The Wireline Competition Bureau (Bureau) approves the wireline compliance plans1 of Global Connection, Inc. of America and Phone Club Corporation, filed pursuant to the 2015 Lifeline FNPRM and Order2 and the 2012 Lifeline Reform Order,3 as a condition of obtaining forbearance from the facilities requirement of the Communications Act of 1934, as amended (the Act), for the continued provision of Lifeline service.4

In the 2015 Lifeline FNPRM and Order, the Commission amended the Lifeline program rules to eliminate Lifeline reimbursement for wholesale service provided to resellers.5 Only ETCs providing Lifeline service directly to the consumer may seek reimbursement from the Lifeline program for the service provided.6 Effective August 15, 2016, non-ETC resellers will no longer be eligible to receive support for the provision of Lifeline service, and they must obtain approval of a Lifeline compliance plan in order to obtain ETC designations from state regulators or the Commission.

Global Connection, Inc. currently provides resold wireline Lifeline service to nearly 5,000 eligible customers in states where it does not have an ETC designation for its wireline services.7 Phone Club Corporation provides resold wireline Lifeline service in Florida, where it does not have an ETC designation.8 Accordingly, Global Connection, Inc. and Phone Club Corporation each seek approval of their respective amended Lifeline compliance plans for wireline service as prerequisites to obtaining the

necessary ETC designations from the relevant state commissions and preventing any disruption of the Lifeline benefit for impacted wireline customers.\(^9\)

The Act provides that in order to be designated as an eligible telecommunications carrier for the purpose of universal service support, a carrier must “offer the services that are supported by Federal universal service support mechanisms . . . either using its own facilities or a combination of its own facilities and resale of another carrier’s services . . . .”\(^{10}\) In the 2012 Lifeline Reform Order, the Commission found that a grant of blanket forbearance of the facilities requirement, subject to certain public safety and compliance obligations, is appropriate for carriers seeking to provide Lifeline-only service.\(^{11}\) The Commission also conditionally granted forbearance from the Act’s facilities requirement to all telecommunications carriers seeking Lifeline-only ETC designation, subject to the following conditions: (1) compliance with certain 911 and enhanced 911 (E911) public safety requirements; and (2) Bureau approval of a compliance plan providing specific information regarding the carrier and its service offerings and outlining the measures the carrier will take to implement the obligations contained in the Order.\(^{12}\)

The Bureau has reviewed Global Connection Inc.’s and Phone Club Corporation’s wireline compliance plans for conformance with the 2015 Lifeline FNPRM and Order and the 2012 Lifeline Reform Order, and now approves the compliance plans.
