COMMENTS INVITED ON APPLICATION OF CENTURYLINK ON BEHALF OF CENTURYLINK COMMUNICATIONS, LLC TO DISCONTINUE INTERCONNECTED VOIP SERVICES

WC Docket No. 14-117
Comp. Pol. File No. 1160

Comments Due: August 14, 2014

On June 24, 2014, CenturyLink (CenturyLink or Applicant) filed an application with the Federal Communications Commission (FCC or Commission) on behalf of CenturyLink Communications, LLC (CenturyLink Communications or Applicant), located at 100 CenturyLink Drive, Monroe, LA 71203, requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue a certain interconnected Voice over Internet Protocol (VoIP) service in Florida, Missouri, Nevada, North Carolina, Ohio, Tennessee and Texas (Service Areas).¹

CenturyLink indicates that its competitive local exchange company, CenturyLink Communications, currently offers regional Hosted VoIP service (Affected Service) in the Service Areas. According to CenturyLink, regional Hosted VoIP service is an interconnected VoIP service that is the Internet Protocol equivalent of Time Division Multiplexing Centrex service.² CenturyLink explains that, with regional Hosted VoIP service, the customer does not have to have a phone system on their premise and the service is provided off a Broadsoft VoIP switch. CenturyLink states, however, that CenturyLink Communications plans to discontinue offering regional Hosted VoIP service to new customers on August 30, 2014, or as soon thereafter as the necessary regulatory approvals can be obtained. CenturyLink emphasizes that the proposed discontinuance to new customers will have no impact on the 40 existing customers of regional Hosted VoIP service. For example, CenturyLink explains that existing customers still will have the ability to add additional features and functionality if they desire, and that they will be able to continue using their current service without change. In addition, CenturyLink states that a new CenturyLink Hosted VoIP service that uses the Broadsoft platform is currently available but is national in scope rather than regional. According to CenturyLink, the new national Hosted VoIP service has all the current features of the existing regional Hosted VoIP service plus the added feature functionality that the market desires. CenturyLink maintains that existing customers that wish to migrate to the new national Hosted VoIP service will be able to sign a new contract, and that CenturyLink will waive any early termination penalties on their old contract. CenturyLink represents that it is considered non-dominant with respect to the Affected Service.

¹ The Competition Policy Division of the Wireline Competition Bureau subsequently received the filed application on June 30, 2014.

² Counsel for CenturyLink has confirmed with Commission staff that regional Hosted VoIP service is an interconnected VoIP service.

In accordance with section 63.71(c) of the Commission's rules, CenturyLink's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies CenturyLink that the grant will not be automatically effective. In the application, CenturyLink indicates that CenturyLink Communications plans to discontinue offering regional Hosted VoIP service to new customers in the Service Areas on August 30, 2014, or as soon thereafter as the necessary regulatory approvals can be obtained. Accordingly, pursuant to section 63.71(c) and the terms of the application, absent further Commission action, CenturyLink Communications may discontinue offering regional Hosted VoIP service to new customers in the Service Areas on or after **August 30, 2014**, in accordance with CenturyLink's filed representations. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **August 14, 2014**. Such comments should refer to **WC Docket No. 14-117 and Comp. Pol. File No. 1160**.
