RURAL BROADBAND EXPERIMENT SUPPORT AUTHORIZED FOR WINNING BIDS SUBMITTED BY SKYBEAM, LLC, DAKTEL COMMUNICATIONS, LLC, FEDERATED TELEPHONE COOPERATIVE, AND PAUL BUNYAN RURAL TELEPHONE COOPERATIVE

WC Docket No. 10-90 WC Docket No. 14-259

By this Public Notice, the Wireline Competition Bureau (Bureau) authorizes rural broadband experiment support for Skybeam, LLC (Skybeam), Daktel Communications, LLC (Daktel), Federated Telephone Cooperative (Federated), and Paul Bunyan Rural Telephone Cooperative (Paul Bunyan) for the winning bids identified in the Attachment to this Public Notice. The \$16,138,691.71 in support that we authorize today will bring new broadband to 2,451 census blocks in five states.

On December 5, 2014, the Bureau announced the first round of provisionally selected bidders for the rural broadband experiments.¹ On March 4, 2015, the Bureau announced a second round of provisionally selected bidders.² By specified deadlines, the provisionally selected bidders were required to submit certain technical and financial information, a letter of credit (LOC) commitment letter from a bank meeting the Commission's requirements, and documentation of their eligible telecommunications carrier (ETC) designations in all of the areas for which they will receive support, and certify that the information submitted is accurate.³ After reviewing the winning bidder's submissions, the Bureau on September 15, 2015 announced that it was ready to authorize support for 13 specific provisionally selected bids and set a deadline of September 29, 2015 for the bidders to submit a least one acceptable irrevocable stand-by LOC and Bankruptcy Code opinion letter from legal counsel.⁴

For each of the winning bids identified in the Attachment, the Bureau has reviewed the winning bidders' submissions, including the LOC and Bankruptcy Code opinion letter from the winning bidders'

² Wireline Competition Bureau Announces Additional Provisionally Selected Bidders for Rural Broadband Experiments and Sets Deadlines for Submission of Additional Information, WC Docket Nos. 10-90 and 14-259, Public Notice, 30 FCC Red 2045 (Wireline Comp. Bur. 2015).

³ Connect America et al., WC Docket Nos. 10-90 and 14-58, Report and Order and Further Notice of Proposed Rulemaking, 29 FCC Rcd 8769, 8778–79, 8787–88, paras. 22–23, 52, 54 (2014) (Rural Broadband Experiments Order).

⁴ Wireline Competition Bureau Announces Rural Broadband Experiments Support for 15 Provisionally Selected Bids is Ready to Be Authorized and Releases Updated Frequently Asked Questions, WC Docket Nos. 10-90 and 14-259, Public Notice, 30 FCC Rcd 9978 (Wireline Comp. Bur. 2015); *Id.* (granting Skybeam's and Paul Bunyan's requests for waiver of the deadline for filing proof of ETC status based on good faith efforts to comply).

legal counsel. Based on the representations and certifications in the winning bidders' applications, the Bureau now authorizes support for the winning bids listed in the Attachment. A list of the relevant census blocks is available at https://www.fcc.gov/encyclopedia/rural-broadband-experiments.

Upon issuance of this Public Notice, the Universal Service Administrative Company (USAC) is directed and authorized to obligate and disburse from the Connect America reserve account the support amounts identified in the Attachment to the winning bidder associated with each study area specified in the Attachment. USAC shall disburse the support amounts to Federated and Paul Bunyan in 120 equal monthly installments over the ten-year support term. Skybeam and Daktel elected to receive 30 percent of the total support upfront in exchange for meeting accelerated deployment obligations. USAC shall disburse 30 percent of those winning bidders' total support amount with the first monthly payment, and disburse the remaining 70 percent of their support in 120 equal monthly installments over the 10-year term. USAC will make disbursement payments to the account on file for the Service Provider Identification Number associated with the rural broadband experiment study area code (SAC).

Because the interim status reporting requirement adopted in the *Rural Broadband Experiments Order* was a one-time obligation expiring on November 1, 2015,⁶ recipients authorized to receive support after November 1, 2015 will first report on the status of their project in July 2016 pursuant to annual reporting obligations.⁷ We note that we have concluded previously that there is good cause to waive on our own motion the general high-cost support program requirement that the relevant states file a section 54.314 certification on rural broadband experiment recipients' behalf by October 1, 2015 with respect to the use of rural broadband experiment support received in 2015.⁸

We remind recipients that a winning bidder that has been authorized to receive rural broadband experiment support will default if it fails to meet its build-out obligations to offer service delivering the requisite speed, latency, usage and pricing, fails to keep open and renew its LOC, or fails to fulfill any other term or condition of rural broadband experiment support. Under the terms of the LOC, the Commission will be entitled to draw upon the LOC after a recipient's default and opportunity to cure. Recipients may also be subject to other sanctions for non-compliance with the terms and conditions of the rural broadband experiments or the Commission's rules. 11

We note that price cap carriers that serve the census blocks where the rural broadband experiment winning bidders have been authorized to receive support no longer have a federal high-cost ETC

¹³ Recipients authorized to receive support for category one projects must deploy a network capable of delivering 100 Mbps downstream/25 Mbps upstream and offer at least one service plan that provides 25 Mbps downstream/5 Mbps upstream to all eligible locations. For that service plan, recipients must provide usage that is reasonably comparable to usage available for comparable wireline offerings in urban areas, at a price that meets the Commission's reasonable comparability benchmarks, and latency no greater than 100 milliseconds.

¹⁴ The Bureau previously authorized Skybeam to begin receiving rural broadband experiment support for bids numbers 2, 3, 7 and 8. *Rural Broadband Experiment Support Authorized for Ten Winning Bids for Skybeam, LLC, Consolidated Communications Networks, Inc., Delta Communications LLC, and Allamakee-Clayton Electric Cooperative, Inc.,* WC Docket Nos. 10-90 and 14-259, Public Notice, 30 FCC Rcd. 8283 (Wireline Comp. Bur. 2015). Skybeam withdrew bid number 6 from further consideration. *See* Letter from Jeff Kohler, Chief Development Officer, Skybeam, LLC, to Marlene H. Dortch, Secretary, Federal Communications Commission, WC Docket Nos. 10-90 and 14-259 (filed Mar. 30, 2015).
