**ANNOUNCEMENT OF OPEN DOCKET FOR
MEASURING BROADBAND AMERICA PROGRAM
GN DOCKET NO. 12-264**

The Measuring Broadband America Program (Program) developed out of the nation's first National Broadband Plan. In the two years since the launch of this Program, it has increased in scope and complexity. Thus, the Commission has decided that it is appropriate to make a separate docket for the Program at this time. Previously, Program filings were predominantly submitted to CG Docket No. 09-158, CC Docket No. 98-170, and WC Docket No. 04-36.¹ By this Public Notice, the Commission announces that all future filings related to this Program should be directed to GN Docket No. 12-264. Commission filings will no longer be submitted to CG Docket No. 09-158, CC Docket No. 98-170, and WC Docket No. 04-36, and will instead be submitted to the GN Docket No. 12-264.

For questions or further information regarding the program and related filings contact, James Miller at 202-418-7351 or via email to James.Miller@fcc.gov, or to Walter Johnston at 202-418-0807 or via email to Walter.Johnston@fcc.gov.
