Transfer of Control

Grant of Authority Date of Action: 07/30/2015

Current Licensee: ITC Global USA, LLC

FROM: Riverside Fund IV, L.P.

TO: Panasonic Corporation of North America

Application filed for consent to the transfer of control of international section 214 authorization, ITC-214-20110609-00184, held by ITC Global USA, LLC (ITC USA), from Riverside Fund IV, L.P. (Riverside) to Panasonic Corporation of North America (PNA). ITC USA is a wholly-owned subsidiary of ITC Global, Inc. (ITC Global), which in turn is a wholly-owned subsidiary of ITC Global Holdings, LLC (ITC Holdings). Riverside exercises de jure and de facto control over ITC Holdings through its ownership of a majority of the equity and voting interests in ITC Holdings.

Pursuant to a purchase agreement dated February 27, 2015, PNA will acquire 100 percent of the equity securities of ITC Global from ITC Holdings. Upon closing, ITC Global will become a wholly-owned direct subsidiary of PNA and ITC USA will remain a wholly-owned direct subsidiary of ITC Global and an indirect subsidiary of PNA. PNA is a wholly-owned subsidiary of Panasonic Corporation (Panasonic), a Japanese corporation. Panasonic is a widely-held, publicly-traded company in which no individual or entity holds a ten percent or great direct or indirect equity or voting interest.

We grant the Petition to Adopt Conditions to Authorizations and Licenses filed in this proceeding on July 30, 2015, by the U.S. Department of Justice ("DOJ") including its components, the National Security Division ("NSD") and the Federal Bureau of Investigation ("FBI"). Accordingly, The DOJ conditions grant of this international section 214 authorization on compliance by Panasonic Corporation of North America with the commitments and undertakings set forth in the July 28, 2015 letter from Joseph M. Taylor, Chairman and Chief Executive Officer (CEO), Panasonic Corporation of North America, and Paul A. Margis, CEO, Panasonic Avionics Corporation, to the Unit Chief, Science and Technology Policy and Law Unit, FBI (Letter). A failure to comply and/or remain in compliance with any of these commitments and undertakings shall constitute a failure to meet a condition of the authorization and thus grounds for declaring the authorization terminated without further action on the part of the Commission. Failure to meet a condition of the authorization may also result in monetary sanctions or other enforcement action by the Commission. The Petition and the Letter may be viewed on the FCC's website through the International Bureau Filing System (IBFS) by searching for ITC-T/C-20150316-00066 and accessing the "Other Filings related to this application" from the Document Viewing Area.

This authorization is without prejudice to the Commission's action in any other related pending proceedings.

CONDITIONS APPLICABLE TO INTERNATIONAL SECTION 214 AUTHORIZATIONS

(1) These authorizations are subject to the Exclusion List for International Section 214 Authorizations, which identifies restrictions on providing service to particular countries or using particular facilities. The most recent Exclusion List is at the end of this Public Notice. The list applies to all U.S. international carriers, including those that have previously received global or limited global Section 214 authority, whether by Public Notice or specific written order. Carriers are advised that the attached Exclusion List is subject to amendment at any time pursuant to the procedures set forth in Streamlining the International Section 214 Authorization Process and Tariff Requirements, IB Docket No. 95-118, 11 FCC Rcd 12884 (1996), para. 18. A copy of the current Exclusion List will be maintained in the FCC Reference and Information Center and will be available at <http://transition.fcc.gov/ib/pd/pf/exclusionlist.html>. It also will be attached to each Public Notice that grants international Section 214 authority.

(2) The export of telecommunications services and related payments to countries that are subject to economic sanctions may be restricted. For information concerning current restrictions, call the Office of Foreign Assets Control, U.S. Department of the Treasury, (202) 622-2520.

(3) Carriers shall comply with the requirements of Section 63.11 of the Commission's rules, which requires notification by, and in certain circumstances prior notification by, U.S. carriers acquiring an affiliation with foreign carriers. A carrier that acquires an affiliation with a foreign carrier will be subject to possible reclassification as a dominant carrier on an affiliated route pursuant to the provisions of Section 63.10 of the rules.

(4) A carrier may provide switched services over its authorized resold private lines in the circumstances specified in Section 63.23(d) of the rules, 47 C.F.R. § 63.23(d).

(5) Carriers shall comply with the "No Special Concessions" rule, Section 63.14, 47 C.F.R. § 63.14.

(6) Carriers regulated as dominant for the provision of a particular communications service on a particular route for any reason other than a foreign carrier affiliation under Section 63.10 of the rules shall file tariffs pursuant to Section 203 of the Communications Act, as amended, 47 U.S.C. § 203, and Part 61 of the Commission's Rules, 47 C.F.R. Part 61. Carriers shall not otherwise file tariffs except as permitted by Section 61.19 of the rules, 47 C.F.R. § 61.19. Except as specified in Section 20.15 with respect to commercial mobile radio service providers, carriers regulated as non-dominant, as defined in Section 61.3, and providing detariffed international services pursuant to Section 61.19, must comply with all applicable public disclosure and maintenance of information requirements in Sections 42.10 and 42.11.

(7) Carriers shall file the annual traffic and revenue reports required by Section 43.62(b). See <http://www.fcc.gov/encyclopedia/international-traffic-and-revenue-report>.

(8) Carriers shall file annual circuit capacity reports required by Section 43.62(a). See <http://www.fcc.gov/encyclopedia/circuit-capacity-report>.

(9) Carriers should consult Section 63.19 of the rules when contemplating a discontinuance, reduction or impairment of service.

(10) If any carrier is reselling service obtained pursuant to a contract with another carrier, the services obtained by contract shall be made generally available by the underlying carrier to similarly situated customers at the same terms, conditions and rates. 47 U.S.C. § 203.

(11) To the extent the applicant is, or is affiliated with, an incumbent independent local exchange carrier, as those terms are defined in Section 64.1902 of the rules, it shall provide the authorized services in compliance with the requirements of Section 64.1903.

(12) Except as otherwise ordered by the Commission, a carrier authorized here to provide facilities-based service that (i) is classified as dominant under Section 63.10 of the rules for the provision of such service on a particular route and (ii) is affiliated with a carrier that collects settlement payments for terminating U.S. international switched traffic at the foreign end of that route may not provide facilities-based switched service on that route unless the current rates the affiliate charges U.S. international carriers to terminate traffic are at or below the Commission's relevant benchmark adopted in International Settlement Rates, IB Docket No. 96-261, Report and Order, 12 FCC Rcd 19806 (1997). See also Report and Order on Reconsideration and Order Lifting Stay in IB Docket No. 96-261, FCC 99-124 (rel. June 11, 1999). For the purposes of this rule, "affiliated" and "foreign carrier" are defined in Section 63.09.

(13) Carriers shall comply with the Communications Assistance for Law Enforcement Act (CALEA), see 47 C.F.R. §§ 1.20000 et seq.

(14) Every carrier must designate an agent for service in the District of Columbia. See 47 U.S.C. § 413, 47 C.F.R. §§ 1.47(h), 64.1195.
