NOTICE OF APPARENT LIABILITY FOR FORFEITURE AND ORDER

Adopted: June 26, 2014

Released: June 26, 2014

By the District Director, Philadelphia Office, Northeast Region, Enforcement Bureau:

I. INTRODUCTION

1. We propose a penalty of \$12,000 against Birach Broadcasting Corporation (Birach Broadcasting) for apparently failing to enclose AM Station WWCS's two antenna structures in Canonsburg, Pennsylvania, within effective locked fences. Although Birach Broadcasting was aware that the fences were in a state of disrepair, it failed to confirm that repairs were completed, which resulted in unrestricted public access to the antenna structures for an extended period of time. The damaged fences presented a particular public safety concern because the antenna structures were located in a residential neighborhood. The Enforcement Bureau previously proposed penalties against Birach Broadcasting for apparent fencing violations on two separate occasions. This history of noncompliance with the antenna structure fencing rules warrants a significant increase to our normal penalties. In addition, these apparent violations raise concerns that Birach Broadcasting may have a systemic compliance issue with the antenna structure fencing rules. As a result, we order Birach Broadcasting to submit information regarding the current fencing of its antenna structures and provide a timeline to remediate any current violations.

2. In this Notice of Apparent Liability for Forfeiture (NAL), we find that Birach Broadcasting, owner of antenna structure numbers 1222688 and 1222689 (Antenna Structures) and licensee of Station WWCS in Canonsburg, Pennsylvania, apparently willfully and repeatedly violated Section 73.49 of the Commission's rules (Rules),¹ by failing to enclose the Antenna Structures within an effective locked fence or other enclosure. We conclude that Birach Broadcasting is apparently liable for a forfeiture in the amount of twelve thousand dollars (\$12,000).

II. BACKGROUND

3. On August 22, 2013, an agent of the Enforcement Bureau's Philadelphia Office (Philadelphia Office) conducted an inspection of the Antenna Structures utilized for the Station WWCS two-tower directional antenna array located in a residential neighborhood of Canonsburg, Pennsylvania. At the time of the inspection, the agent observed that each Antenna Structure was surrounded by a wooden fence, but that large sections of each fence had completely fallen onto the ground. The agent also observed that there was no fence around the perimeter of the property and that a significant amount of vegetation had grown over the fallen fencing. These conditions led to unrestricted public access to both Antenna Structures, which had radio frequency potential at their bases.

¹ 47 C.F.R. § 73.49.

4. On September 4, 2013, the Philadelphia Office issued a Notice of Violation (NOV) to Birach Broadcasting for failing to enclose the Antenna Structures within an effective locked fence or other enclosure in violation of Section 73.49 of the Rules.² Birach Broadcasting's *NOV Response* stated that it hired a tower company in July 2013 to repair the fences, but it was not aware that the work was never completed until notified by the FCC agent.³ The *NOV Response* further stated that the fencing repairs were completed just a few days after the FCC inspection by a different tower company.⁴

III. DISCUSSION

5. Section 503(b) of the Communications Act of 1934, as amended (Act), provides that any person who willfully or repeatedly fails to comply substantially with the terms and conditions of any license, or willfully or repeatedly fails to comply with any of the provisions of the Act or of any rule, regulation, or order issued by the Commission thereunder, shall be liable for a forfeiture penalty.⁵ Section 312(f)(1) of the Act defines "willful" as the "conscious and deliberate commission or omission of [any] act, irrespective of any intent to violate" the law.⁶ The legislative history to Section 312(f)(1) of the Act clarifies that this definition of willful applies to both Sections 312 and 503(b) of the Act,⁷ and the Commission has so interpreted the term in the Section 503(b) context.⁸ The Commission may also assess a forfeiture for violations that are merely repeated, and not willful.⁹ The term "repeated" means the commission or omission of such act more than once or for more than one day.¹⁰

A. Failure to Enclose the Antenna Structures Within an Effective Locked Fence

6. The evidence in this case is sufficient to establish that Birach Broadcasting violated Section 73.49 of the Rules, which states that "[a]ntenna towers having radio frequency potential at the base . . . must be enclosed within effective locked fences or other enclosures [I]ndividual tower fences need

No. 97-765, 97th Cong. 2d Sess. 51 (1982) ("This provision [inserted in Section 312] defines the terms 'willful' and 'repeated' for purposes of section 312, and for any other relevant section of the act (e.g., Section 503) As defined[,] . . . 'willful' means that the licensee knew that he was doing the act in question, regardless of whether there was an intent to violate the law. 'Repeated' means more than once, or where the act is continuous, for more than one day. Whether an act is considered to be 'continuous' would depend upon the circumstances in each case. The definitions are intended primarily to clarify the language in Sections 312 and 503, and are consistent with the Commission's application of those terms").

