**PROPOSED ASSIGNMENT OF AWS-1 BAND LICENSES FROM SPECTRUMCO, LLC
AND FROM COX TMI WIRELESS, LLC
TO CELCO PARTNERSHIP D/B/A VERIZON WIRELESS**

**NUMBERING RESOURCE UTILIZATION AND FORECAST REPORTS
AND LOCAL NUMBER PORTABILITY REPORTS TO BE PLACED INTO THE RECORD,
SUBJECT TO PROTECTIVE ORDER**

**WT Docket No. 12-4
CC Docket No. 99-200**

Cellco Partnership d/b/a Verizon Wireless (“Verizon Wireless”), SpectrumCo, LLC (“SpectrumCo”), and Cox TMI Wireless, LLC³ (“Cox”) (collectively, the “Applicants”) have filed two separate applications pursuant to Section 310(d) of the Communications Act of 1934, as amended (the “Communications Act”),¹ seeking approval to assign spectrum licenses. In the first application, Verizon Wireless and SpectrumCo request consent to assign 122 Advanced Wireless Services (AWS-1) licenses to Verizon Wireless from SpectrumCo.² In the second application, Verizon Wireless and Cox seek Commission consent to assign 30 AWS-1 licenses to Verizon Wireless from Cox.³ On January 11, 2012, the Commission opened a docket, WT Docket No. 12-4, for the proposed transactions.⁴

In connection with the Commission’s review of the proposed transactions, the Commission intends to examine information contained in the biannual Numbering Resource Utilization and Forecast (“NRUF”) reports filed by wireless telecommunications carriers,⁵ carrier-specific local number portability (“LNP”) data related to wireless telecommunications carriers, and further disaggregated monthly carrier-specific local number portability data (“Carrier-to-Carrier LNP Data”) related to wireless telecommunications carriers. These data may assist the Commission in assessing the competitive effects of the transactions. Accordingly, subject to the provisions of a protective order (“NRUF Protective

⁴ Commission Opens Docket for Proposed Assignment of Licenses to Verizon Wireless from SpectrumCo and Cox TMI Wireless, LLC, and Designates These Applications as Permit-but-Disclose Under the Commission’s *Ex Parte* Rules, WT Docket No. 12-4, *Public Notice*, DA 12-35 (Jan. 11, 2012).

Order”) being adopted this day⁶ and the availability of the data, the Commission intends to place into the record in this proceeding:

- NRUF reports for all wireless telecommunications carriers concerning data as of December 31, 2008, June 30, 2009, December 31, 2009, June 30, 2010, December 31, 2010, June 30, 2011, and December 31, 2011 (when available).
- Wireless-to-wireless LNP data for all wireless telecommunications carriers from the December 2008, June 2009, December 2009, June 2010, December 2010, June 2011, and December 2011 (when available) LNP databases that the Commission receives from the LNP Administrator, NeuStar, Inc. This LNP data shows the total number of ports in and ports out per carrier.
- Wireless-to-wireless Carrier-to-Carrier LNP data for all wireless telecommunications carriers, on a monthly basis, from the December 2008 to December 2011 (when available) LNP databases that the Commission receives from the LNP Administrator, NeuStar, Inc. This LNP data shows, on a monthly basis, the specific number of ports from each wireless carrier to another carrier in each area.

Section 251 of the Communications Act of 1934, as amended (the “Communications Act”), grants the Commission jurisdiction over the North American Numbering Plan (“NANP”) and related telephone numbering issues.⁷ In order to better monitor the way numbering resources are used within the NANP and efficiently allocate NANP resources, the Commission requires telecommunications carriers to provide the Commission with a utilization report of their current inventory of telephone numbers and a five-year forecast of their numbering resource requirements.⁸ LNP data are collected by the LNP Administrator and provided to the Commission.

The Commission has recognized that disaggregated, carrier-specific forecast and utilization data should be treated as confidential and should be exempt from public disclosure under 5 U.S.C. § 552(b)(4).⁹ The NRUF and LNP reports will be placed into the record subject to the provisions of an NRUF Protective Order. As such, the NRUF and LNP data will not be available to the public except pursuant to the terms of the NRUF Protective Order, as outlined below.

Persons seeking to review the NRUF or LNP data may do so only for purposes of participating in this proceeding. Pursuant to the NRUF Protective Order, outside persons participating or intending to participate in the proceeding who are not involved in competitive decision-making activities and who have signed the Acknowledgment of Confidentiality attached to the NRUF Protective Order may review the NRUF and LNP data. We emphasize that persons seeking to review the NRUF or LNP data must have adequate protections in place to prevent improper use or disclosure of the information.

Affected parties have until **April 9, 2012** to oppose disclosure of their NRUF and LNP data. In addition, affected parties will have three business days after the filing of an Acknowledgment of Confidentiality to object to the release of the data to a particular person who requests permission to review it.
