**COMMENTS INVITED ON APPLICATION OF CINCINNATI BELL
TELEPHONE COMPANY LLC TO DISCONTINUE DOMESTIC
TELECOMMUNICATIONS SERVICES**

WC Docket No. 14-266
Comp. Pol. File No. 1188

Section 214 Application

Applicant: Cincinnati Bell Telephone Company LLC

On **October 30, 2014**, **Cincinnati Bell Telephone Company LLC** (CBT or Applicant), located at **221 East Fourth Street, Cincinnati, Ohio 45202**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue a certain domestic telecommunications service within CBT's service areas in the Bethel, Ohio and Fairfield, Ohio wire centers (Service Areas).

CBT indicates that it currently offers Voice Grade Service in the Service Areas (Affected Service) as described in CBT's FCC Tariff No. 35 and CBT's intrastate Ohio Access Tariff PUCO No. 2. CBT explains that its Voice Grade Service consists of channels which provide voice frequency transmission capability in the nominal frequency range of 300 to 3000 Hz and may be terminated two-wire or four-wire. According to CBT, Voice Grade channels are provided between customer designated premises, between a customer designated premises and a Telephone Company hub or as a WATS Access Line (WAL) between a customer designated premises and a WATS Serving Office (WSO). CBT indicates, however, that Voice Grade Service has declined as customers move to faster Ethernet-based services. In the application, CBT asserts, for example, that there are no more than eight customers that currently receive the Affected Service in the Service Areas. In its notice to customers, CBT also states that it is in the process of expanding the reach of its fiber optic network and removing equipment from the network that no longer meets its standards for reliability and performance. CBT indicates that it now plans to discontinue Voice Grade Service in the Service Areas on or after March 1, 2015, subject to Commission authorization. CBT, nevertheless, maintains that the public convenience and necessity will not be impaired by the proposed discontinuance given the small number of affected customers. According to CBT, notification letters were sent via U.S. mail on October 17, 2014 to inform affected customers of the proposed discontinuance. CBT indicates that it is considered dominant with respect to the service to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, CBT's application will be deemed to be granted automatically on the 60th day after the release date of this public notice, unless the Commission notifies CBT that the grant will not be automatically effective. In its notice to customers,

CBT indicates that it plans to discontinue Voice Grade Service in the Service Areas on or after March 1, 2015, subject to Commission authorization. Accordingly, pursuant to section 63.71(c) and the terms of CBT's application, absent further Commission action, CBT may discontinue its Voice Grade Service in the Service Areas on or after **March 30, 2015**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **March 2, 2015**. Such comments should refer to **WC Docket No. 14-266 and Comp. Pol. File No. 1188**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service.
