**Re: Notice of Interim Default Payment Obligation for Auction 37 Construction Permits
FM216-A (Jefferson, NH) and FM325-A (Hardwick, VT)**

DO NOT DISCARD THIS IMPORTANT NOTICE
OF A DEMAND FOR PAYMENT
OF A DEBT OWED THE UNITED STATES AND ORDER OF PAYMENT

Dear Mr. Mercatanti:

This Order provides notice and demands payment of the interim default payment obligation for Nassau Broadcasting Holdings, Inc. ("Nassau") with respect to its default arising out of Auction 37. As described fully below, Nassau had the winning bid in Auction 37 for FM broadcast construction permits FM216-A (Jefferson, NH) and FM325-A (Hardwick, VT) (hereinafter, "the Permits").¹ After the close of Auction 37, Nassau failed to prosecute its long-form applications (FCC Form 301) and its applications were dismissed.² Specifically, Nassau failed to respond to requests for environmental compliance information required by the Commission's rules and necessary to process its long-form applications.³ Thus, pursuant to section 73.3568(a) of the Commission's rules, Nassau's long-form applications were dismissed for failure to prosecute and Nassau became subject to the default provisions of section 1.2104(g)

of the Commission's rules.⁴

On December 1, 2004, the Media Bureau and the Wireless Telecommunications Bureau ("Bureaus") announced the winning bidders in Auction 37, including Nassau.⁵ The Bureaus also announced that by no later than December 15, 2004, all Auction 37 winning bidders were required to have on deposit enough funds to bring each winning bidder's deposit to twenty percent (20%) of its winning bids.⁶ If a winning bidder's upfront payment was not sufficient to meet the down payment requirement, the winning bidder was required to deposit sufficient funds to meet its down payment.⁷ The Bureaus further instructed that by January 3, 2005, all winning bidders were required to submit their long-form applications.⁸ The rules applicable to winning bidders in Auction 37 required Nassau to submit its final payment ten business days after the release of a public notice announcing that the Commission had completed processing Nassau's application and was prepared to issue the permit (a "prepared-to-grant public notice").⁹

Nassau's net winning bid was \$1,641,000.00.¹⁰ The Commission applied the \$230,340.00 that Nassau had on deposit toward its down payment requirement and notified Nassau that the additional amount due to meet its down payment obligation was \$97,860.00.¹¹ Nassau timely submitted the down payment by December 15, 2004, and filed long-form applications for the Permits by January 3, 2005.¹²

Despite numerous requests by Commission staff throughout the six years after the close of Auction 37, Nassau failed to provide the Media Bureau with the required certification that the proposed sites for the Permits satisfied the requirements of the National Environmental Policy Act or were located at sites that did not require environmental analysis.¹³ By separate letters dated May 6, 2011, the Audio Division of the Media Bureau ("Division") gave Nassau a final opportunity to submit the missing information and informed Nassau that if it did not correct the defects in both applications within 30 days, the applications

¹⁰ See *id.* at 1021, Attach. B. Nassau's net winning bid is calculated as the sum of \$879,000.00 for permit FM216-A (Jefferson, NH) and \$762,000.00 for permit FM325-A (Hardwick, VT).

¹¹ Nassau submitted an upfront payment of \$255,000.00. *Auction 37 Closing Public Notice*, 20 FCC Rcd 1021, Attach. A. After the close of Auction 37, the Commission applied a withdrawal payment of \$24,660.00 from Nassau's upfront payment. See *id.* at 1021, Attach. B. Thus, the Commission applied \$230,340.00 toward Nassau's down payment requirement. *Id.*

Nassau submitted engineering amendments to application BNPH-20050103AIE (permit FM216-A (Jefferson, NH)) on three separate occasions, specifically on January 4, 2006, April 13, 2007, and June 19, 2008.

would be dismissed.¹⁴

Nassau did not respond within the 30-day deadline.¹⁵ Accordingly, the Division dismissed applications BNPH-20050103AIE (permit FM216-A (Jefferson, NH)) and BNPH-20050103AIJ (permit FM325-A (Hardwick, VT)) for failure to prosecute,¹⁶ and Nassau became subject to the default provisions of section 1.2104(g)(2) of the Commission's rules.¹⁷

Under the Commission's rules, at the close of the auction a winning bidder assumes a binding obligation to pay the full amount of its accepted winning bid.¹⁸ A bidder who defaults on that obligation or is disqualified is considered to be a defaulting bidder under the Commission's rules and is subject to a default payment.¹⁹ The default payment has two components: a deficiency payment and an additional payment amount.²⁰ The deficiency payment component applies only in the event that the subsequent winning bid the next time a construction permit for the allotment is won is less than the defaulted bid. The deficiency payment amount is the difference between the bidder's net defaulted bid and the subsequent net winning bid, or the difference between the bidder's gross defaulted bid and the subsequent gross winning bid, whichever is less.²¹ The additional payment amount is owed by each defaulting bidder.²² Pursuant to the rule in effect at the time of Auction 37, the additional payment amount is equal to three percent (3%) of the defaulter's bid, or the subsequent winning bid, whichever is less.²³

Until a construction permit for the relevant allotment is won in a subsequent auction, the Commission cannot determine the full amount of the default payment that is owed. Pursuant to its rules, the Commission therefore assesses an interim default payment amounting to three percent (3%) of the net winning bid.²⁴ Once a subsequent winning bid for the relevant allotment is established, the remaining

amount owed by the defaulting party, if any, is then assessed.

Accordingly, Nassau is considered to be in default on the Permits for which it was the winning bidder in Auction 37, and is subject to the applicable default payment.²⁵ Pursuant to section 1.2104(g)(2) of the Commission's rules and the procedures established for Auction 37, Nassau owes an interim default payment of \$49,230.00 which is three percent (3%) of its total net winning bid of \$1,641,000.00.²⁶ Pursuant to section 1.2106(e) of the rules, we will apply Nassau's \$328,200.00 payment on deposit toward satisfying this interim default payment obligation.²⁷ Once a subsequent winning bid is established for the relevant allotment, we will determine Nassau's final default payment obligation. If an additional payment is required, a further order will assess such payment.²⁸
