COMMENTS INVITED ON APPLICATION OF CENTURYLINK TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 14-244
Comp. Pol. File No. 1196

Comments Due: January 5, 2015

Section 214 Application **Applicant: CenturyLink**

On **November 13, 2014**, **CenturyLink** (CenturyLink or Applicant), located at **100 CenturyLink Drive, Monroe, LA 71203**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue a certain domestic telecommunications service in Missouri (Service Area).¹

CenturyLink indicates that it currently offers Physical Expanded Interconnection service in the Service Area (Affected Service) as described in CenturyLink's FCC Tariff Nos. 2 and 3, Section 17. CenturyLink states, however, that it currently does not have any customers for this service and that it plans to discontinue the Affected Service on February 1, 2015, or as soon thereafter as the necessary regulatory approvals can be obtained. According to CenturyLink, expanded interconnection through virtual collocation will continue to be available to customers. In addition, the Applicant submits that physical collocation will continue to be available to qualifying customers through interconnection agreements filed with state commissions pursuant to Section 252 of the Communications Act of 1934, as amended. CenturyLink asserts that it is considered dominant with respect to the service to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, CenturyLink's application will be deemed to be granted automatically on the 60th day after the release date of this public notice, unless the Commission notifies CenturyLink that the grant will not be automatically effective. In its application, CenturyLink indicates that it plans to discontinue Physical Expanded Interconnection service in the Service Area on February 1, 2015, or as soon thereafter as the necessary regulatory approvals can be obtained. Accordingly, pursuant to section 63.71(c) and the terms of CenturyLink's application, absent further Commission action, CenturyLink may discontinue its Physical Expanded Interconnection service in the Service Area on or after **February 2, 2015**, in accordance with its filed representations. The Commission normally will authorize proposed discontinuances of service unless it is shown that

customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.
