**ORDER**

**Adopted: August 16, 2012**

By the Chief, Wireline Competition Bureau:

**I. INTRODUCTION**

1. In this order, we conditionally grant a third amended petition filed by T-Mobile USA, Inc. (T-Mobile) for limited designation as an eligible telecommunications carrier (ETC) for the purpose of providing Lifeline services in the states of Alabama, Connecticut, Delaware, New Hampshire, New York, Tennessee, Virginia and the District of Columbia.<sup>1</sup> We also conditionally grant an amended petition filed by NTCH, Inc. (NTCH) seeking limited designation as an ETC for the purpose of providing Lifeline services in the states of North Carolina and Tennessee.<sup>2</sup> T-Mobile and NTCH (together, the petitioners) respectively filed the Third Amended T-Mobile ETC Petition and the Amended NTCH ETC Petition (together, the Petitions) pursuant to section 214(e)(6) of the Communications Act, as amended (the Act),

<sup>1</sup> See Petition of T-Mobile USA, Inc. for Designation As A Low-Income Eligible Telecommunications Carrier, WC Docket No. 09-197 (filed Jul. 31, 2012) (Third Amended T-Mobile ETC Petition). The specific areas for which we designate T-Mobile as an ETC to provide Lifeline service are identified in Appendix B. Separately from this Order, the Commission recently conditionally designated as ETCs four wholly owned T-Mobile subsidiaries, contingent for each upon the particular subsidiary becoming authorized to receive support in Mobility Fund Phase I and limited to those areas in which the particular subsidiary becomes so authorized. See Petition of T-Mobile For FCC Designation As An Eligible Telecommunications Carrier For Mobility Fund Phase I (Auction 901), WC Docket No. 09-197, WT Docket No. 10-208, AU Docket No. 12-25, Order, 27 FCC Rcd 7247 (2012). We note that, if any of those T-Mobile subsidiaries become authorized to receive support in Mobility Fund Phase I, that T-Mobile subsidiary must, as a condition of being an ETC, offer Lifeline services and comply with all Lifeline rules in the areas in which it becomes authorized to receive Mobility Fund Phase I support, i.e., its ultimate service area. See 47 C.F.R. § 54.405. Nothing in this order affects the conditional ETC status of those four T-Mobile subsidiaries or their ability to receive support in Mobility Fund Phase I, nor any obligations such T-Mobile subsidiary may incur as a result of becoming authorized to receive Mobility Fund Phase I support.

<sup>2</sup> See Amended Petition of NTCH, Inc. for Designation as an Eligible Telecommunications Carrier, WC Docket 09-197 (filed July 16, 2012) (Amended NTCH ETC Petition). The specific areas for which we designate NTCH as an ETC to provide Lifeline service are identified in Appendix C.

and section 54.202 of the Commission's rules.

2. The designation of T-Mobile as an ETC is conditioned on T-Mobile's compliance with: (i) the representations and commitments made by T-Mobile in its Third Amended T-Mobile ETC Petition; and (ii) the Commission's rules, including those adopted by the Commission in the *Lifeline Reform Order*.<sup>3</sup> The designation of NTCH as an ETC is conditioned on NTCH's compliance with: (i) the representations and commitments made by NTCH in its Amended NTCH ETC Designation Petition; (ii) the *NTCH Forbearance Order*;<sup>4</sup> (iii) the commitments NTCH made in its compliance plan;<sup>5</sup> and (iv) the Commission's rules, including those adopted by the Commission in the *Lifeline Reform Order*.<sup>6</sup> In the *NTCH Forbearance Order*, the Commission granted NTCH forbearance from the requirement to serve the entirety of a rural telephone company's study area or to obtain approval to modify the service area boundaries, provided it obtains approval of a compliance plan, which includes the measures it would take to implement certification procedures and processes to prevent waste, fraud and abuse in the Lifeline program.<sup>7</sup> The Bureau approved NTCH's compliance plan on June 11, 2012.<sup>8</sup>

## II. BACKGROUND

### A. The Act

3. Congress directed the Commission to establish the universal service support mechanisms to help ensure that "[q]uality services [are] available at just, reasonable, and affordable rates" for consumers throughout the nation, "including low-income consumers."<sup>9</sup> The Commission's Lifeline program furthers this goal by reducing the price of monthly telephone service for low-income consumers.<sup>10</sup>

4. Section 254(e) of the Act provides that "only an eligible telecommunications carrier designated under section 214(e) shall be eligible to receive specific federal universal service support."<sup>11</sup> Pursuant to section 214(e)(1)(A) and (B), a common carrier designated as an ETC must offer the services supported by the federal universal service support mechanisms either using its own facilities or a combination of its own facilities and resale of another carrier's services throughout its designated service area and must advertise the availability and charges for those services.<sup>12</sup>

<sup>12</sup> See 47 U.S.C. § 214(e)(1)(A), (B).

