CITATION AND ORDER

ILLEGAL MARKETING OF UNAUTHORIZED RADIO FREQUENCY DEVICES

Adopted: November 17, 2016

Released: November 17, 2016

By the Acting Chief, Spectrum Enforcement Division, Enforcement Bureau:

I. NOTICE OF CITATION

1. This **CITATION AND ORDER** (Citation) notifies HobbyKing USA LLC (HobbyKing) that it marketed radio frequency (RF) devices in the United States in violation of the Commission’s equipment authorization and labeling requirements. The Commission’s equipment authorization and labeling rules ensure that devices that emit RF comply with the Commission’s technical requirements and do not interfere with authorized communications. Marketers must ensure that RF devices are properly authorized and comply with all applicable labeling and identification requirements prior to being offered for sale in the United States. We therefore direct HobbyKing to take immediate steps to comply with the Commission’s equipment authorization and labeling requirements and cease any marketing of unauthorized RF devices in the United States. If HobbyKing fails to comply with these laws, it may be liable for significant fines of up to \$18,936 per day and other sanctions.

2. **Notice of Duty to Comply with the Law:** We issue this Citation pursuant to Section 503(b)(5) of the Communications Act of 1934, as amended (Act), which states that the Commission may not impose monetary forfeitures against non-regulatees who violate Commission rules or the Act unless and until: (a) the Commission issues a citation to the violator; (b) the Commission provides the violator a reasonable opportunity to respond; and (c) the violator subsequently engages in conduct described in the citation.¹ Accordingly, HobbyKing is hereby on notice that it must comply with Section 302(b) of the Act and Sections 2.803 and 2.925 of the Commission’s rules (Rules).² If HobbyKing subsequently engages in any conduct of the type this Citation describes – and specifically any violation of Section 302(b) of the Act and Sections 2.803 and 2.925 of the Rules – it may be subject to civil penalties, including but not limited to, substantial monetary forfeitures and/or seizures of equipment. In assessing such forfeitures, the Commission may consider both the conduct that led to this Citation and the conduct following it.³

II. BACKGROUND

3. The Enforcement Bureau’s Spectrum Enforcement Division (Division) received complaints alleging that HobbyKing marketed RF transmitters and receivers in violation of the Commission’s equipment authorization and labeling requirements. Specifically, the Division received complaints regarding HobbyKing’s marketing of the OrangeRX DSMX/DSM2 Compatible 2.4 GHz Transmitter Module (JR/Turnigy compatible) and the OrangeRX T-Six 2.4 GHz DSM2 Compatible 6CH

² 47 U.S.C. § 302a(b); 47 CFR §§ 2.803, 2.925.

³ See S. Rep. No. 95-580, 95th Cong., 1st Sess. at 9 (1977) (If a person or entity that has been issued a citation by the Commission thereafter engages in the conduct for which the citation of violation was sent, the subsequent notice of apparent liability “would attach not only for the conduct occurring subsequently *but also for the conduct for which the citation was originally sent.*”) (emphasis added).

Transmitter with 10 Model Memory and 3-Pos Switch (Mode 1) (collectively, the OrangeRX Transmitters).

4. On January 20, 2016, the Division issued a letter of inquiry (LOI) to HobbyKing directing the company to provide information and documents related to the allegations.⁴ In response, HobbyKing's owner stated that HobbyKing is a small company that purportedly would "soon be ceasing operations entirely."⁵ HobbyKing's owner subsequently told the Division that the company ceased selling the OrangeRX Transmitters and no longer stocks these devices in the United States.⁶ HobbyKing also provided requested documents regarding the OrangeRX Transmitters.

III. APPLICABLE LAW AND VIOLATIONS

5. Section 302 of the Act provides that "[n]o person shall manufacture, import, sell, offer for sale, or ship devices or home electronic equipment and systems, or use devices, which fail to comply with [Commission] regulations."⁷ For devices requiring Commission certification, Section 2.803(b)(1) of the Rules prohibits marketing devices unless they have been authorized in accordance with the Commission's technical standards and properly identified and labeled.⁸ Section 2.925 of the Rules sets forth the identification and labeling requirements for devices requiring Commission certification.⁹

6. After examining the documentation HobbyKing provided in response to the LOI, the Division determined that the OrangeRX Transmitters were neither properly certified nor labeled with the required FCC identifier. Accordingly, based upon the information before us, we find that HobbyKing violated Section 302(b) of the Act and Sections 2.803(b)(1) and Section 2.925 of the Rules.

IV. OPPORTUNITY TO RESPOND TO THIS CITATION

7. HobbyKing may respond to this Citation within 30 calendar days from the release date of this Citation by any of the following methods: (1) a written statement, (2) a teleconference interview, or (3) a personal interview at the Commission Field Office nearest to HobbyKing's place of business.

8. If HobbyKing requests a teleconference or personal interview, contact Karen Mercer at (202) 418-2647. We note that such teleconference or interview must take place within 30 calendar days of the release date of this Citation. If HobbyKing prefers to submit a written response with supporting documentation, it must send the response within 30 calendar days of the release date of this Citation to the contact and address provided in the paragraph below.

For example, the Commission may impose monetary forfeitures against HobbyKing of up to \$18,936 for each such violation or each day of a continuing violation, and up to \$142,021 for any single act or failure to act.¹⁴ The Commission may
