Released: February 9, 2016

**RURAL BROADBAND EXPERIMENT SUPPORT
AUTHORIZED FOR WINNING BIDS SUBMITTED BY MIDWEST ENERGY COOPERATIVE
D/B/A MIDWEST CONNECTIONS AND NORTHERN VALLEY COMMUNICATIONS, LLC**

**WC Docket No. 10-90
WC Docket No. 14-259**

By this Public Notice, the Wireline Competition Bureau (Bureau) authorizes rural broadband experiment support for Midwest Energy Cooperative d/b/a Midwest Connections (Midwest Connections) and for Northern Valley Communications, LLC (Northern Valley) for the winning bids identified in the Attachment to this Public Notice. The aggregate \$2,233,652 in support that we authorize today will bring new broadband service to 289 census blocks.

On December 5, 2014, the Bureau announced the first round of provisionally selected bidders for the rural broadband experiments.¹ On March 4, 2015, the Bureau announced a second round of provisionally selected bidders.² The Commission requires provisionally selected bidders to submit, by specified deadlines, and to certify as accurate, certain technical and financial information as well as a letter of credit (LOC) commitment letter from a bank meeting the Commission's requirements, a Bankruptcy Code opinion letter from legal counsel, and proof of eligible telecommunications carrier (ETC) designation in all areas for which they will receive support.³ Absent waiver, the failure to timely provide such information and materials constitutes default and warrants removal of the bidder's project from any further consideration for RBE support.

On September 15, 2015, after reviewing the post-selection submissions, the Bureau announced that it was ready to authorize support for 13 specific provisionally selected bids, including the winning bids identified in the Attachment.⁴ As a condition of authorization, these bidders were required to submit,

¹ *Wireline Competition Bureau Announces Entities Provisionally Selected for Rural Broadband Experiments; Sets Deadlines for Submission of Additional Information*, WC Docket No. 10-90, Public Notice, 29 FCC Rcd 14684 (WCB 2014).

² *See Wireline Competition Bureau Announces Additional Provisionally Selected Bidders for Rural Broadband Experiments and Sets Deadlines for Submission of Additional Information*, WC Docket Nos. 10-90 and 14-259, Public Notice, 30 FCC Rcd 2045 (WCB 2015).

³ *Connect America et al.*, WC Docket Nos. 10-90 and 14-58, Report and Order and Further Notice of Proposed Rulemaking, 29 FCC Rcd 8769, 8778-79, 8787-88, paras. 22-23, 52, 54 (2014) (*Rural Broadband Experiments Order*).

⁴ *Wireline Competition Bureau Announces Rural Broadband Experiments Support for 13 Provisionally Selected Bids is Ready to Be Authorized and Releases Updated Frequently Asked Questions*, WC Docket Nos. 10-90 and 14-259, Public Notice, 30 FCC Rcd 9978, 9984, Attach. (WCB 2015).

by September 29, 2015, at least one acceptable irrevocable stand-by LOC and Bankruptcy Code opinion letter from legal counsel.⁵

For the winning bids identified in the Attachment, the Bureau has reviewed the submissions, including the LOC and Bankruptcy Code opinion letter from the bidders' legal counsel. Based on the representations and certifications in the application, the Bureau now authorizes support for the winning bids listed in the Attachment. A list of the relevant census blocks is available at <https://www.fcc.gov/encyclopedia/rural-broadband-experiments>.

Upon issuance of this Public Notice, the Universal Service Administrative Company (USAC) is directed and authorized to obligate and disburse from the Connect America reserve account the support amounts identified in the Attachment. Because Midwest Connections has elected to receive 30 percent of the total support upfront in exchange for meeting accelerated deployment obligations, USAC shall disburse 30 percent of the total support amount with the first monthly payment and disburse the remaining 70 percent of its support in 120 equal monthly installments over the 10-year term.⁶ Northern Valley, who has not so elected, will receive its support from USAC in equal installments over the 10-year term. USAC will make disbursement payments to the account on file for the 498 ID (formerly Service Provider Identification Number) associated with the rural broadband experiment study area code (SAC).

We remind these bidders that a winning bidder that has been authorized to receive rural broadband experiment support will default if it fails to meet its build-out obligations to offer service delivering the requisite speed, latency, usage and pricing, fails to keep open and renew its LOC, or fails to fulfill any other term or condition of rural broadband experiment support.⁷ Under the terms of the LOC, the Commission will be entitled to draw upon the LOC after a recipient's default and opportunity to cure.⁸ Recipients may also be subject to other sanctions for non-compliance with the terms and conditions of the rural broadband experiments or the Commission's rules.⁹

We note that price cap carriers that serve the census blocks where the rural broadband experiment winning bidders have been authorized to receive support no longer have a federal high-cost ETC obligation to continue to offer voice in those census blocks pursuant to the forbearance granted in the *December 2014 Connect America Order*.¹⁰

For further information, please contact Nissa Laughner, Telecommunications Access Policy Division, Wireline Competition Bureau at 202-418-7400 or at TTY (202) 418-0484.

Attachment
Authorized Winning Bidders and Bids

Category One¹¹

Bidder Name	State	Selected Bid Project ID	Selected Bid Amount	Census Blocks Covered by Selected Bid	Number of Covered Locations	Study Area Code
Midwest Energy Cooperative d/b/a Midwest Connections						
	MI	1	\$211,532.00	31	421	316131

Category Three¹²

Northern Valley Communications, LLC						
	SD	2	\$2,022,120.00	258	411	396340

¹¹ Recipients authorized to receive support for category one projects must deploy a network capable of delivering 100 Mbps downstream/25 Mbps upstream and offer at least one service plan that provides 25 Mbps downstream/5 Mbps upstream to all eligible locations. For that service plan, recipients must provide usage that is reasonably comparable to usage available for comparable wireline offerings in urban areas, at a price that meets the Commission’s reasonable comparability benchmarks, and latency no greater than 100 milliseconds.

¹² Recipients authorized to receive support for category three projects must offer at least one service plan in extremely high-cost census blocks that provides 10 Mbps downstream/ 1 Mbps upstream with at least 100 GB of usage, latency no greater than 100 milliseconds, and at a price that meets the Commission’s reasonable comparability benchmarks.