5. Section 214(e)(2) of the Act gives state commissions the primary responsibility for designating ETCs in their states.<sup>13</sup> Section 214(e)(6) directs the Commission, upon request, to designate as an ETC “a common carrier providing telephone exchange service and exchange access that is not subject to the jurisdiction of a state commission.”<sup>14</sup> Under section 214(e)(6), the Commission may, with respect to an area served by a rural telephone company, and shall, in all other cases, designate more than one common carrier as an ETC for a designated service area, consistent with the public interest, convenience, and necessity, so long as the requesting carrier meets the requirements of section 214(e)(1).<sup>15</sup> Before designating an additional ETC for an area served by a rural telephone company, the Commission must determine that the designation is in the public interest.<sup>16</sup> The Bureau has delegated authority to consider ETC designation requests.<sup>17</sup>

#### **B. Requirements for ETC Designation by the Commission**

6. In 1997, the Commission issued a Public Notice setting forth the procedures a carrier must use when requesting designation as an ETC from the Commission.<sup>18</sup> Pursuant to that Notice, a carrier seeking ETC designation must file a petition providing the following: (1) a certification and brief statement of supporting facts demonstrating that the petitioner is not subject to the jurisdiction of a state commission; (2) a certification that the petitioner offers all services designated for support by the Commission pursuant to section 254(c) of the Act; (3) a certification that the petitioner offers the supported services either using its own facilities or a combination of its own facilities and resale of another carrier’s services;<sup>19</sup> (4) a description of how the petitioner advertises the availability of the supported services and the charges therefor using media of general distribution; (5) if the petitioner is not a rural telephone company, a detailed description of the geographic service area for which it requests to be designated as an ETC from the Commission; and (6) a certification that neither the petitioner, nor any party to the application is subject to a denial of federal benefits pursuant to the Anti-Drug Abuse Act of 1988.<sup>20</sup>

7. In addition, the Commission’s rules require that in order to be designated as an ETC, an applicant must: (1) certify that it will comply with the service requirements applicable to the support that it receives; (2) demonstrate its ability to remain functional in emergency situations; (3) demonstrate that it will satisfy applicable consumer protection and service quality standards; (4) demonstrate that it is financially and technically capable of providing the Lifeline service; and (5) submit information describing the terms and conditions of any voice telephony plans offered to Lifeline subscribers, including details on the number of minutes provided as part of the plan, additional charges, if any, for toll calls, and rates for each such plan.<sup>21</sup>

<sup>21</sup> See 47 C.F.R. § 54.202(a).

8. Prior to designating an ETC pursuant to section 214(e)(6), the Commission must determine whether such designation is in the public interest.<sup>22</sup> In determining the public interest, the Commission historically has considered the benefits of increased consumer choice and the unique advantages and disadvantages of the applicant's service offering.<sup>23</sup>

### C. Federal Universal Service Lifeline Support

9. The federal universal service Lifeline program is designed to reduce the monthly cost of telecommunications service for qualifying consumers. The Lifeline program reimburses ETCs for providing qualifying low-income consumers with discounts of \$9.25 off of the monthly cost of their telephone service.<sup>24</sup> The Lifeline program provides additional reimbursement to ETCs for providing eligible residents of Tribal lands with discounts of up to an additional \$25.00 off the monthly cost of their telephone service.<sup>25</sup>

## III. DISCUSSION

10. As described below, T-Mobile and NTCH have provided the Commission with the information required for designation as an ETC in the service areas at issue.<sup>26</sup> We find that the public interest supports such designations subject to the petitioners' compliance with the representations and commitments made by the petitioners in their petitions, and the Commission's rules. NTCH must also comply with the conditions in its forbearance order as well as the conditions set forth in its compliance plan.<sup>27</sup>

