PUBLIC SAFETY AND HOMELAND SECURITY BUREAU LAUNCHES EAS TEST REPORTING SYSTEM (ETRS) AND SEEKS COMMENT ON EAS OPERATING HANDBOOK RECOMMENDATIONS

PS Docket No. 15-94

COMMENTS DUE: (15 days after date of publication in the Federal Register)

Today, the Public Safety and Homeland Security Bureau (Bureau) of the Federal Communications Commission (FCC or Commission) provides notice to all Emergency Alert System (EAS) Participants that the EAS Test Reporting System (ETRS) is operational and is ready to accept filings. Initial instructions are also provided on how EAS Participants are to begin the ETRS filing process. This Public Notice also seeks comment on the recommendations adopted by the Communications Security, Reliability, and Interoperability Council (CSRIC) on June 22, 2016, for updating the EAS Operating Handbook.

I. BACKGROUND

On June 3, 2015, the Commission directed the Bureau to implement ETRS, an improved electronic filing system and related database upgrading the system the Commission used for the first nationwide EAS test. The Bureau subsequently released a Public Notice on April 18, 2016, that provided initial information about ETRS format and features, including previews of ETRS forms and a description of how ETRS would integrate with other Commission databases.

1 EAS Participants are those entities that are required to comply with the Commission’s EAS rules, including analog radio and television stations, wired and wireless cable television systems, digital broadcast systems, digital television broadcast stations, Satellite Digital Audio Radio Service, digital cable and digital audio broadcasting systems, and wireline video systems. 47 CFR § 11.2(d).

Pursuant to Section 11.61 of the Commission’s rules, EAS Participants must submit the identifying information required by ETRS Form One for each of their facilities no later than 60 days after the latter of the launch of the ETRS or publication in the Federal Register of Office of Management and Budget approval of the information collection represented by ETRS. In this case, OMB approval occurred on December 22, 2015, so the triggering event for EAS Participant compliance with ETRS registration and filing requirements is this Public Notice. EAS Participants must complete Form One of ETRS on or before August 26, 2016. Under the Sixth Report and Order, EAS Participants have until September 26, 2016 to update or correct any errors in their initial Form One filings. ETRS Forms Two and Three will become available on ETRS at the time of initiation of the nationwide test.

II. ETRS REGISTRATION INSTRUCTIONS

To register for ETRS and access Form One, EAS Participants must do the following:

- Visit the ETRS page of the Commission’s website (https://www.fcc.gov/general/eas-test-reporting-system) and click on the ETRS Registration Page link.
- After successfully completing the ETRS Registration Page, filers will be e-mailed their ETRS account credentials and a link to the ETRS log-in page.
- When EAS Participants click on the emailed link and log into ETRS, they will view the ETRS Homepage, which will provide instructions on how to access Form One.

EAS Participants should be precise when completing fields in ETRS.

- EAS Participants should ensure that their filers accurately enter the EAS Participant’s legal name on the ETRS Registration Page.
- EAS Participants that are owned by a larger entity should accurately enter the owning entity’s legal name in the Owner of EAS Participant field in Form One.

It is recommended that large EAS Participants (e.g. EAS Participants with several facilities) request that at least one of their filers serve as a “coordinator.”

- EAS Participants may designate a coordinator by sending a request to ETRS@fcc.gov.
- Coordinators have the ability to “batch” file, as well as view records, update forms, and generate reports from all data associated with other filers that share the same FCC Registration Number.

Filers may contact Bureau staff for assistance in completing Form One at ETRS@fcc.gov.

III. EAS OPERATING HANDBOOK

The EAS Operating Handbook (Handbook) is an informational document that aids EAS Participant personnel in handling EAS messages by outlining operational procedures reflective of the

8 Form Two requests “day of test” data, which must be submitted within 24 hours of any nationwide test or as otherwise required by the Public Safety and Homeland Security Bureau. See 47 CFR § 11.61(a)(3)(iv)(B). Form Three requests detailed post-test data, which must be submitted within 45 days following any nationwide test. See 47 CFR § 11.61(a)(3)(iv)(C). Additional information about the Forms Two and Three, including their availability and filing deadlines, will be provided in a future public notice officially announcing the 2016 nationwide EAS test.
requirements found in the Part 11 rules.\textsuperscript{9} The Commission tasked CSRIC with developing recommendations for textual and visual modifications to the Handbook to make it suitable for each category of EAS Participant, with particular attention paid to rural, smaller and less resourced EAS Participants.\textsuperscript{10} On June 22, 2016, CSRIC adopted the recommendations described in the \textit{EAS Operating Handbook Report}. Specifically, CSRIC has recommended that the Commission adopt the subject Handbook that employs checkboxes and “fill-in-the-blank” operational steps.\textsuperscript{11} This will mean that to optimize the utility of the Handbook, each EAS Participant should customize it to describe the Participant’s individual EAS implementation procedures.\textsuperscript{12} The Bureau seeks comment on the Handbook presented in Appendix A of CSRIC’s \textit{EAS Operating Handbook Report}, together with the accompanying instructions set forth in Appendix B, to support future FCC guidance regarding Handbook use.\textsuperscript{13}

\textbf{IV. PROCEDURAL MATTERS}

\textbf{A. Ex Parte Rules}

Documents shown or given to Commission staff during \textit{ex parte} meetings are deemed to be written \textit{ex parte} presentations and must be filed consistent with rule 1.1206(b). In proceedings governed by rule 1.49(f) or for which the Commission has made available a method of electronic filing, written \textit{ex parte} presentations and memoranda summarizing oral \textit{ex parte} presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native
