FCC EXTENDS DEADLINE FOR APPLICATIONS FOR CERTIFICATION TO PARTICIPATE IN THE NATIONAL DEAF-BLIND EQUIPMENT DISTRIBUTION PROGRAM FOR THE STATE OF NEBRASKA

Washington, D.C. – By this Public Notice, the Consumer and Governmental Affairs Bureau (CGB) of the Federal Communications Commission (FCC or Commission) extends the deadline for submitting applications for certification to participate in the National Deaf-Blind Equipment Distribution Program (NDBEDP) pilot program for Nebraska to May 20, 2014.¹

On April 21, 2014, CGB released a Public Notice inviting applications for certification to replace the entity currently certified to participate in the NDBEDP pilot program for Nebraska.² In that Public Notice, CGB set a deadline of May 6, 2014 for the submission of such applications.³ To allow additional time for interested applicants to apply and to provide for maximum variety in the applicant pool from which to select an entity that can effectively fulfill the NDBEDP's mission, the Commission now extends the deadline to May 20, 2014.⁴ Because the entity currently certified to distribute equipment under the NDBEDP for Nebraska will not be relinquishing its certification until June 30, 2014,⁵ we conclude that extending this deadline for two additional weeks will not interfere with the provision of NDBEDP equipment and related services to qualifying residents in Nebraska beginning July 1, 2014.⁶

¹ The NDBEDP supports programs that distribute equipment to make telecommunications, advanced communications, and Internet services accessible to low-income individuals who are deaf-blind. *Implementation of the Twenty-First Century Communications and Video Accessibility Act of 2010, Section 105, Relay Services for Deaf-Blind Individuals*, Report and Order, 26 FCC Rcd 5640 (2011). The Commission certified 53 entities to distribute equipment under the NDBEDP in each of the 50 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. *See Commission Announces Launch of the National Deaf-Blind Equipment Distribution Program*, Public Notice, 27 FCC Rcd 7403 (2012).

⁵ *See* Letter from John C. Wyvill, Executive Director, Nebraska Commission for the Deaf and Hard of Hearing, to Jacqueline Ellington, Attorney Advisor, Disability Rights Office, Consumer and Governmental Affairs Bureau, FCC (March 31, 2014).

⁶ In the Public Notice released April 21, 2014, the Commission also invited applications for certification to participate in the NDBEDP pilot program for the state of Vermont. Unlike the certified entity for Nebraska, the certified entity for Vermont announced its intent to withdraw from the NDBEDP effective immediately. *See* Letter from William Gurney, President, Vermont Center for the Deaf and Hard of Hearing, Inc., to the Federal Communications Commission, Jacqueline Ellington, Attorney Advisor, Disability Rights Office, Consumer and Governmental Affairs Bureau (March 4, 2014). As such, it is necessary to move quickly to enable Vermont's residents to benefit from funding that remains in the state's NDBEDP allocation before the close of the current fund
