** The names assigned to some of the bidding areas in Alaska have been changed since the release of the Auction 902 Procedures Public Notice in order to display them in the correct order in the bidding system. Leading zeros were added to the trailing digits of some of the bidding area names. For example, what was previously named AK-Ahtna-2 is now listed as AK-Ahtna-02 so that when sorted by bidding area name, it will come after AK-Ahtna-01 instead of after AK-Ahtna-19.

* Indicates an item with one or more census blocks that were the subject of a winning bid in Auction 901 for which support has not yet been authorized. Any census block for which support is authorized at the conclusion of the Auction 901 long-form application review will not be eligible for Tribal Mobility Fund Phase I support. If the Bureau determines prior to Auction 902 that any winning bids from Auction 901 cannot be authorized, and any of those bids cover census blocks that would otherwise be eligible for Auction 902, then such eligible blocks will be available in the auction. If any of these winning bids from Auction 901 are authorized, the corresponding census blocks will not be available in Auction 902.