### A. Commission Authority to Perform the ETC Designation

11. In order for the Commission to designate a carrier as an ETC, an applicant must provide a certification and a brief statement of supporting facts demonstrating that the petitioner is not subject to the jurisdiction of a state commission.<sup>28</sup> Petitioners have complied with this requirement by each providing a statement of supporting facts and certification from each of the relevant state commissions providing that the state commission lacks jurisdiction to perform the requested ETC designation and that the Commission has authority to consider the relevant petitioner's petition under section 214(e)(6) of the Act.<sup>29</sup> Specifically, T-Mobile has demonstrated that it is not subject to the jurisdiction of the Alabama

NTCH has demonstrated that it is not subject to the jurisdiction of the North Carolina Utilities Commission (North Carolina Commission) and the Tennessee Commission.<sup>30</sup> Accordingly, we find that the relevant state commissions lack jurisdiction to designate the petitioners as an ETC and this Commission has authority to perform the requested ETC designations.<sup>31</sup>

## **B. Eligibility Requirements**

12. *Offering the Services Designated for Support.* Applicants for ETC designation must certify that they offer all services designated for support by the Commission pursuant to section 254(c) of the Act.<sup>32</sup> The petitioners have demonstrated through their filings and certifications that they now offer or will offer upon designation as a limited ETC, the voice telephony services supported by the Lifeline program.<sup>33</sup> The petitioners state that they provide the services and functionalities enumerated in section 54.101(a) of the Commission's rules throughout their licensed service areas.<sup>34</sup>

13. *Offering the Supported Services Using a Carrier's Own Facilities.* In general, applicants for ETC designation must certify that they will offer the supported services either using their own facilities or a combination of their own facilities and the resale of another carrier's services.<sup>35</sup>

14. T-Mobile has demonstrated that it offers, or will offer upon designation as an ETC, the supported service using either its own facilities or a combination of its own facilities and resale of another carrier's services. Specifically, T-Mobile states that it is a facilities-based wireless telecommunications carrier with its own switching, cell sites, and associated telecommunications facilities throughout its proposed designated service area.<sup>36</sup>

15. NTCH has demonstrated that it offers, or will offer upon designation as an ETC, the supported service using either its own facilities or a combination of its own facilities and resale of another

<sup>33</sup> See Third Amended T-Mobile ETC Petition at 9, 21-22; Amended NTCH ETC Petition at 6-8.

<sup>34</sup> Specifically, T-Mobile certifies that it provides voice telephony services, which include: (i) voice grade access to the public switched telephone network, (ii) local usage; (iii) access to emergency services and (iv) toll limitation for qualifying Low-Income Consumers. See Third Amended T-Mobile ETC Petition at 9. NTCH also certifies that it provides voice telephony services supported by federal universal service support mechanisms, as set forth in 47 C.F.R. § 54.101, which includes: (i) voice grade access to the public switched telephone network; (ii) local usage; (iii) access to emergency services; and (iv) Lifeline service plans that do not distinguish between toll and non-toll calls in the pricing of service. See Amended NTCH ETC Petition at 6-8. In the *Lifeline Reform Order*, the Commission adopted rules that provide that toll limitation service is no longer necessary for any Lifeline service that does not distinguish between toll and non-toll calls in the pricing of service. See *Lifeline Reform Order*, FCC 12-11 at para. 49.

carrier's services. NTCH states that it will offer the supported service using its own network infrastructure.<sup>37</sup>

16. *Advertising Supported Services.* Applicants for ETC designation must advertise the availability of the supported services and the charges thereof using media of general distribution and provide a description of how they will do so.<sup>38</sup> The petitioners have committed to advertise the availability of the supported services using media of general distribution.<sup>39</sup> In addition, the petitioners have committed to advertising and promoting the availability of Lifeline services in a manner reasonably designed to reach those likely to qualify for Lifeline.<sup>40</sup> To increase accountability within the program and to target support where it is needed most, the Commission has adopted rules requiring ETCs to explain in their marketing materials that Lifeline service is a government benefit, that the individual must be eligible to receive the benefit and that the consumer may receive no more than one benefit at a time from the program.<sup>41</sup> The petitioners have demonstrated their commitment to comply with these Commission rules regarding marketing of Lifeline service.<sup>42</sup>

17. *Designated Service Area.* Applicants for ETC designation must provide a detailed description of the geographic service area for which they seek designation.<sup>43</sup> The petitioners complied with this requirement. In its Third Amended ETC Petition, T-Mobile seeks designation as a limited ETC, eligible only for Lifeline support, in its licensed service areas in Alabama, Connecticut, Delaware, New Hampshire, New York, Tennessee, Virginia and the District of Columbia as provided in Appendix B of this order.<sup>44</sup> NTCH seeks designation as a limited ETC, eligible only for Lifeline support, in its licensed service areas in North Carolina and Tennessee, as provided in Appendix C.<sup>45</sup>

