COMMENTS INVITED ON APPLICATION OF XO COMMUNICATIONS, LLC TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 13-110
Comp. Pol. File No. 1098

Comments Due: May 13, 2013

Section 214 Application

Applicant: XO Communications, LLC

On April 9, 2013, XO Communications, LLC (XO or Applicant), located at **13865 Sunrise Valley Drive, Herndon, Virginia 20171-4661**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services in Arizona, California, Idaho, Illinois, Kansas, Michigan, Minnesota, Missouri, New Hampshire, New Jersey, New York, Ohio, Oregon, Pennsylvania, Texas, Virginia and Washington (collectively, Service Areas). With amendments filed on April 25, 2013 and April 26, 2013, XO corrected certain deficiencies in its application and updated the record regarding revised notice to customers and the specific services subject to the proposed discontinuance. Accordingly, XO's application is deemed complete as of April 26, 2013.

XO indicates that it currently offers certain interstate dial-up services including Consumer Dial and Corporate Dial services (collectively, Dial-Up Services). XO describes Consumer Dial and Corporate Dial as services that provide standalone dial-up service in addition to email service and website services as applicable. XO explains that it offers these services in the Service Areas through its operating subsidiaries, XO Communications Services, LLC and XO Virginia, LLC. XO asserts, however, that it is in the process of streamlining its product offerings and has decided to discontinue its Dial-Up Services to better focus on those services most requested by its customers. Accordingly, XO states that it plans to discontinue its provision of Dial-Up Services in the Service Areas effective May 29, 2013. XO clarifies that, for these service offerings, XO will be discontinuing the transmission component of the service but that the information component of the service will continue to be provided. XO maintains that the proposed discontinuance will not harm affected customers because there are other alternative dial-up service providers, including other telecommunications carriers and ISPs, and there are other technologically advanced services that perform essentially the same or better functions. XO indicates that it sent written notice to affected customers by first class mail on April 3, 2013, and that it sent a revised customer notice by first class mail on April 17, 2013, in accordance with the requirements of section 63.71 of the Commission's rules. XO states that it is considered non-dominant with respect to the services to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, XO's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the

Commission notifies XO that the grant will not be automatically effective. In its application, XO indicates that it plans to discontinue the transmission component of the Dial-Up Services in the Service Areas effective May 29, 2013. Accordingly, pursuant to section 63.71(c) and the terms of XO's application, absent further Commission action, XO may terminate the transmission component of the Dial-Up Services in the Service Areas on or after **May 29, 2013**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **May 13, 2013**. Such comments should refer to **WC Docket No. 13-110 and Comp. Pol. File No. 1098**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service.
