FORFEITURE ORDER

Adopted: April 30, 2013

Released: May 1, 2013

By the Regional Director, Northeast Region, Enforcement Bureau:

I. INTRODUCTION

1. In this Forfeiture Order, we issue a monetary forfeiture in the amount of ten thousand dollars (\$10,000) to Della Jane Woofter, licensee of FM Station WVRW in Glennville, West Virginia (Station), for willfully and repeatedly violating Section 73.3526(e)(12) of the Commission's rules (Rules)¹ by failing to maintain and make available quarterly radio issues/programs lists in the local public inspection file.

II. BACKGROUND

2. On August 24, 2010, an agent from the Enforcement Bureau's Columbia Office conducted a routine inspection during normal business hours at Station WVRW's main studio, located at 300 Harrison Avenue in Weston, West Virginia, with the Station's manager. The agent reviewed the materials in the public inspection file and found that the file did not contain any issues/programs lists for the current license term, *i.e.*, nine quarterly issues/programs lists.² The Station's manager admitted to the agent that the Station did not maintain issues/programs lists.

3. On May 24, 2011, the Columbia Office issued a Notice of Apparent Liability for Forfeiture (*NAL*) in the amount of \$10,000 to Ms. Woofter for failing to maintain and make available quarterly radio issues/programs lists in the public inspection file.³ Ms. Woofter responded to the *NAL* on June 9, 2011.⁴ In the *Declaration* that accompanied the *Response*, the Station's manager claims that he

¹ See 47 C.F.R. § 73.3526(e)(12).

² The current license term for Station WVRW began on March 13, 2008, when Ms. Woofter received a license to cover the construction permit for Station WVRW. See File No. BLH - 20080220ABB, granted March 13, 2008.

Colby, Counsel for Ms. Woofter, to Salomon Satche, District Director, Columbia Office, Northeast Region, Enforcement Bureau (filed June 9, 2011, in EB-10-CF-152) (*Response*). The *Response* includes a signed declaration from Stephen R. Peters, Station WVRW's general manager (*Declaration*). Mr. Peters is also the licensee and manager of Station WHAW, Lost Creek, West Virginia, which shares the main studio in Weston, West

never stated that the Station did not maintain issues/programs lists and Ms. Woofter asserts that the *NAL* should be canceled on the grounds that (1) at the time of the inspection the issues/programs lists could not be located because they were drying out from water damage sustained during a devastating storm on June 24, 2010 and (2) the amount of the proposed forfeiture is excessive given the nature of the violation.⁵

III. DISCUSSION

4. The proposed forfeiture amount in this case was assessed in accordance with Section 503(b) of the Communications Act of 1934, as amended (Act),⁶ Section 1.80 of the Rules,⁷ and the Commission's *Forfeiture Policy Statement*.⁸ In examining Ms. Woofter's *Response*, Section 503(b) of the Act requires that the Commission take into account the nature, circumstances, extent, and gravity of the violation and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and other such matters as justice may require.⁹ We considered Ms. Woofter's *Response* to the *NAL* in light of these statutory factors and find that neither cancellation nor reduction of the forfeiture is warranted for the reasons discussed below.

5. Section 73.3526(a)(2) of the Rules requires that every licensee of an AM or FM station shall maintain a public inspection file containing the material relating to that station described in Section 73.3526(e) of the Rules.¹⁰ Specifically, Section 73.3526(e)(12) requires licensees to place in their public inspection file, for each calendar quarter, a list of programs that have provided the station's most significant treatment of community issues during the preceding three month period.¹¹ This list is known as the radio issues/programs list and copies of the lists must be maintained in the file until final action has been taken on the station's next renewal application.¹² Further, as required by Section 73.3526(b), the public inspection file shall be maintained at the station's main studio.¹³ On August 24, 2010, an agent from the Columbia Office found that the Station's public inspection file did not contain any issues/programs lists since the Station's current license term began on March 13, 2008, i.e., nine quarterly issues/programs lists were missing from the public file.