18. *Anti-Drug Abuse Act Certification.* Applicants for ETC designation must provide a certification that neither the petitioner nor any party to the application is subject to denial of federal benefits pursuant to the Anti-Drug Abuse Act of 1988.<sup>46</sup> The petitioners have provided a certification consistent with the requirements of the Anti-Drug Abuse Act of 1988.<sup>47</sup> We find that each petitioner's certification satisfies the requirements of the Anti-Drug Abuse Act of 1988, as codified in sections 1.2001–1.2003 of the Commission's rules.

19. *Compliance with Applicable Service Requirements.* Applicants for ETC designation must certify that they will comply with all service requirements applicable to the support they receive.<sup>48</sup>

<sup>47</sup> See Third Amended T-Mobile ETC Petition at 26; Amended NTCH ETC Petition at 14.

<sup>48</sup> See 47 C.F.R. § 54.202(a)(1)(i).

Both T-Mobile and NTCH have done so and have demonstrated their commitment to comply with the Commission's Lifeline rules, and specifically to comply with the rules regarding consumer enrollment and certification of eligibility.<sup>49</sup> We also find that each of the petitioner's sample Lifeline certification forms used for consumer enrollment, and attached as exhibits to their petitions, satisfies the Commission's rules.<sup>50</sup>

20. *Ability to Remain Functional in Emergency Situations.* Applicants for ETC designation must demonstrate their ability to remain functional in emergency situations.<sup>51</sup> With respect to providing access to emergency services, T-Mobile states that it has the ability to remain functional in emergency situations and has back-up power sufficient to ensure functionality in the designated service area without an external power source, is able to re-route traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.<sup>52</sup> We find that T-Mobile has demonstrated its ability to remain function in emergency situations.

21. NTCH states that it is committed to maintaining essential telecommunications services in times of emergency.<sup>53</sup> NTCH states that it maintains a generator backup for the switch and battery back-up for its cellular towers to provide a reasonable amount of backup power to ensure functionality without an external power source.<sup>54</sup> NTCH also states that it has fail-over trunks that are able to re-route traffic around damaged facilities and is capable of managing traffic spikes resulting from emergency situations.<sup>55</sup> We find that NTCH has demonstrated its ability to remain functional in emergency situations.

22. *Satisfaction of Applicable Consumer Protection and Service Quality Standards.* Applicants for ETC designation must demonstrate that they will satisfy applicable consumer protection and service quality standards.<sup>56</sup> The petitioners have committed to providing applicable consumer protection and service quality standards.<sup>57</sup> Given that the petitioners have established track records as wireless voice service providers, we find that reliance on petitioners' commitments to meet these requirements is reasonable and consistent with the public interest and the Act.

23. *Financial and Technical Capability.* Applicants for ETC designation must demonstrate that they are financially and technically capable of providing Lifeline supported services.<sup>58</sup> T-Mobile states that it has provided service in the United States since 2002 and is the fourth largest nationwide

provider of mobile service.<sup>59</sup> T-Mobile states that it has a long history of providing service to non-Lifeline consumers and does not intend to rely exclusively on Universal Service Fund disbursements.<sup>60</sup> NTCH states that it is a facilities-based wireless carrier that has offered service to non-Lifeline consumers since 2000 and in Tennessee since 2001.<sup>61</sup> NTCH states that it currently serves over 16,000 customers.<sup>62</sup> NTCH maintains that it does not intend to rely exclusively on Universal Service Fund disbursements to operate and it derives its revenue primarily from its customer base and not from subsidies.<sup>63</sup> NTCH further states that it has not been subject to enforcement action or ETC revocation proceedings in any state.<sup>64</sup> We find that each petitioner is financially and technically capable of providing Lifeline supported services.

