COMMENTS INVITED ON APPLICATION OF UNIVERSITY TELCOM TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 14-85
Comp. Pol. File No. 1157

Comments Due: June 19, 2014

Section 214 Application **Applicant: University Telcom**

On **May 12, 2014**, **University Telcom** (UTI or Applicant), located at **611 N. Carol Malone Blvd., Grayson, KY 41143**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services in Grayson, Kentucky.¹

UTI states that it is the telecommunications subsidiary of Kentucky Christian University (University), and that it currently offers voice telephony services (Affected Services) to the University campus and to customers within reach of its facilities in Grayson, Kentucky (Service Area). UTI explains that it previously provided service to the University until the University transitioned as a customer to a retail arrangement with another provider. UTI further explains that when it filed the present application, one of its two remaining customers already was planning to leave the network due to the relocation of its business. UTI asserts that it has decided to discontinue services due to the emergence of previously unavailable competitive options and because it can no longer maintain service on a cost-effective basis. Specifically, UTI states that it plans to terminate the Affected Services in the Service Area on or around June 2, 2014, subject to approval of this application. UTI indicates that it plans to dissolve its operations, but it maintains that the proposed discontinuance will not have an adverse impact on its subscribers. UTI states that it sent letters on May 1, 2014 to its two remaining customers and that it also directly contacted the customers to inform them of the discontinuance. UTI asserts that it is considered to be a non-dominant provider with respect to the services to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, UTI's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies UTI that the grant will not be automatically effective. In the application, UTI indicates that it plans to terminate the Affected Services in the Service Area on or around June 2, 2014, subject to approval of its application. Accordingly, pursuant to section 63.71(c) and the terms of UTI's

application, absent further Commission action, UTI may terminate the Affected Services in the Service Area on or after **July 5, 2014**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **June 19, 2014**. Such comments should refer to **WC Docket No. 14-85 and Comp. Pol. File No. 1157**.
