COMMENTS INVITED ON APPLICATION OF LOCAL INTERNET SERVICE COMPANY, INC. TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 12-342
Comp. Pol. File No. 1067

Comments Due: December 13, 2012

Section 214 Application

Applicant: Local Internet Service Company, Inc.

On November 12, 2012, **Local Internet Service Company, Inc.** (LISCO or Applicant), located at **1680 Highway 1, P.O. Box 1750, Fairfield, IA 52556**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services in Columbus Junction and Washington, Iowa (collectively Service Areas).¹

LISCO indicates that it currently provides Plain Old Telephone Service (POTS) and broadband Internet service via DSL in the Service Areas. LISCO states that its services are provided via UNE local loops leased from the incumbent local exchange carrier, Windstream. Nevertheless, LISCO proposes to discontinue the provision of its wireline telephone services in the Service Areas on or after December 1, 2012, subject to regulatory approval. LISCO indicates that on October 5, 2012 it sent letters via first class U.S. Mail to the affected customers and that these letters included a toll free number to LISCO customer service to answer any questions about the proposed discontinuance. LISCO explains that, on November 5, 2012, it also sent letters in compliance with section 63.71 of the Commission's rules to any remaining affected customers via first class U.S. Mail. LISCO maintains that the impact of the proposed discontinuance on the public should be minimal because there are fewer than 50 LISCO customers in Columbus Junction, Iowa and only four LISCO customers in Washington, Iowa. In addition, LISCO suggests that customers will be able to obtain identical service from Windstream, similar service from the cable company, Mediacom, and similar wireless service from cellular telephone companies. LISCO asserts that it is a non-dominant carrier with respect to the services it proposes to discontinue.

In accordance with section 63.71(c) of the Commission's rules, LISCO's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies LISCO that the grant will not be automatically effective. In its application, LISCO indicates that it plans to discontinue its provision of wireline telephone services in the Service Areas on or

¹ LISCO's application was subsequently received in the Competition Policy Division of the Wireline Competition Bureau on November 14, 2012.

after December 1, 2012, subject to regulatory approval. Accordingly, pursuant to section 63.71(c) and the terms of LISCO's application, absent further Commission action, LISCO may terminate its wireline telephone services in the Service Areas on or after **December 29, 2012**, in accordance with LISCO's filed representations. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **December 13, 2012**. Such comments should refer to **WC Docket No. 12-342 and Comp. Pol. File No. 1067**.