24. *Information Regarding the Terms and Conditions of Lifeline Plans.* Applicants for ETC designation must submit information regarding the terms and conditions of any voice telephony plans they offer to Lifeline subscribers.<sup>65</sup> T-Mobile states that its Lifeline plan offerings include voice only plans for \$9.99 or \$6.49 depending on state, and include 1,145 minutes.<sup>66</sup> T-Mobile also states that it offers Lifeline consumers a variety of no-contract monthly plans and family plans.<sup>67</sup> T-Mobile asserts that its Lifeline customers will also have access to a variety of other standard features at no additional charge, including voicemail, caller identification and call-waiting services.<sup>68</sup>

25. NTCH states that its all-inclusive wireless voice basic service plan will be available to all Lifeline subscribers as well as the general public.<sup>69</sup> NTCH's service plan will include unlimited voice calling, unlimited text messaging, unlimited long distance, caller identification and voicemail.<sup>70</sup> NTCH affirms that it will deduct the Lifeline discount from its existing service plans, but in no case will a Lifeline customer be offered less than 250 minutes per month as part of their service plan.<sup>71</sup>

### C. Public Interest Analysis

26. We examine each of the carriers' service offerings in light of the requirement that, prior to designating an ETC, the Commission must determine whether such designation is in the public interest,<sup>72</sup> and we find that each petitioner offers a Lifeline plan that will provide a variety of benefits to

Lifeline-eligible consumers, including increased consumer choice, high-quality service offerings, and mobility. New entrants in the Lifeline service market should incent existing ETCs to offer better service and terms to their subscribers. T-Mobile's asserts that its entrance as a nationwide facilities-based Lifeline service provider will provide consumers with access to a nationwide network, additional minutes for purchase at the low rate of \$0.05 per minute, and preset monthly rates so consumers can control costs.<sup>73</sup> T-Mobile further asserts that its multi-billion dollar investment in deploying a 4G network will significantly enhance coverage and performance for customers.<sup>74</sup> NTCH's Lifeline plan starts at \$29.95 per month (before applying Lifeline discount) for unlimited voice service with no credit checks, deposits or long-term contracts also provides low-income consumers with valuable choices within the marketplace.<sup>75</sup>

27. In order to promote public safety, and safeguard against waste, fraud and abuse in the Lifeline program, we find it necessary to require the petitioners to comply with certain conditions. The designation of T-Mobile as an ETC is conditioned on T-Mobile's compliance with: (i) the representations and commitments made by T-Mobile in its Third Amended T-Mobile ETC Petition; and (ii) the Commission's rules, including those adopted by the Commission in the *Lifeline Reform Order*.<sup>76</sup> The designation of NTCH as an ETC is conditioned on NTCH's compliance with: (i) the representations and commitments made by NTCH in its Amended NTCH ETC Designation Petition; (ii) the *NTCH Forbearance Order*;<sup>77</sup> (iii) the commitments NTCH made in its compliance plan,<sup>78</sup> and (iv) the Commission's rules, including those adopted by the Commission in the *Lifeline Reform Order*.<sup>79</sup> Subject to the above-stated conditions, we find that designating T-Mobile and NTCH as ETCs eligible only to receive Lifeline support is in the public interest.

#### **D. Regulatory Oversight**

28. Under section 254(e) of the Act, the petitioners are required to use the specific universal service support they receive "only for the provision, maintenance, and upgrading of facilities and services for which the support is intended."<sup>80</sup> An ETC receiving Lifeline support uses that support as intended when it reduces the price of its telecommunications services by the amount of the support for the eligible consumer.<sup>81</sup>

29. As previously noted, NTCH has an approved compliance plan that currently governs its provision of Lifeline service.<sup>82</sup> In providing Lifeline services pursuant to the conditional ETC designations granted herein, the petitioners must comply with the measures described in their respective existing compliance plans, if applicable, and in their respective petitions, as well as the Commission's rules.

<sup>79</sup> See generally *Lifeline Reform Order*, FCC 12-11.

<sup>80</sup> 47 U.S.C. § 254(e). We note that because petitioners are not eligible to receive federal universal service high-cost support, they are not required to file reports and certifications pursuant to section 54.313 of the Commission's rules.

<sup>81</sup> See *TracFone Forbearance Order*, 20 FCC Rcd at 15105-06, para. 26.

<sup>82</sup> See *supra* para. 2.

30. Finally, we note that the Commission may institute an inquiry on its own motion to examine each of the petitioners' records and documentation to ensure that the universal service support they receive is being used for the purpose for which it was intended.<sup>83</sup> Each of the petitioners is required to provide such records and documentation to the Commission or USAC upon request. We further emphasize that, if either petitioner fails to fulfill the requirements of the Act, the Commission's rules, or the terms of this order after it begins receiving universal service support, the Commission may exercise its authority to revoke such petitioner's ETC designation.<sup>84</sup> The Commission also may assess forfeitures for violations of Commission rules and orders.<sup>85</sup>
