Call Sign: E160019  
File No.: SES-LIC-20160203-00109

Dear Mr. Majetich:

On February 2, 2016, you filed the above-captioned application for a license to operate a 12/14 GHz VSAT Network to “provide voice and data communications for oil and gas mining operations in remote parts of West Virginia.” Pursuant to Section 25.112(a)(2), we dismiss the application as defective without prejudice to re-filing.<sup>1</sup>

Section 25.112 of the Commission's rules, 47 C.F.R. § 25.112, requires the Commission to return, as unacceptable for filing, any earth station application that is not substantially complete, contains internal inconsistencies, or does not substantially comply with the Commission's rules. Your application is not substantially complete and thus does not comply with the Commission's rules.

Pursuant to 47 C.F.R. § 25.115, all applications shall be filed electronically on FCC Form 312, Main Form and Schedule B, and include the information specified in Section 25.130 of the Commission's rules. Your application did not include a Schedule B and other supporting documentation required to be considered substantially complete and acceptable for public notice. Please review the frequently asked questions at <http://www.fcc.gov/ib/sd/esa/faq.html>, and resubmit your request with the required information if you so desire.

---

<sup>1</sup> If David J. Majetich refiles an application in which the deficiencies identified in this letter have been corrected but otherwise identical to the one dismissed, he need not pay an application fee. See 47 C.F.R. § 1.1111(d).

Accordingly, pursuant to Section 25.112(a)(1) of the Commission's rules, 47 C.F.R. § 25.112(a)(1) and Section 0.261 of the Commission's rules on delegations of authority, 47 C.F.R. § 0.261, we dismiss these application without prejudice to re-filing.

Sincerely,

Paul E. Blais  
Chief, Systems Analysis Branch  
Satellite Division  
International Bureau
