REPORT AND ORDER

Adopted: June 28, 2016

Released: June 28, 2016

(Proceeding Terminated)

By the Chief, Video Division, Media Bureau:

1. The Commission has before it a Notice of Proposed Rulemaking¹ issued in response to a petition for rulemaking filed by Sunbelt-South Tele-Communications, Ltd. (Sunbelt), the licensee of WSST-TV, channel 51, Cordele, Georgia. Sunbelt requests the substitution of channel 22 for channel 51 at Cordele.

2. Sunbelt filed comments reaffirming its interest in the proposed channel substitution and stating that if the proposal is granted, it will promptly file an application for the facilities specified in the rulemaking petition and construct the station. Sunbelt asserts that adopting the proposal would serve the public interest because it would remove any potential interference with authorized wireless operations in the Lower 700 MHz A Block adjacent to channel 51 in Cordele.² In addition, Sunbelt agrees that WSST-TV will be protected in the incentive auction at its channel 51 operating parameters even after its move to channel 22, and recognizes that as a result of repacking during the incentive auction, it may be required to move from channel 22.³ No other comments were received.

3. We believe the public interest will be served by substituting channel 22 for channel 51 at Cordele. Channel 22 can be substituted for channel 51 at Cordele, Georgia as proposed, in compliance with the principal community coverage requirements of Section 73.625(a) of the Commission's rules,⁴ at coordinates 31-53-36 N. and 83-48-18 W. In addition, we find that this channel change meets the technical requirements set forth in Sections 73.616 and 73.623 of the Commission's rules⁵ with the following specifications:

City and State	DTV Channel	DTV Power (kW)	Antenna HAAT (m)	Service Pop. (thous.)
