfees.html. For additional information concerning the new Schedule of Section 8 Application Fees, please contact the CORES Helpdesk at 1-877-480-3201 (Option 4).

-FCC-

¹ The actual calculation in fees is based on index points that are averaged over time beginning in December 1989.
