## NOTICE OF EXEMPTION PETITION WITHDRAWALS AND DISMISSALS AND OBLIGATION TO BEGIN PROVIDING CLOSED CAPTIONING

### CG Docket No. 06-181

By this *Notice*, the Federal Communications Commission's (FCC's or Commission's) Consumer and Governmental Affairs Bureau (Bureau) announces the dismissal of certain petitions for exemption from the Commission's closed captioning requirements listed herein.<sup>1</sup>

The Commission's closed captioning rules allow video programming providers, producers, or owners to obtain an exemption from the closed captioning requirements if they demonstrate that providing captions on their programming would be "economically burdensome."<sup>2</sup> On various dates, the petitioners listed in the Appendix filed petitions for closed captioning exemptions under these rules. The Bureau then placed each of these petitions on public notice. After reviewing the comments received in response to these petitions, the Bureau determined that it required additional and updated information to evaluate whether the programming at issue should be exempted from the FCC's closed captioning requirements because captioning such programming would impose an economic burden on the petitioners. The Bureau sent letters to these petitioners requesting the additional and updated information. However, before providing supplemental information to the Bureau, and before the Commission determined whether to grant or deny the requests for an exemption, these petitioners withdrew their petitions, thereby rendering their petitions moot. Therefore, on varying dates, we notified each petitioner listed in the Appendix that we would dismiss their petition without prejudice. This *Notice* serves to inform the general public that these petitions have been dismissed.

This *Notice* also reminds the petitioners listed in the Appendix of their obligation to comply with the FCC's closed captioning requirements contained in Part 79 of the Commission's rules with regard to the programming that was the subject of their petitions.
