**WC Docket No. 13-176**  
**Comp. Pol. File No. 1116**

**Comments Due: August 2, 2013**

**Section 214 Application**

**Applicant: AT&T Services, Inc. on behalf of BellSouth Telecommunications, LLC d/b/a AT&T Southeast**

On **June 11, 2013**, **AT&T Services, Inc.** (AT&T or Applicant) filed an application with the Federal Communications Commission (FCC or Commission) on behalf of its affiliate, **BellSouth Telecommunications, LLC d/b/a AT&T Southeast** (AT&T Southeast), located at **675 W. Peachtree St. NW, Atlanta, Georgia 30308**, requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue a certain domestic telecommunications service throughout AT&T Southeast's service territory in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee (collectively, Service Areas).

AT&T indicates that AT&T Southeast currently offers BellSouth Switched Access Common Transport IP Option (CTIP) service in the Service Areas pursuant to BellSouth Telecommunications Access Services Tariff FCC No. 1, Section 6.2.14. AT&T describes CTIP service as a transport service that allows termination of traffic to the AT&T switched network and that includes connectivity to the public internet. AT&T states, however, that there is no market demand for the service so AT&T Southeast plans to discontinue offering CTIP service in the Service Areas on or after September 1, 2013, subject to Commission approval. AT&T maintains, however, that the public convenience and necessity will not be harmed by the proposed discontinuance because no customers are currently using the service. AT&T asserts that it offers CTIP service pursuant to dominant carrier regulation.

In accordance with section 63.71(c) of the Commission's rules, AT&T's application will be deemed to be granted automatically on the 60th day after the release date of this public notice, unless the Commission notifies AT&T that the grant will not be automatically effective. In the application, AT&T indicates that AT&T Southeast plans to discontinue CTIP service in the Service Areas on or after September 1, 2013, subject to Commission approval. Accordingly, pursuant to section 63.71(c) and the terms of AT&T's application, absent further Commission action, AT&T Southeast may discontinue CTIP service in the Service Areas on or after **September 1, 2013**, in accordance with AT&T's filed representations. The Commission normally will authorize proposed discontinuances of service unless it is

shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments on this application must be filed with the Commission on or before **August 2, 2013**. Such comments should refer to **WC Docket No. 13-176 and Comp. Pol. File No. 1116**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. See *Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998).
