**WIRELINE COMPETITION BUREAU SEEKS COMMENT ON
ETS TELEPHONE COMPANY, INC. PETITION TO WAIVE THE DEFINITION OF
“STUDY AREA” AS CODIFIED IN PART 36 OF THE COMMISSION’S RULES**

CC Docket No. 96-45

Comment Date: October 22, 2014

Reply Comment Date: November 6, 2014

The Wireline Competition Bureau (Bureau) seeks comment on a petition filed by ETS Telephone Company, Inc. (ETS) for waiver of the definition of the study area boundary rules codified in part 36 of the Commission’s rules.¹ The purpose of the petition is to permit ETS to continue to operate as an incumbent local exchange carrier throughout its existing study area that was created pursuant to an order by the Commission in 1996.² In addition, ETS seeks waiver of any Commission rule to the extent deemed necessary to permit ETS to continue to receive high-cost universal service support throughout its study area, subject to the generally-applicable reforms being implemented by the Commission.³

We find that it is not appropriate to process this study area waiver petition via the streamlined study area waiver rules adopted in the *USF/ICC Transformation Order*.⁴ In that *Order*, the Commission streamlined its rules governing study area waiver requests, creating a method similar to the Bureau’s processing of routine section 214 transfer of control applications.⁵ Under the revised process, if the

³ Petition at 1-2; *see also* 47 C.F.R. Part 36 App. (defining “study area”). Effective November 15, 1984, the Commission froze all study area boundaries to prevent incumbent local exchange carriers (LECs) from establishing separate study areas made up only of high-cost exchanges to maximize their receipt of high-cost universal service support. *See MTS and WATS Market Structure, Amendment of Part 67 of the Commission’s Rules and Establishment of a Joint Board*, CC Docket Nos. 78-72, 80-286, Decision and Order, 50 Fed. Reg. 939 (1985) (*Part 67 Order*). A carrier must therefore apply to the Commission for a waiver of the study area boundary freeze if it wishes to transfer or acquire additional exchanges.

Bureau concludes that a petition is appropriate for streamlined treatment, the petition will be deemed granted 60 days after the reply comment due date unless the Bureau issues a public notice stating otherwise.⁶ Most petitions for study area waiver are routine in nature and are granted as filed without modification, and the Commission's new streamlined procedures were created to specifically address such routine study area waivers.⁷ However, if the Bureau has concerns with any aspect of a petition for study area waiver or related waivers, it may find that such petition is inappropriate for streamlined treatment and that it should be subject to further analysis and review.⁸ Given the complexities of the issues raised in the Petition, the Bureau finds that the Petition is inappropriate for streamlined treatment and should be subject to further analysis and review. Accordingly, the Bureau will issue an order either granting or denying the Petition after considering the record, including the record received in response to this public notice.
