RE: Confidentiality of Retransmission Consent Agreements
MB Docket Nos. 14-57 and 14-90

Dear Mr. Lake:

It has come to our attention that the Commission is requesting the submission of highly confidential unredacted retransmission consent agreements in a manner that will be available to outside counsel of parties to the above referenced proceedings. Given the large number of parties to these transaction, we have many concerns about the potential widespread dissemination of these extremely competitively sensitive documents.

Raycom supports the contention that the Commission should review such materials in its consultation with the U.S. Department of Justice (which already possesses such documents), rather than potentially further disseminating these extremely sensitive and confidential business documents.

Should you have any questions regarding this correspondence, please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads "Rebecca S. Bryan". The signature is written in a cursive style.

Rebecca S. Bryan
