## COMMENTS INVITED ON APPLICATION OF TLX COMMUNICATIONS, INC. D/B/A TELAMERICA TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 13-136 Comp. Pol. File No. 1108

**Comments Due: June 14, 2013** 

**Section 214 Application** Applicant: TLX Communications, Inc. d/b/a TelAmerica

On May 1, 2013, TLX Communications, Inc. d/b/a TelAmerica (TLX or Applicant), located at 913 S. Burnside Avenue, Gonzales, LA 70737, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services in Alabama, Louisiana and Mississippi (collectively, Service Areas).<sup>1</sup> With an amendment filed on May 16, 2013, TLX corrected certain deficiencies in its application and updated the record regarding the date of the discontinuance and the date and method of notice to customers.<sup>2</sup> Accordingly, TLX's application is deemed complete as of May 16, 2013.

TLX indicates that it currently offers domestic prepaid and postpaid long distance calling card services (collectively, Calling Card Services) in the Service Areas. TLX specifies that it currently serves a total of only thirteen customers in the Service Areas, with only one customer in Alabama, twelve customers in Louisiana and no customers in Mississippi. TLX explains that its Calling Card Services enable customers to make interexchange long distance calls by dialing a toll free number and entering a personal identification number followed by the long distance number called. TLX asserts, however, that there is a lack of customer demand for these services, so TLX has made a business decision to discontinue its Calling Card Services in the Service Areas on or after June 30, 2013. According to TLX, the proposed discontinuance will be limited to the provision of calling card services, and its direct dial long distance service will continue without interruption. TLX maintains that the affected customers are choosing widely available alternatives to complete domestic long distance calls, and that they will not be adversely affected by the discontinuance of TLX Calling Card Services. TLX indicates that it sent written notice to

<sup>&</sup>lt;sup>1</sup> The Competition Policy Division of the Wireline Competition Bureau subsequently received the filed application on May 6, 2013.

<sup>&</sup>lt;sup>2</sup> See Letter from John Kuykendall, Vice President, on behalf of John D. Scanlan, President and Vice Chairman, TLX Communications, Inc. d/b/a TelAmerica, to Ms. Marlene H. Dortch, Office of the Secretary, Federal Communications Commission (filed May 16, 2013).

all customers by U.S. Mail on April 30, 2013. TLX states that it is non-dominant with respect to the services to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, TLX's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies TLX that the grant will not be automatically effective. In its revised application and notice to customers, TLX indicates that it plans to discontinue its Calling Card Services in the Service Areas on or after June 30, 2013. Accordingly, pursuant to section 63.71(c) and the terms of TLX's revised application and notice to customers, absent further Commission action, TLX may discontinue its Calling Card Services in the Service Areas on or after June 30, 2013. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.
