WIRELINE COMPETITION BUREAU RELEASES LIST OF SPECIAL ACCESS DATA COLLECTION RESPONDENTS

WC Docket No. 05-25; RM-10593

On December 11, 2012, the Commission adopted an order requiring providers, certain purchasers of special access services, and certain entities providing “best efforts” services to submit data and information for a comprehensive evaluation of the special access market.¹ There were three separate deadlines for filing responses, with the last remaining responses due by February 27, 2015.² Attached are two lists identifying: (1) the entities that filed data and information in response to the collection questions (Attachment A); and (2) those entities filing certifications indicating that they are not covered by the scope of the collection (Attachment B).³ The Wireline Competition Bureau is in the process of facilitating public access to the collected data and information consistent with the restrictions contained in the protective order released on October 1, 2014.⁴

¹ See *Special Access for Price Cap Local Exchange Carriers; AT&T Corporation Petition for Rulemaking to Reform Regulation of Incumbent Local Exchange Carrier Rates for Interstate Special Access Services*, WC Docket No. 05-25, RM-10593, Order and Further Notice of Proposed Rulemaking, 27 FCC Rcd 16318 (2012) (*Data Collection Order*); Report and Order, 28 FCC Rcd 13189 (Wireline Comp. Bur. 2013); Order on Reconsideration, 29 FCC Rcd 10899 (Wireline Comp. Bur. 2014) (*Reconsideration Order*); Order, 29 FCC Rcd 14346 (Wireline Comp. Bur. 2014) (*Extension Order*).

² The three separate filing deadline categories were: (1) December 15, 2014, for streamlined certifications from entities not required to provide data and information in response to the data collection questions; (2) January 29, 2015, for “large businesses with more than 1,500 employees” to provide their responsive data and information; and (3) February 27, 2015, for “small businesses with 1,500 or fewer employees” to provide their responsive data and information. See *Extension Order*, 29 FCC Rcd at 14346, para. 1.

³ See *Data Collection Order*, 27 FCC Rcd at 16331-38, paras. 30-48 (discussing entities required to respond, and excluding from the scope of the collection entities providing “best efforts” services to fewer than 15,000 customers and fewer than 1,500 business broadband customers as of December 18, 2012); *Reconsideration Order*, 29 FCC Rcd at 10902, para. 8 (excluding from the scope of the collection purchasers “that purchased less than \$5 million in Dedicated Services in 2013 (in areas where the ILEC is subject to price cap regulation)”).

⁴ *Special Access for Price Cap Local Exchange Carriers; AT&T Corporation Petition for Rulemaking to Reform Regulation of Incumbent Local Exchange Carrier Rates for Interstate Special Access Services*, WC Docket No. 05-25, RM-10593, Order and Data Collection Protective Order, 29 FCC Rcd 11657 (Wireline Comp. Bur. 2014).

When reviewing the attached lists, please note that a filing by one entity may include information for one or more affiliated companies.⁵ In addition, the data collected were mainly from “calendar year 2013.”⁶ Interested parties wanting to bring attention to inaccuracies or omissions in the lists can send an e-mail to SPADC@fcc.gov with contact information for the sender (name, title, company represented, telephone number and e-mail address) and details regarding any inaccuracies/omissions.

For further information regarding this aspect of the proceeding, please contact Greg Haledjian, Pricing Policy Division, Wireline Competition Bureau, at (202) 418-7440 or at Gregory.Haledjian@fcc.gov.

See Special Access Frequently Asked Questions, at 26-27, https://apps.fcc.gov/edocs_public/attachmatch/DOC-331310A1.docx. Entities submitting data and information in response to the collection questions on behalf of other affiliated companies were instructed to identify the affiliates covered by the filing in an explanatory attachment included with the submission. See Instructions for Data Collection for Special Access Proceeding, WC Docket No. 05-25, RM-10593, at 8 (Dec. 5, 2014), <http://www.fcc.gov/encyclopedia/instructions>.
