COMMENTS INVITED ON APPLICATION OF POKA LAMBRO TELEPHONE COOPERATIVE, INC. TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 15-321
Comp. Pol. File No. 1269

Comments Due: February 5, 2016

Section 214 Application

Applicant: Poka Lambro Telephone Cooperative, Inc.

On December 1, 2015, Poka Lambro Telephone Cooperative, Inc. (Poka Lambro or Applicant), located at P.O. Box 1340, Tahoka, TX 79373, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended,¹ and section 63.71 of the Commission's rules,² to discontinue certain domestic telecommunications services within its certificated service area in Texas (Service Area).³

Poka Lambro indicates that it currently offers certain operator services, including Collect Call, Bill to Third Number, Billed to Credit Card, Busy Line Verification, Busy Line Interrupt, and Person-to-Person in the Service Area (Affected Services).⁴ Poka Lambro asserts, however, that there has been a lack of customer demand for the Affected Services. Accordingly, Poka Lambro submits that it made a business decision to discontinue the Affected Services in the Service Area on or after March 1, 2016, upon completion

¹ 47 U.S.C. § 214.

² 47 CFR § 63.71.

³ See Section 63.71 Application of Poka Lambro Telephone Cooperative, Inc. for Authority to Discontinue Certain Services, WC Docket No. 15-321 (filed Dec. 1, 2015), <http://apps.fcc.gov/ecfs/comment/view?id=60001320137> (Application).

⁴ Poka Lambro defines Collect Call as a billing arrangement by which the charge for a call may be reversed provided the charge is accepted at the called service point. Poka Lambro explains that Bill to Third Number is a billing arrangement by which an operator-assisted call may be charged to an authorized service point other than the service point originating the call or the service point where the call is terminated. Billed to Credit Card is described by the Applicant as a billing arrangement by which an operator-assisted call may be charged to an authorized credit card. According to Poka Lambro, Busy Line Verification is an operator service that allows the operator to confirm when a line is idle or in use. Poka Lambro explains that Busy Line Interrupt is an operator service that allows the operator to break into a conversation when a line is in use. The Applicant also indicates that Person-to-Person is a service that allows the person originating the call to specify to the operator a particular person to be reached, a particular mobile service point to be reached through a Mobile Telephone Service attendant, or a particular station, department or office to be reached through a PBX attendant.

of all necessary federal and state regulatory approvals. Poka Lambro indicates that it sent notice of the proposed discontinuance to all affected customers by U.S. Mail via bill insert on December 1, 2015. Poka Lambro states that a bill insert was the most economic method of reaching its rural customers. In addition, Poka Lambro indicates that it printed the bill insert on distinctly colored paper to distinguish it from the billing statement and bring sufficient attention to the notice. The Applicant maintains that its customers will not be adversely affected by the proposed discontinuance because, in the preceding 12 months, there has been only one instance of “busy line verify” usage and no additional usage of the remaining Affected Services. Poka Lambro asserts that it is an incumbent local exchange carrier and considered dominant with respect to the services it proposes to discontinue.

In accordance with section 63.71(d) of the Commission’s rules, Poka Lambro’s application will be deemed granted automatically on March 6, 2016, the 60th day after the release date of this Public Notice, unless the Commission notifies Poka Lambro that the grant will not be automatically effective.⁵ We note that the date on which an application for Commission authorization is deemed granted may be different from the date on which an applicant is authorized to discontinue, reduce, or impair service. In the Application, Poka Lambro indicates that it plans to discontinue the Affected Services in the Service Area on or after March 1, 2016, upon completion of all necessary federal and state regulatory approvals. Accordingly, pursuant to section 63.71(d), and the terms of the Application, absent further Commission action, Poka Lambro may discontinue, reduce or impair the Affected Services in the Service Area on or after **March 6, 2016**, in accordance with Poka Lambro’s filed representations. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected. For purposes of computation of time when filing a petition for reconsideration, application for review, or petition for judicial review of the Commission’s decision, the date of “public notice” shall be the latter of the auto grant date stated above in this Public Notice, or the release date of any further public notice or order announcing final action, as applicable. Should no petitions for reconsideration, applications for review, or petitions for judicial review be timely filed, the proceeding listed in this Public Notice shall be terminated, and the docket will be closed.

Comments objecting to this application must be filed with the Commission on or before **February 5, 2016**. Such comments should refer to **WC Docket No. 15-321 and Comp. Pol. File No. 1269**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission’s Electronic Comment Filing System (ECFS) or by filing paper copies.⁶ Comments may be filed electronically using the Internet by accessing the ECFS: <http://apps.fcc.gov/ecfs>.
