VIDEO RELAY SERVICE COMPENSATION ORDER EFFECTIVE DATE FOR RULE AMENDMENTS AND COMPLIANCE DEADLINE

CG Docket Nos. 10-51 and 03-123

On July 6, 2017, the Federal Communications Commission (Commission) adopted a Report and Order and Order¹ in the above-referenced proceeding adopting compensation rates for video relay service (VRS) and amending its rules to permit server-based routing for VRS and point-to-point calls, authorize the continued use of money from the Telecommunications Relay Service (TRS) Fund for research and development, and eliminate rules requiring the development of a neutral video communications service platform. The Commission ordered that the Report and Order and amended rules shall become effective 30 days after publication in the Federal Register.² A summary of the Report and Order and Order and final rules was published in the Federal Register on August 22, 2017.³ Accordingly, the Report and Order and final rules become effective September 21, 2017.⁴

In the Order, the Commission reestablished the effectiveness of the rule incorporating the VRS Interoperability Profile.⁵ Specifically, the Order requires providers to comply with the VRS Provider Interoperability Profile within 120 days after the date of publication of a summary of the Order in the Federal Register,⁶ which will be December 20, 2017.⁷
