## INCENTIVE AUCTION TASK FORCE AND MEDIA BUREAU ANNOUNCE NEW WEBSITE WHERE UPDATED POST AUCTION TRANSITION FILES WILL BE POSTED

**GN Docket No. 12-268**  
**MB Docket No. 16-306**

By this Public Notice, the Incentive Auction Task Force and the Media Bureau announce the availability of information on the Commission's website reflecting updated post-auction transition files available for download ([https://data.fcc.gov/download/incentive-auctions/Current\\_Transition\\_Files/](https://data.fcc.gov/download/incentive-auctions/Current_Transition_Files/)). The files will be updated on a rolling basis whenever there is a phase change request granted. Such a change will require modification of one or more of the post-auction transition files issued as part of the *Closing and Channel Reassignment Public Notice*<sup>1</sup> (e.g., the grant of a station's requested change to its transition phase). We will update the transition files within a few days of any granted change and ensure that the date of the update is reflected in the files. We note that not every file will need to be updated for each granted change.

Additional questions concerning this Public Notice should be directed as follows.
