**WC Docket No. 15-317**

**Comments Due: January 19, 2016**

### **Section 214 Application**

**Applicant: Northeast Florida Telephone Company**

On **November 30, 2015**, **Northeast Florida Telephone Company** (Northeast Florida Telephone or Applicant), located at **130 N 4th St., Macclenny, FL 32063**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended,<sup>1</sup> and section 63.71 of the Commission's rules,<sup>2</sup> to discontinue certain domestic telecommunications services in its service area in Baker County, Florida (Service Area).<sup>3</sup> On December 17, 2015, Northeast Florida Telephone filed an amendment to update the record regarding the notice provided to customers.<sup>4</sup> Accordingly, Northeast Florida Telephone's application is deemed complete as of December 17, 2015.

Northeast Florida Telephone indicates that it currently offers certain operator services, including Busy Line Verification and Busy Line Interrupt services in the Service Area (collectively, Affected Services). Northeast Florida Telephone describes Busy Line Verification service as a service that allows a company operator to determine and report the status of an exchange line (conversation in progress/no conversation in progress) at the request of a calling party. Northeast Florida Telephone explains that Busy Line Interrupt service allows a company operator, at the request of a calling party, to determine and report that a conversation is in progress on a busy line and to interrupt the conversation to inform the parties that another party wants to place a call to the line. Northeast Florida Telephone asserts, however, that there is little to no customer demand for the Affected Services and that company records indicate that almost no customers are making use of the services. Accordingly, Northeast Florida Telephone submits that it plans to

discontinue the Affected Services in the Service Area on or after January 30, 2016, pending regulatory approval. Northeast Florida Telephone indicates that it sent notice of the proposed discontinuance to all affected customers via bill notification on November 30, 2015. Northeast Florida Telephone submits that this is the usual method by which the company provides notices of this kind throughout the year, and that its customers expect to receive regulatory notices in this manner. The Applicant maintains that the public convenience and necessity will not be adversely affected by the proposed discontinuance. Northeast Florida Telephone asserts that it is an incumbent local exchange carrier and considered dominant with respect to the services it proposes to discontinue.

In accordance with section 63.71(d) of the Commission's rules, Northeast Florida Telephone's application will be deemed granted automatically on February 16, 2016, the 60th day after the release date of this Public Notice, unless the Commission notifies Northeast Florida Telephone that the grant will not be automatically effective.<sup>5</sup> We note that the date on which an application for Commission authorization is deemed granted may be different from the date on which an applicant is authorized to discontinue, reduce, or impair service. In the Application, Northeast Florida Telephone indicates that it plans to discontinue the Affected Services in the Service Area on or after January 30, 2016, pending regulatory approval. Accordingly, pursuant to section 63.71(d), and the terms of the Application, absent further Commission action, Northeast Florida Telephone may discontinue, reduce or impair the Affected Services in the Service Area on or after **February 16, 2016**, in accordance with Northeast Florida Telephone's filed representations. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected. For purposes of computation of time when filing a petition for reconsideration, application for review, or petition for judicial review of the Commission's decision, the date of "public notice" shall be the latter of the auto grant date stated above in this Public Notice, or the release date of any further public notice or order announcing final action, as applicable. Should no petitions for reconsideration, applications for review, or petitions for judicial review be timely filed, the proceeding listed in this Public Notice shall be terminated, and the docket will be closed.

Comments objecting to this application must be filed with the Commission on or before **January 19, 2016**. Such comments should refer to **WC Docket No. 15-317 and Comp. Pol. File No. 1267**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies.<sup>6</sup> Comments may be filed electronically using the Internet by accessing the ECFS: <http://apps.fcc.gov/ecfs>.