¹⁰ Section 312(f)(2) of the Act, 47 U.S.C. § 312(f)(2), which also applies to violations for which forfeitures are assessed under Section 503(b) of the Act, provides that "[t]he term 'repeated', when used with reference to the commission or omission of any act, means the commission or omission of such act more than once or, if such commission or omission is continuous, for more than one day." See *Callais Cablevision, Inc.*, 16 FCC Rcd at 1362, para. 9.

not be installed if the towers are contained within a protective property fence.”¹¹ The Antenna Structures have radio frequency potential at their base and therefore must be enclosed within an effective locked fence. On August 22, 2013, when Station WWCS was in operation, agents from the Philadelphia Office observed that numerous sections of the fences surrounding each of the two Antenna Structures had fallen down, thereby allowing ready access to the bases of the Antenna Structures. The agents also observed that there was no fence around the perimeter of the property. Based on the amount of vegetation growing over the fallen sections of the fences, it was clear that the fences had been in that position for an extended period of time. Indeed, Birach Broadcasting acknowledged in its *NOV Response* that it was aware that the fences needed repair as early as July 2013. Therefore, based on the evidence before us, we find that Birach Broadcasting apparently willfully and repeatedly violated Section 73.49 of the Rules by failing to enclose the Antenna Structures within an effective locked fence.

B. Proposed Forfeiture and Reporting Requirement

7. Pursuant to the Commission’s *Forfeiture Policy Statement* and Section 1.80 of the Rules, the base forfeiture amount for an AM fencing violation is \$7,000.¹² We retain the discretion, however, to issue a higher or lower forfeiture than provided in the *Forfeiture Policy Statement* or to apply alternative or additional sanctions as permitted by statute, subject to the statutory cap.¹³ In assessing the monetary forfeiture amount, we must take into account the statutory factors set forth in Section 503(b)(2)(E) of the Act, which include the nature, circumstances, extent, and gravity of the violations, and with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and other such matters as justice may require.¹⁴

8. Since 2012, the Enforcement Bureau has proposed \$27,000 in penalties against Birach Broadcasting for apparent violations of the antenna structure rules, including for fencing violations.¹⁵ The fact that Birach Broadcasting apparently continues to commit similar violations at its other transmitter sites demonstrates a disregard for the FCC’s authority and raises concerns that it may have a systemic compliance issue with the antenna structure fencing rules.¹⁶ As a result, after applying the *Forfeiture Policy Statement*, Section 1.80 of the Rules, and the statutory factors to the instant case, we conclude that a \$5,000 upward forfeiture is warranted and Birach Broadcasting is apparently liable for a forfeiture in the amount of \$12,000.¹⁷

¹³ 47 C.F.R. § 1.80(b)(8), Note (“The Commission and its staff retain the discretion to issue a higher or lower forfeiture than provided in the guidelines, to issue no forfeiture at all, or to apply alternative or additional sanctions as permitted by statute.”).

¹⁶ Although Birach Broadcasting has not yet paid the forfeiture issued in 2012, the “underlying facts of [the] prior violation . . . show[] a pattern of non-complaint behavior.” See *Forfeiture Policy Statement*, 12 FCC Rcd at 17103, para. 34 (“[U]sing the underlying facts of a prior violation that shows a pattern of non-compliant behavior against a licensee in a subsequent renewal, forfeiture, transfer, or other proceeding does not cause the prejudice that Congress sought to avoid.”); see also *Equity Commc’ns LP*, Notice of Apparent Liability for Forfeiture, 27 FCC Rcd 8031, 8033, para. 7 (Enf. 9. In light of Birach Broadcasting's apparent history of non-compliance, we also direct it to submit a written statement signed under penalty of perjury by an officer or director of Birach Broadcasting pursuant to Section 1.16 of the Rules providing: (1) a list of all antenna structures owned by Birach Broadcasting; (2) whether the antenna structures are enclosed within an effective locked fence or other enclosure; and (3) a repair timeline where an antenna structure is not enclosed within an effective locked fence or other enclosure.¹⁸ This statement is in addition to any statement that Birach Broadcasting submits pursuant to paragraph 15 and must be provided to the Philadelphia Office at the address listed in paragraph 12 within thirty (30) calendar days of the release date of this NAL.
