### **Section 214 Application**

**Applicant: TelCove Operations, LLC**

On **March 9, 2015**, **TelCove Operations, LLC** (TelCove or Applicant), located at **1025 Eldorado Boulevard, Broomfield, CO 80021**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue a certain domestic telecommunications service in the Augusta, Georgia metropolitan area (Service Area).<sup>1</sup>

TelCove indicates that it currently offers Analog Phone Service in the Service Area (Affected Service). According to TelCove, its Analog Phone Service provides a voice-grade telephonic communications channel that can be used to place or receive one call at a time. TelCove states, however, that it plans to discontinue the Affected Service in the Service Area on or after April 15, 2015, or as soon thereafter as any necessary regulatory approvals are obtained. The Applicant submits that the public convenience and necessity will not be adversely affected by the proposed discontinuance because customers were provided advance notice and ample time to arrange for substitute services which are readily available. In addition, TelCove maintains that it sent written notice to affected customers in compliance with the Commission's rules on March 9, 2015.<sup>2</sup> TelCove asserts that it is considered non-dominant with respect to the service to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, TelCove's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies TelCove that the grant will not be automatically effective. In its notice to

TelCove indicates that it also filed notice of the proposed discontinuance with the International Bureau. Discontinuance of international service is governed by section 63.19 of the Commission's rules. See 47 C.F.R. § 63.19.

customers, TelCove indicates it plans to discontinue the Affected Service in the Service Area on or after April 15, 2015, or as soon thereafter as any necessary regulatory approvals are obtained. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.