6. The evidence does not support Ms. Woofter's claim that she maintained the lists and that they were unavailable during the August 24, 2010, inspection because they were "soaked and . . . drying out" from water damage sustained during a devastating storm on June 24, 2010, a storm which Ms. Woofter also alleges blew the roof off the studio and destroyed a substantial amount of broadcast

Virginia, with Station WVRW. We also are issuing today a forfeiture order to Mr. Peters for a similar public inspection file violation discovered during an inspection of Station WHAW on August 24, 2010. *See Stephen R. Peters*, Forfeiture Order, DA 13-967 (Enf. Bur. May 1, 2013). We note that Mr. Colby passed away on May 22, 2012, and Ms. Woofter has not retained new counsel.

equipment.¹⁴ During the August 24, 2010, inspection, the agent did not observe any visible damage to the main studio building or to the broadcast equipment. Further, when the agent inspected the Station's public file, he found that the file contained other required documents, such as a copy of the Station authorization, the ownership report, and the Station's contour map, none of which appeared to have water damage.¹⁵ In addition, the lists Ms. Woofter submits with her *Response*, which allegedly were the ones that had been "drying out," have no sign of water damage. Based on our review of the facts, the preponderance of the evidence does not support Ms. Woofter's account.¹⁶ Accordingly, we affirm the finding in the *NAL* that Ms. Woofter willfully and repeatedly violated Section 73.3526 of the Rules by failing to maintain and make available issues/programs lists.¹⁷

7. We also disagree with Ms. Woofter that the proposed forfeiture amount is excessive. Ms. Woofter notes that the proposed \$10,000 forfeiture for the public file violation is substantially more than the \$7,000 forfeiture assessed for a serious public safety issue involving an antenna structure owner's failure to properly maintain antenna structure lighting.¹⁸ While it is correct that the case Ms. Woofter cites resulted in the assessment of a \$7,000 forfeiture, the amount initially proposed in that case was \$20,000 and it was only later reduced to \$7,000 based on the antenna structure owner's demonstrated inability to pay.¹⁹ The base forfeiture amount under Section 1.80(b) of the Rules for public violations is \$10,000²⁰ and the forfeiture proposed in this case is consistent with other precedent involving a similar number of missing issues/programs lists.²¹ We therefore see no reason to cancel or reduce the proposed forfeiture amount on this basis.

8. In sum, we have examined Ms. Woofter's *Response* to the *NAL* pursuant to the statutory factors above, and in conjunction with the *Forfeiture Policy Statement*. As a result of our review, we conclude that Ms. Woofter willfully and repeatedly violated Section 73.3526 of the Rules. Considering the entire record and the factors listed above, we find that a forfeiture in the amount of \$10,000 is warranted.

IV. ORDERING CLAUSES

9. **ACCORDINGLY, IT IS ORDERED** that, pursuant to Section 503(b) of the Communications Act of 1934, as amended, and Sections 0.111, 0.204, 0.311, 0.314, and 1.80(f)(4) of the Commission's Rules, Della Jane Woofter **IS LIABLE FOR A MONETARY FORFEITURE** in the

¹⁴ See *Declaration* at 1.

¹⁵ We also question the likelihood that it would take more than two months for the issues/programs lists to sufficiently dry.

¹⁶ We note that the station manager's claim in the *Response* that he never told the agent that Station WTOR did not maintain issues/programs lists (*Declaration* at 1), is inconsistent with the agent's contemporaneous inspection notes. In any event, even if we set aside that admission, it does not change our conclusion that the Station violated Section 73.3526 of the Rules, given the agent's other observations during the inspection.

¹⁷ Given our conclusions, we remind Ms. Woofter of the duty of candor and truthfulness expected of all Commission licensees, as well as the possible penalties for misrepresentation, including monetary forfeitures and license revocation or non-renewal. See, e.g., 47 U.S.C. § 312(a); 47 C.F.R. § 1.17.
