Modification

Grant of Authority

Date of Action: 08/12/2015

Application to modify the cable landing license for the South American Crossing cable system (SAC cable system), SCL-LIC-19990823-00015, held by Global Crossing Telecommunications, Inc. (GCTI), to authorize construction and operation of an additional segment extending the existing cable system to Buenaventura, Colombia. The SAC cable system currently links St. Croix, U.S. Virgin Islands, with Fortaleza, Rio de Janeiro and Santos, Brazil; Las Toninas, Argentina; Valparaiso, Chile; Lurin, Peru; and Fort Amador, Panama. The cable is operated on a non-common carrier basis.

The SAC cable system will be connected to Colombia by the insertion of the SAC Colombia spur between the existing Segment H cable stub and a new cable station to be constructed at Punta Bazan in Buenaventura, Colombia. The SAC Colombia spur will have a design capacity of 4.5 Terabits and an initial capacity of 400 Gbps. Level 3 Colombia will own the new cable station in Buenaventura, Colombia and Segment H extending from Buenaventura to a branching unit off the Colombian coast. GCTI will continue to own the cable station in St. Croix and the portion of SAC extending from St. Croix to a point one-half mile beyond the limit of the U.S. territorial sea. The remaining portions of SAC in international waters or in the territorial seas of Argentina, Brazil, Panama, and Peru will continue to be owned by other wholly-owned, indirect subsidiaries of Level 3 Parent.

GCTI is a wholly-owned, indirect subsidiary of Level 3 Communications, Inc. (Level 3 Parent). Southeastern Asset Management, Inc. (SAM) will hold sole or shared voting rights for approximately 16.5% of outstanding shares of Level 3 that are owned by other entities for whom SAM acts as an investment advisor. None of SAM's owners holds a ten percent or greater direct or indirect equity or voting interest in Level 3 Parent. STT Crossing Ltd, a Mauritius holding company, will own approximately 16.3% of Level 3 Parent. STT Crossing is a wholly-owned, indirect subsidiary of Temasek Holdings (Private) Limited, a Singapore investment holding company. Tamasek is wholly owned by the Government of Singapore through the Minister of Finance.

GCTI agrees to accept and abide by the routine conditions set out in section 1.767(g) of the Commission's rules, 47 C.F.R. § 1.767(g).

GCTI requests that the Commission condition grant of the modified authority on GCTI's continued compliance with the September 26, 2011 agreement between Level 3 Communications, Inc. and the U.S. Department of Defense, Homeland Security and Justice. We condition the cable landing license as modified on Global Crossing Telecommunications, Inc. complying with September 26, 2011 agreement between Level 3 Communications, Inc. and the Department of Defense, Department of Homeland Security and Department of Justice. The September 26, 2011 agreement may be viewed on the FCC's website through the International Bureau Filing System (IBFS) by searching for SCL-MOD-20150129-00002 and accessing the "Other Filings related to this application" from the Document Viewing Area.
