APPLICATIONS FILED FOR THE TRANSFER OF CONTROL OF THE INNOVATIVE COMPANIES TO ATLANTIC TELE-NETWORK, INC.

PLEADING CYCLE ESTABLISHED

WC Docket No. 15-264

Comments/Petitions Due: December 21, 2015

Reply Comments/Oppositions to Petitions Due: January 5, 2016

National Rural Utilities Cooperative Finance Corporation (CFC) and Atlantic Tele-Network, Inc. (ATN) filed a series of applications, pursuant to sections 214 and 310(d) of the Communications Act of 1934, as amended (Act), seeking approval to transfer control of DTR Holdings, LLC (DTR), Vitelcom Cellular, Inc. d/b/a Innovative Wireless, Innovative Long Distance, Inc., Virgin Islands Telephone Corporation d/b/a Innovative Telephone, Caribbean Communications Corporation d/b/a Innovative Cable TV St. Thomas-St. John, and ICC TV, Inc. d/b/a CBS-TV2 (collectively Innovative Companies, together with CFC and ATN, Applicants) from CFC to ATN.¹

Applicants state that CFC owns and controls Caribbean Asset Holdings, LLC (CAH), which owns and controls DTR, which in turn owns and controls each of the Innovative Companies and their operating affiliates. CFC, CAH, and DTR do not, themselves, provide telecommunications services. All the Innovative Companies are U.S. based and provide incumbent local exchange, intrastate and interstate interexchange, international, commercial mobile radio, broadband, and cable TV services in the U.S. Virgin Islands.² Applicants state that CFC, a non-governmental cooperative financial institution that is owned by and provides financing to its members, acquired control of the Innovative Companies and their U.S. Virgin Islands operating affiliates in 2010 as part of a credit bid in bankruptcy court to satisfy, in part, the debts of the Innovative Companies' bankrupt former parent companies and ultimate owner.³

ATN, a publicly traded Delaware corporation, provides mobile wireless services in the U.S. Virgin Islands through its subsidiary, Choice Communications, LLC. Applicants state that ATN and its subsidiaries provide no other services in the U.S. Virgin Islands. ATN's other affiliates provide mobile wireless services in Arizona, California, Colorado, Montana, Nebraska, Nevada, New Mexico, Texas,

Consolidated Application for Consent To Transfer Control of Domestic and International Section 214 Authority*, WC Docket No. 15-264 (filed Oct. 30, 2015) (Lead Application). Applicants state that the Innovative Companies also include St. Croix Cable TV, Inc. d/b/a Innovative Cable TV St. Croix and VI PowerNet, LLC, which do not hold Commission licenses.

² Applicants submitted a list of licenses and authorizations by licensee/authorization holder. *Id.* at Att. 2. The U.S. Virgin Islands consists of three discontinuous islands, St. Thomas, St. Croix, and St. John, and other minor islands.

³ Lead Application, Att. 1, Description of Proposed Transaction, Public Interest Statement, and Related Requests and Showings (Public Interest Statement), at 4.

Utah, and Wyoming and competitive LEC services in New Hampshire, New York, and Vermont.⁴ Applicants further state that Cornelius B. Prior, Jr., a U.S. citizen, owns approximately 28 percent of ATN's shares and that ATN has no controlling owner. ATN has no other ten percent or greater equity interest holders.

ATN is the parent company of ATN VI Holdings, LLC (ATN Holdings), a Delaware limited liability company created to acquire CFC's interest in CAH. ATN owns all of ATN Holdings' member interests. Applicants state that ATN Holdings will acquire all of CFC's member interests in CAH. They explain that the proposed transaction is equity-based, rather than an assignment of assets. They state that "ATN will pay CFC approximately \$145 million, subject to potential adjustments, with \$85 million payable in cash and the option for ATN to finance up to \$60 million of the purchase price with a loan from CFC's affiliate, Rural Telephone Finance Cooperative."⁵

Applicants assert that grant of the applications will serve the public interest, convenience, and necessity. They state that ATN is an experienced telecommunications provider, including in rural and underserved areas, and is financially well-qualified to serve the U.S. Virgin Islands.⁶ They further state that ATN, which will have greater purchasing power and economies of scale after consummation of the transaction, will improve broadband coverage in the U.S. Virgin Islands by combining high-speed broadband offered by the Innovative Companies' network with ATN's mobile Long Term Evolution (LTE) services that it will deploy post-closing.⁷ They affirm that ATN will build upon CFC's existing efforts to minimize service disruptions due to hurricanes and other natural disasters.⁸ According to Applicants, the proposed transaction will enhance competition in the mobile voice and data market by making ATN a more viable competitor to the larger companies serving the U.S. Virgin Islands.⁹ Finally, Applicants maintain that the transaction will not impede competition in the local exchange, interexchange, wireline broadband, fixed wireless broadband, and Multichannel Video Programming Distribution (MPVD) markets.¹⁰

⁴ Applicants state that ATN also provides wireless and wireline telecommunications services in Guyana, Aruba, and Bermuda. *Id.* at 11-12. ATN is classified as a dominant carrier on the U.S.-Guyana route pursuant to section 63.10 of the Commission's rules. 47 C.F.R. § 63.10. The Innovative Companies agree to be classified as dominant on the U.S.-Guyana route pursuant to section 63.10 of the Commission's rules following consummation of the proposed transaction. *Id.* at 8-9.
