## **COMMENT SOUGHT ON AT&T REQUESTS FOR WAIVER OF CELLULAR LICENSE APPLICATION RULES CONCERNING SERVICE AREA BOUNDARY EXTENSIONS**

**WT Docket No. 13-10**

**Comment Date: February 20, 2013**

**Reply Comment Date: March 6, 2013**

By this *Public Notice*, the Wireless Telecommunications Bureau (“Bureau”) seeks comment on multiple requests for waiver of Sections 1.923(a)<sup>1</sup> and 22.911(d)<sup>2</sup> of the Commission’s Rules, filed by AT&T Mobility, LLC, a subsidiary of AT&T, Inc. (“AT&T”).<sup>3</sup> We have received numerous applications seeking to modify existing cellular facilities licensed to AT&T.<sup>4</sup> Each modification application involves at least one cell site with an associated SAB extension that either already overlaps or is proposed to overlap at least one existing CGSA of a neighboring cellular licensee on the same channel block. AT&T does not, however, have in hand all the requisite SAB extension agreements. AT&T asserts that it has pursued negotiations with the neighboring licensees, some resulting in an impasse (Group I applications), others with promise of success but no resolution thus far (Group II applications).<sup>5</sup> AT&T has filed a Petition for Waiver (“Waiver Request”) with each of these applications seeking permission to continue to

---

<sup>1</sup> 47 C.F.R. § 1.923(a). Section 1.923(a) establishes a requirement that wireless radio service applications include “all information requested on the applicable form and any additional information required by . . . any rules pertaining to the specific service for which the application is filed.”

<sup>2</sup> 47 C.F.R. § 22.911(d). Section 22.911(d) prohibits a cellular licensee from commencing operation of any facility that would cause a service area boundary (“SAB”) “to overlap the existing [Cellular Geographic Service Area (“CGSA”)] of another cellular system on the same channel block, without first obtaining the written consent of the licensee of that system.” Section 22.911(d) permits continued operation of “existing facilities that produce an SAB overlapping a subsequently-authorized portion of the CGSA of another cellular system on the same channel block until the licensee of that system requests that the SAB be removed from its CGSA.”

<sup>3</sup> For the purposes of this proceeding, we use the term “AT&T” herein to include all entities controlled by AT&T, Inc. that hold the licenses at issue.

<sup>4</sup> See Appendices I and II, attached.

<sup>5</sup> AT&T reports that the majority of SAB negotiations for applications involve proposed extensions (notably in Group I), but some involve extensions “that have existed without complaint or concern, such as may occur when AT&T seeks to document prior consents for which the written agreement cannot be found and is unable to confirm that the overlap occurs in an area that was subsequently-authorized for the affected licensee.” Group I Waiver Request at 4. See also Group II Waiver Request at 3.

extend its existing SABs into the CGSAs of the affected neighboring licensees and to file all the applications without having the extension agreements in hand.<sup>6</sup> Because the rule sections at issue and AT&T's key arguments in support of the Waiver Requests are identical for every application, the Bureau is consolidating its review of the Waiver Requests and seeking comment on all of them through this *Public Notice*. Parties are asked to specify the AT&T application(s) (by FCC file number and call sign(s)) to which their comments pertain. Certain particulars of the Waiver Requests are outlined below.

For each application in Group I, AT&T's Petition for Waiver ("Group I Waiver Request") contends that, despite AT&T's repeated negotiation efforts regarding its SAB extensions, it has not been able to reach agreement with the following four licensees:<sup>7</sup> C-Spire, including its affiliates (collectively "C-Spire"); East Kentucky Network, LLC d/b/a Appalachian Wireless ("EKN"); NE Colorado Cellular, Inc. ("NE Colorado Cellular"); and Wilkes Cellular, Inc. ("Wilkes"). AT&T describes the SAB overlaps at issue and proffers narrative summaries as well as exhibits with detailed chronologies of its communications with each of these four licensees, including the purported responses from each of them.<sup>8</sup>

For Group II, AT&T's Petition for Waiver ("Group II Waiver Request") claims that the modification applications reflect "existing SAB extensions that AT&T continues to negotiate . . . ,” and adds that it “does not contemplate that any technical issues will impede the execution of [the] agreements.”<sup>9</sup> AT&T states that it has filed the subject applications while negotiations are still ongoing “in an attempt to get the cellular licenses updated as quickly as possible.”<sup>10</sup> The neighboring licensees involved in the Group II applications are: Verizon Wireless, including entities it controls (collectively, “Verizon Wireless”); Broadpoint License Co. (“Broadpoint”); and Smith Bagley, Inc. (“Smith Bagley”).

## Procedural Matters

Comments on the request are due **no later than February 20, 2013**. Reply comments are due **no later than March 6, 2013**. All filings should reference the docket number of this proceeding, **WT 13-10**.

This proceeding has been designated as a “permit-but-disclose” proceeding in accordance with the Commission's *ex parte* rules.<sup>11</sup> Persons making *ex parte* presentations must file a copy

---

<sup>6</sup> The Commission may grant a waiver if (1) the underlying purpose of the rule would not be served or would be frustrated by application to the instant case, and that grant of the waiver would be in the public interest, or (2) because of unique or unusual factual circumstances, application of the rule would be inequitable, unduly burdensome, or contrary to the public interest, or the applicant has no reasonable alternative. 47 C.F.R. § 1.925(b).

of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentation must (1) list all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter's written comments, memoranda or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to Commission staff during *ex parte* meetings are deemed to be written *ex parte* presentations and must be filed consistent with rule 1.1206(b). In proceedings governed by rule 1.49(f) or for which the Commission has made available a method of electronic filing, written *ex parte* presentations and memoranda summarizing oral *ex parte* presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native format (*e.g.*, .doc, .xml, .ppt, searchable .pdf). Participants in this proceeding should familiarize themselves with the Commission's *ex parte* rules.

Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See* Electronic Filing of Documents in Rulemaking Proceedings, 63 Fed. Reg. 24121 (1998). Comments filed through the ECFS can be sent as an electronic file via the Internet to [http:// www.fcc.gov/cgb/ecfs/](http://www.fcc.gov/cgb/ecfs/). Generally, only one copy of an electronic submission must be filed. If multiple docket or rulemaking numbers appear in the caption of this proceeding, however, commenters must transmit one electronic copy of the comments to each docket or rulemaking number referenced in the caption. In completing the transmittal screen, commenters should include their full name, U.S. Postal Service mailing address, and the applicable docket or rulemaking number. Parties may also submit an electronic comment by Internet e-mail. To get filing instructions for e-mail comments, commenters should send an e-mail to [ecfs@fcc.gov](mailto:ecfs@fcc.gov), and should include the following words in the body of the message, "get form." A sample form and directions will be sent in reply.

Parties who choose to file by paper must file an original and one copy of each filing. If more than one docket or rulemaking number appears in the caption of this proceeding, commenters must submit two additional copies for each additional docket or rulemaking number. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). All filings must be addressed to the Commission's Secretary, Office of the Secretary, Federal Communications Commission.
