PUBLIC SAFETY AND HOMELAND SECURITY BUREAU ANNOUNCES
REGION 41 (UTAH) 700 MHZ REGIONAL PLANNING COMMITTEE TO HOLD MEETING

WT Docket 02-378

The Region 41 (Utah) 700 MHz Regional Planning Committees (RPC) will hold its annual meeting on Friday, December 11, 2015. Beginning at 9:00 a.m., the 700 MHz RPC will convene at the Valley Emergency Communications Center, 5360 South Ridge Village Drive, Salt Lake City, Utah 84118.

The agenda for the 700 MHz RPC meeting includes:

- Approval of the 700 MHz Regional Plan Modification due to FCC rule changes under Report & Order 14-172, dated October 17, 2014
- Approval of the 700 MHz application for the Unified Fire Authority

The Region 41 Public Safety Planning Committee meetings are open to the public. All eligible public safety providers in Utah whose sole or principal purpose is to protect the safety of life, health, or property may utilize these frequencies. It is essential that not only public safety, but all government, Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent their agency's needs.

All interested parties wishing to participate in the planning for use of new public safety spectrum in the 700 MHz band within Region 41 should plan to attend. Region 41 welcomes all interested parties to attend, participate and volunteer for committee assignments. For further information on any of the Region 41 planning meetings, please contact:
