COMMENTS INVITED ON APPLICATION OF @COMMUNICATIONS, INC. TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 13-296
Comp. Pol. File No. 1130

Comments Due: December 17, 2013

Section 214 Application

Applicant: @Communications, Inc.

On November 6, 2013, @Communications, Inc. (ATCOM or Applicant), located at 1509 Bridges Street, Morehead City, NC 28557, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services in North Carolina.¹ With an amendment filed on December 2, 2013, ATCOM updated the record regarding notice to customers and state entities. Accordingly, ATCOM's application is deemed complete as of December 2, 2013.

ATCOM indicates that it currently offers telecommunications services in North Carolina resold through CenturyLink, the incumbent local exchange carrier. ATCOM asserts, however, that it reduced to providing local telephone service to fewer than 25 customers in North Carolina due to financial challenges and the loss of almost all resold customers through attrition. ATCOM states that it now seeks to cease operation and discontinue all telecommunications services in North Carolina on December 31, 2013 pending regulatory approval. ATCOM explains that most of its customers have since transitioned to alternative services and that ATCOM has called and assisted them in their transition to alternative providers. According to ATCOM, there is currently only one remaining customer that has not yet transitioned to an alternative service provider. ATCOM maintains that its proposed discontinuance of resold telecommunications services is not disruptive to the current or future public convenience and necessity, and that customers have been provided with a list of alternative companies. ATCOM asserts that it mailed written notice of the proposed discontinuance to the remaining customer via the United States Postal Service on November 30, 2013. ATCOM states that it is considered non-dominant with respect to the services to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, ATCOM's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies ATCOM that the grant will not be automatically effective. In its revised application, ATCOM indicates that it plans to discontinue all telecommunications services in North Carolina on

December 31, 2013 pending regulatory approval. Accordingly, pursuant to section 63.71(c) and the terms of ATCOM's revised application, absent further Commission action, ATCOM may discontinue all telecommunications services in North Carolina on or after **January 2, 2014**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **December 17, 2013**. Such comments should refer to **WC Docket No. 13-296 and Comp. Pol. File No. 1130**.
